Undergraduate Programs

Regulations effective September 1, 2017.

4.1 Program General Information

As an open university, Athabasca University will accept application to become a student from any individual who is 16 years of age or older.

Students complete the program regulations in effect at the time of their enrolment. For degree programs with enrolment requirements, students will follow the regulations in effect upon notification of acceptance into the degree.

Students may not enrol in an AU undergraduate degree program while they are enrolled in a degree program at another post-secondary institution. Those students may take courses as unclassified (non-program/visiting) students until they have either completed or withdrawn from the other program.

For more information on admission to AU, visit the [Admissions](#) section of the undergraduate Calendar.

Program General Information

4.1.2 Student Resources

[Mapping Your Future](#)

[Mastering Exam Anxiety](#)

4.1.2.1 Program Planning

If you have not completed any post-secondary courses before, we suggest you begin by selecting a preparatory (100 level) or junior (200 level) course in your degree area. Check carefully to ensure 100-level courses meet your program requirements.

Select a course that includes topics that interest you, and consider all of the requirements within your specific degree or certificate program. Some of our undergraduate programs, such as the Bachelor of Nursing or Bachelor of Commerce degree, have specific program requirements.

Most programs contain a number of core courses and required elective courses. Select courses that are designated as core or required electives first. These junior-level courses will help provide you with the information base you will need to successfully complete senior (300/400) level courses.

4.1.2.2 Learning Outcomes

Athabasca University has developed program learning outcomes that outline the knowledge, skills, and values you may expect to obtain after completing a credential. Possible career options are also listed. Choose from the list of programs.

Arts	<u>Learning Outcomes</u>

Program General Information

Regulations effective September 1, 2017.

4.1.3 Program Undergraduate Degree GPA and Graduation with Distinction or Great Distinction

All Athabasca University students who graduate with an undergraduate degree and who have successfully completed a minimum of 24 credits at AU, are automatically considered for graduation with distinction or great distinction recognition. All completed AU courses taken as part of the undergraduate degree program in which the student is registered will be used in the program GPA calculation including unsuccessful course attempts.

For courses that are repeated, the highest grade achieved will be used in the program GPA calculation.

Courses excluded from the GPA calculation are:

Transfer courses (courses for which transfer credit has been awarded)

Courses using a pass/fail grading scheme

Courses with a grade of W (Withdrawal) or WF (Withdrawal Failure), both without academic penalty

Courses considered extra to the degree

Credits awarded for Prior Learning Accreditation and Recognition (PLAR)

Non-credit courses and courses with no grades.

For more information on graduating with distinction or great distinction, reference the [Undergraduate Grading Policy](#).

Regulations effective September 1, 2017.

4.1.4 French Language Recognition

Athabasca University recognizes students who have completed studies in both official languages: English and French. Students who complete a minimum of 30 credits in English and 30 credits in French instruction as part of an AU credential (excluding French as a second language and preparatory [100-level] courses) are eligible to have a notation written on their parchment and transcript. If you qualify, and would like this notation written on your parchment, please complete the appropriate section on your Application for Graduation Form.

Information effective Sept. 1, 2017 to Aug. 31, 2018.

Program General Information

4.1.5 Residency Requirement

Residency is defined as the minimum number of Athabasca University credits that must be completed to fulfill a program's requirements. In some cases, specific Athabasca University courses are prescribed as part of the overall residency requirement for a given program.

ADMN 404, for example, is a required course in the Bachelor of Commerce degree and the Bachelor of Management degree, and it must be completed at AU. No transfer credit is allowed for this course within the Bachelor of Commerce degree and the Bachelor of Management degree. Please review the [residency charts](#).

Information effective Sept. 1, 2017 to Aug. 31, 2018.

4.2 Arts

The mission of the Bachelor of Arts is to strengthen your critical and creative thinking by offering a broad range of social, political, and cultural programs of study. A liberal arts education from Athabasca University is designed to broaden your perspective on local and global affairs, encourage community and social involvement, and prepare you for lifelong learning and occupational diversity.

The three-year Bachelor of Arts program is a well-respected credential in Canada and the United States. While the three-year degree program is a highly marketable credential, it is not aimed at providing students with direct access to graduate level studies. Often an additional year of study is required to achieve that academic goal.

The four-year Bachelor of Arts provides students with a broad, flexible education that allows them to develop, understand, and disseminate knowledge, to think critically, and to build on these abilities. In addition, the four-year degree fully prepares students for most graduate

level studies. Often an additional year of study is required to achieve that academic goal.

Students who are currently enrolled in the four-year Bachelor of Arts degree and who wish to transfer to the three-year degree program, may find it is not possible to transfer all their completed courses because of degree requirements.

Students may also be interested in the University Diploma in Arts, which is designed for students who wish to obtain an intermediate credential that provides a grounding in the intellectual skills required of university studies. It is also a foundation for further studies in Humanities and Social Science.

Athabasca University has developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

English Writing Skills Requirement

Students must meet the following English writing skills requirement:

hold credit in ENGL 255 (Students are strongly encouraged to register in [ENGL 255](#) early in their program.);

or

have a grade of B- (70 per cent) or better in an Athabasca University English course above the [preparatory \(100\) level](#);

or

receive credit for an English course in which a grade of B- or better was achieved.

The mission of the Bachelor of Arts is to strengthen your critical and creative thinking by offering a broad range of social, political, and cultural programs of study. A liberal arts education from Athabasca University is designed to broaden your perspective on local and global affairs, encourage community and social involvement, and prepare you for lifelong learning and occupational diversity.

Global Studies	The four-year Bachelor of Arts provides students with a broad, flexible education that allows them to develop, understand, and disseminate knowledge, to think critically, and to build on these abilities. In addition, the four-year degree fully prepares students for most graduate programs. Graduates of the Bachelor of Arts with a major are expected to have gained sufficient analytical and critical thinking skills to be able to engage in independent research in their chosen major. Athabasca University does not offer an Honours BA.
History	
Humanities	
Information Systems	
Inclusive Education	
Labour Studies	
Philosophy	Although you may change majors, a major must be selected when you enrol in the four-year Bachelor of Arts program. You may select from the following majors: Anthropology, Canadian Studies, English, French, History, Humanities, Information Systems, Labour Studies, Political Economy, Political Science, Psychology, Sociology, and Women's and Gender Studies.
Political Economy	
Political Science	
Psychology	
Public Administration	
Sociology	
Women's and Gender Studies	Students enrolled in the three-year Bachelor of Arts program who wish to transfer to the four-year Bachelor of Arts program must complete a new Undergraduate General Application Form. Previous education will be reassessed and students will be notified of the results.
Commerce	
General Studies	You are strongly encouraged to register in ENGL 255 early in your program. The English writing skills requirement is waived for students enrolling in the second undergraduate degree.
Health Administration	
Human Resources and Labour Relations	Athabasca University has developed <u>program learning outcomes</u> that describe the career options that may be available to you upon graduating.

Double Majors

Students in the Bachelor of Arts program, as either a first or second undergraduate degree, generally have the option to combine two majors if they wish. Students who undertake double majors must fulfill all requirements for both majors.

Depending upon the majors chosen, this may greatly restrict course selection (particularly in the second undergraduate degree program) or require the completion of more than 120 credits. Students considering enrolling in double majors should consult with an Athabasca University [advisor](#) for assistance in selecting their programs and courses.

Change of Major

You may change majors at any time. You will be placed in the current regulations. If you wish to remain in the regulations that were in effect at the time of your original enrolment, contact Admissions and Evaluations Services. Please reference the appropriate Calendar, e.g., 2002-2003 regulations. To request a change of major, complete and submit a new Undergraduate General Application Form. No fees are required.

Minors

A student has the option of taking a minor in addition to their major. Although students must declare a major when they become BA program students, they may declare a minor at any point in their studies. A BA minor comprises 30 credits distinct from the major in a related discipline in the Humanities or Social

Sciences offered at Athabasca University. At least 15 of the 30 minor credits must be at the 300 or 400 level. If they choose a minor, students must still complete all requirements of the major. No course can be used to complete requirements for both the major and the minor. The minor will be recorded on the transcript. BA minors now available are Anthropology, Canadian Studies, English, French, Global Studies, History, Humanities, Inclusive Education, Labour Studies, Philosophy, Political Economy, Political Science, Psychology, Public Administration, Sociology, and Women's and Gender Studies.

Degree Conversion Provision

The degree conversion provision is available to Athabasca University students who have been awarded a three-year AU degree and wish to convert to a four-year degree. For more information about this regulation, please review the [Degree Conversion Provision Policy](#).

Program Plans

Our [online program plans](#) can assist you in selecting the courses needed to fulfill your program requirements.

Counselling Services offers an assessment website, "[Mapping Your Future: Your Career and Athabasca University](#)."

Classroom Setting

In addition to completing this degree through online and distance learning, students have the option to take Bachelor

of Arts courses in a classroom setting at several institutions. See [Learning Services Collaborations](#) for partners.

Canadian Studies Major

Regulations effective September 1, 2017.

As a graduate of Athabasca University's Canadian Studies program, you will gain a knowledge and understanding of such disciplines as Canadian history, literature, geography, Indigenous and ethnic studies, politics, and government. The program will help you understand and interpret the Canadian experience and its diversity, and increase your knowledge and understanding of yourself and others.

Athabasca University has developed program learning outcomes that describe the career options that may be available to you upon graduating.

Did you know? Athabasca University also offers:

Minor in Canadian Studies (optional)

For specific degree requirements view each program page.

Students complete the program regulations in effect at the time of their enrolment.

Program Requirements

Canadian Studies Minor	Requirements in addition to the <u>general program requirements</u> for the 4-year BA with Major:
English	<ol style="list-style-type: none"> 1. 60 credits in courses designated as electives including 30 senior (300 or 400) level credits (a minimum of 12, 400-level credits). 2. A minimum of 9 credits per subarea from any four of the following five: Canadian History, Canadian Literature, Canadian Geography, Canadian Indigenous and Ethnic Studies, and Canadian Politics and Government (see below). 3. Students majoring in Canadian studies must demonstrate oral proficiency in French and/or one of Canada's Aboriginal languages (for example Cree or Inuktitut). Students may meet the language requirement by completing 6 junior (200 level) credits in French and/or one of Canada's Aboriginal languages. These courses will not count towards the major in Canadian Studies but will count towards the total number of credits required for the degree.

Recommendation

Students working toward a Canadian Studies major should meet the language requirement before completing 30 credits with Athabasca University. Students enrolled in an after-degree program are advised to select courses within the following four subareas that fulfill the Humanities, Science, and Social Science requirements as well as the subarea requirements. Failure to do so could result in a student being required to complete more than 60 credits in order to fulfill all of the regulations.

Canadian Studies Minor*

Regulations effective September 1, 2017.

General information on Minors

30 credits in courses designated as Canadian Studies courses including a minimum of 15 senior (300 or 400) level courses:

1. A minimum of 6 credits per subarea from any four of the following five: Canadian History, Canadian Literature, Canadian Geography, Canadian Indigenous and Ethnic Studies, and Canadian Politics and Government.
2. Students must meet the language requirement by completing 3 junior (200 level) credits in French and/or one of Canada's Indigenous languages (for example, Cree or Inuktitut).

* Note for students seeking transfer credit: Within each elective area, courses that are not listed here but which are easily demonstrated to have mainly Canadian content may be counted towards the credit requirements for the elective area upon approval of the program director.

BA English Concentration

Regulations effective September 1, 2017.

As a student in Athabasca University's English program, you will read a wide range of works from diverse genres, countries, and historical periods, analyze forms, styles, and ideas in terms of a variety of literary theories, from feminist to postcolonial. You will exercise and develop skills in critical thinking, interpretation, and writing.

To achieve a balanced concentration in English, students should select courses to cover British, Canadian, and American literature, and the major literary genres and historical periods, as well as a theory course.

Athabasca University has developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Did you know? Athabasca University also offers:

four-year [BA English Major](#)
[Minor in English](#) (optional)

For specific degree requirements view each program page.

Concentration

**English
Major**

Students complete the program regulations in effect at the time of their enrolment.

**English
Minor**

Program Requirements

French

Requirements in addition to the general program requirements for the 3-year BA with Concentration:

**Global
Studies**

History

1. A minimum of 36 credits in English courses including a minimum of 24 senior (300 or 400) level credits.
2. 3 junior (200) level English credits in composition, for example ENGL 255.
3. 6 junior (200) level English credits in literary genres, for example ENGL 211 and ENGL 212.
4. 3 senior (300/400) level English credits in literary theory, for example ENGL 316.

French Major

Regulations effective September 1, 2017.

As a graduate of Athabasca University's French program, you will attain a sufficient degree of competence in oral and written French to communicate effectively, to analyze texts and to write critical essays. You will have a thorough understanding of the structure of the French language and its application, including pronunciation, grammar, reading skills and vocabulary usage. The courses in the program will provide you with a knowledge of the literature and culture of France, Quebec, and other Francophone areas and an awareness of the stylistic differences between the French and English languages. Upon completion of the program, you will understand how to conduct further research into the subject matter in order to increase your competence in the study of French language and literature.

Global Studies

Regulations effective September 1, 2017.

Global Studies is an emerging interdisciplinary field, which offers a coherent and comprehensive approach to study transnational processes and their effects. GLST fosters critical thinking and the ability to employ a multidisciplinary range of concepts and analytical tools to explore social, political, economic and cultural phenomena in both their local and global dimensions and also in ways that these dimensions intersect. The GLST Minor at AU aims to direct the students towards the broadening of their own perspective of "global" and their place in it.

Global Studies Minor

Regulations effective September 1, 2017.

General information on Minors

The Global Studies Minor at Athabasca University is designed to provide the tools to understand the processes of globalization with a historical and sociological angle (as opposed to history or sociology with a global angle). Its holistic perspective breaks through the confines of scholarly specialization, and raises human global self-awareness as it affects every day popular life, action, psyche, imagination and consciousness on a mass, global scale. The transdisciplinary approach is invaluable for both the beginning student as well as the professional who seek to comprehend the past and present views of the globalizing phenomena, which is critical to understand the fundamental aspects of our society and its development.

Minor (30 credits, of which at least 15 must be at the senior (300/400) level)

Required Core Courses (3 credits)

Building Blocks of Global

Global Studies	GLST 205	<u>Studies: Overview of Approaches, Concepts, and Issues</u>	(3)

BA Humanities Concentration

Regulations effective September 1, 2017.

Students completing the Humanities
Concentration will possess:

good writing, critical thinking, and
library research skills

experience in interdisciplinary study
within the humanities

experience of two or more traditional
intellectual disciplines within the
humanities, and

have taken a reasonable proportion of
specialized courses at the senior
(300/400) level.

Students who have any doubt about their
essay writing, critical thinking, or library
research skills are strongly advised to take
one or more of the following courses at
the outset of their university studies: ENGL
255, PHIL 252, INFS 200.

Athabasca University has developed
[program learning outcomes](#) that describe
the career options that may be available to
you upon graduating.

Humanities Major

Regulations effective September 1, 2017.

Graduates of Athabasca University's BA major in Humanities will have:

1. good writing, critical thinking, and library research skills
2. a basic reading knowledge of a second language
3. experience in interdisciplinary study within the humanities
4. experience of two or more traditional intellectual disciplines within the humanities, and
5. taken a reasonable proportion of specialized courses at the senior (300/400) level.

Students who have any doubt about their essay writing, critical thinking, or library research skills are strongly advised to take one or more of the following courses at the outset of their university studies: [ENGL 255](#), [PHIL 252](#), [INFS 200](#).

Athabasca University has developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Did you know? Athabasca University also offers:

three-year [BA Humanities](#)

BA Information Systems Concentration

Regulations effective September 1, 2017.

Students of the BA concentration in Information Systems will gain a critical understanding of the social, cultural, political and economic implications of the use of information systems. In addition to gaining the skills of processing, using, and managing information, students will gain an understanding of the theoretical underpinnings of Information Systems. Students wishing to specialize exclusively in Information Systems should consider enrolling in the BSc in Computing and Information Systems offered by the School of Computing and Information Systems. Courses in the BA Information Systems concentration comprise both computer science and business applications.

Information Systems is a rapidly changing field; consequently, it may not be possible to transfer credit for older courses and/or diplomas towards this degree. Athabasca University will not grant credit for computer science courses taken more than five years ago.

Holders of the BSc in Computing and Information Systems from Athabasca University, or its equivalent from another

Global Studies	university, may not enrol in the BA (Information Systems).	
History	Athabasca University has developed program learning outcomes that describe the career options that may be available to you upon graduating.

Labour Studies

Regulations effective September 1, 2017.

Athabasca University's Labour Studies programs are designed for students who want to know more about the position of labour and working people in society. It will be of particular interest to trade unionists at both the leadership and general membership levels. Offerings include courses in labour history, work organization, women and unions, and the theory and practice of trade unions.

BA Labour Studies Concentration

Regulations effective September 1, 2017.

Athabasca University's Labour Studies program is designed for students who want to know more about the position of labour and working people in society. It will be of particular interest to trade unionists at both the leadership and general membership levels. Offerings include courses in labour history, work organization, women and unions, and the theory and practice of trade unions.

Athabasca University has developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Did you know? Athabasca University also offers:

Union Education Transfer Credit and Prior Learning

Athabasca University grants advanced credit in the Labour Studies program for some union education programs. A student who has completed a Labour College of Canada Intensive Program, for example, may be eligible to receive nine credits. Students who have completed the Canadian Auto Workers Paid Educational Leave course may be eligible to receive

three credits. And students who have completed the Canadian Union of Postal Workers' Union Education Program may be eligible to receive six credits. Credit is also granted for other union education programs and for other forms of prior learning.

Contact Athabasca University for details. Many unions, and some employers, will reimburse you for the cost of university tuition fees. Discuss this with your union representative or employer.

Information effective Sept. 1, 2017 to Aug. 31, 2018.

Philosophy

Regulations effective September 1, 2017.

Over 2,000 years ago, the Greek philosopher, Aristotle, said, "All persons by nature desire understanding." Philosophy pursues answers to some of the deepest and widest ranging questions people ask about human life and the role of humans in the larger scheme of things.

What is the meaning of life? What are our obligations to other humans and to natural objects? Does anything exist beyond what we can see, hear or touch? Is there such a thing as knowledge, and what can we know for certain?

Systematic reflection on such questions lies at the heart of philosophical study.

The field of applied philosophy has emerged in the last few decades as people have discovered the need to develop philosophical skills: critical thinking, understanding ethical concepts and formulating principles to help solve pressing contemporary problems. Some examples of new areas of study and research are medical ethics, environmental ethics and business ethics.

Philosophy courses are worthwhile both in their own right and as a complement to study in other disciplines. Owing to its

Governance (GOVN)
History (HIST)
Information Systems (INFS)
Labour Studies (LBST)
Industrial Relations (IDRL)
Women's and Gender Studies (WGST)
Indigenous Studies (INST)

Recommendations

1. It is strongly recommended that students who want to pursue graduate work in Political Economy or international affairs include among their options, POEC 499.
2. Language proficiency: It is strongly recommended that students in Canadian Study areas who want to pursue employment in the federal civil service or foreign affairs take French as an elective or option. Students interested in North American integration should take Spanish. Likewise, students interested in governance capacity building for First Nations communities should take First Nations language courses. Students interested in the economic integration of Europe should consider taking

German. Students are advised that "language proficiency" usually means one of the following:

the ability to read French, Spanish, or German at a level consistent with the usual requirements of a junior French language course. This ability may be proven by one of the following: either by completing 6 junior language credits in French (for example French 200 and French 201) or by passing a reading proficiency examination in French, Spanish or German;

speak fluently one of Canada's First Nations languages (for example, Cree or Inuktitut);
or

read one of Canada's First Nations languages (for example, Cree or Inuktitut), at a level consistent with the usual requirements of a second-year university language course.

3. Writing proficiency: Given the importance of good writing skills for success in post-secondary studies and the workplace, it is strongly recommended that students take ENGL 255 as an elective or option course. Students for whom English is a second language should also take ENGL 177.

Information effective Sept. 1, 2017 to Aug. 31, 2018.

Political Economy Major

Regulations effective September 1, 2017.

The Political Economy program at Athabasca University is designed for both beginning students and professionals to understand and engage with Canadian and global political and economic issues. The course selection provides students the opportunity to develop a greater appreciation and understanding of diverse polities, economies, cultures, and regions of the world. Additionally, it offers to professionals the retooling skills and the academic credential necessary for successful employment in an era of globalization.

Students may focus their studies in either Global Political Economy or Canadian Political Economy. For more information visit the [Political Economy](#) website.

Athabasca University has developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Communication Studies (CMNS)

Global Studies (GLST)

Governance (GOVN)

History (HIST)

Information Systems (INFS)

Labour Studies (LBST)

Industrial Relations (IDRL)

Indigenous Studies (INST)

Recommendations

1. Students who may pursue graduate work in political economy or international affairs are strongly recommended to include POEC 499 among their electives.
2. Language proficiency: Students in Canadian studies areas who may pursue employment in the federal civil service or foreign affairs, are strongly recommended to take French as an elective or option. Students interested in North American integration should take Spanish. Students interested in the economic integration of Europe should consider taking German. Students interested in governance capacity-building for First Nations communities should take Indigenous language courses.
"Language proficiency" generally refers to one of the following:

the ability to read French, Spanish, or German at a level consistent with the usual requirements of a junior French language course. This ability may be proven by one of the following: either by completing six junior language credits (for example FREN 200 and 201) or by passing a reading proficiency examination in French, Spanish, or German;

speak fluently one of Canada's Indigenous languages (for example, Cree or Inuktitut);
or

read one of Canada's Indigenous

languages (for example, Cree or Inuktitut), at a level consistent with the usual requirements of a second-year university language course.

3. Writing proficiency: Students for whom English is a second language are strongly encouraged to take ENGL 177 and ENGL 189.

Regulations effective September 1, 2017.

Political Economy Minor

Regulations effective September 1, 2017.

General information on Minors

The Political Economy Minor at Athabasca University is designed for both beginning students and professionals to understand and engage with Canadian and global political and economic issues. The course selection provides students the opportunity to develop a greater appreciation and understanding of diverse polities, economies, cultures, and regions of the world. Additionally, it offers to professionals the retooling skills and the academic credential necessary for successful employment in an era of globalization.

Minor (30 credits, or which at least 15 must be in senior courses)

Psychology

Regulations effective September 1, 2017.

Athabasca University's Psychology programs are designed to develop or expand your knowledge of the broad field of psychology. Both the concentration and major degree programs will provide grounding in foundational courses central to psychology as a science. The programs also provide options for students to focus their studies in the applied areas at Athabasca University (i.e., Career Development, Inclusive Education, Counselling). Students who complete the degree will be prepared for general employment across a number of fields (business, management, government research, program evaluation, human services, law, etc.) and/or graduate studies in applied and basic programs.

BA Psychology Concentration

Regulations effective September 1, 2017.

Athabasca University's Psychology program is designed to develop or expand your knowledge of the broad field of psychology. Both the concentration and major degree programs will provide grounding in foundational courses central to psychology as a science. The programs also provide options for students to focus their studies in the applied areas at Athabasca University (i.e., Career Development, Inclusive Education, Counselling). Students who complete the degree will be prepared for general employment across a number of fields (business, management, government research, program evaluation, human services, law, etc.) and/or graduate studies in applied and basic programs.

Please note that while the three-year degree program is a marketable credential, it is not aimed at providing students with direct access to graduate-level studies; therefore, additional studies are often required.

Athabasca University has developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Global Studies	Did you know? Athabasca University also offers:		
History	four-year <u>BA Psychology Major</u>

Psychology Minor

Regulations effective September 1, 2017.

General information on Minors

The Psychology Minor is intended to meet the needs of students who recognize that an understanding and analysis of psychological processes is an important component of their education. The Psychology Minor is designed to provide undergraduate students with a broad overview of topics and domains in psychology, and knowledge and skills related to research methods within the field of psychology.

Program requirements for a Psychology Minor:

A minimum of 30 credits in designated Psychology courses including 15 senior (300 or 400 level) credits.

Required Core Courses (15 credits):

MATH 215	<u>Introduction to Statistics</u>	(3)
PSYC 289	<u>Psychology as a Natural Science</u>	(3)
PSYC 290	<u>General Psychology</u>	(3)

Global Studies	PSYC 375	<u>History of Psychology</u>	(3)

Public Administration

Regulations effective September 1, 2017.

The role of public servants is becoming increasingly complex as the global economy becomes more integrated and the capacity of nation-states to act decisively is constrained by a multitude of factors. Public Administration professionals must possess strategic, analytic, and creative thinking skills. This minor prepares students to assume public sector managerial roles in the knowledge-based society; it provides them with exposure to administrative concepts, tools and practice, yet keeps them firmly grounded in the liberal arts education program.

Public Administration Minor

Regulations effective September 1, 2017.

General information on Minors

The Public Administration minor is designed for students who are seeking managerial careers at the municipal, provincial, and federal levels of government, as well as within non-profit and quasi-governmental organizations. Students can select a mix of Arts and Applied Studies courses in such areas as governance, political science, public policy, economics, public finance, budgeting, legal studies, human resources management, industrial relations, communications, health administration, and indigenous studies.

The role of public servants is becoming increasingly complex as the global economy becomes more integrated and the capacity of nation-states to act decisively is constrained by a multitude of factors. Public Administration professionals must possess strategic, analytic, and creative thinking skills. This minor prepares students to assume public sector managerial roles in the knowledge-based society; it provides them with exposure to administrative concepts, tools

* Applied Studies courses. Note that students are only allowed to take 18 credits of Applied Studies towards an Arts degree.

** Humanities.

Language Proficiency

Students in Public Administration who wish to pursue employment in the federal civil service or foreign affairs are strongly encouraged to take French as an option within their BA program. Students interested in North American integration

should take Spanish. Students interested in European governance should take German. Students interested in governance capacity building for First Nations communities should take Indigenous language courses.

Information effective Sept. 1, 2017 to Aug. 31, 2018.

BA Sociology Concentration

Regulations effective September 1, 2017.

Students complete the program regulations in effect at the time of their enrolment.

The main goal of the BA in Sociology is to introduce students to the basic skills involved in understanding sociological theory and sociological research, and to show how these skills are used in such applied areas of study as crime and deviance, family and gender studies, environmental and health issues, agriculture and food, technology and the information society, race and ethnic relations, organizations and bureaucracies as well as Canadian society and social change.

These courses are designed to enable students to think more reflexively about their own life experiences, and to think more critically and analytically about some of the pressing social and global issues of our age. Many of these courses will also help students to prepare for careers in such professional fields as management, human resource development, marketing, education, nursing, local government, non-government organizations, social work and

Global Studies	counselling, law enforcement, urban planning and community development, and family and community services.

Bachelor of Commerce General (Four years—120 credits)

Regulations amended, effective September 1, 2017.

This program is designed for students seeking a rigorous, technically based business degree comparable in content to most Bachelor of Commerce degrees in Canada. Courses in all core business areas are required, including marketing, statistics, financial accounting, management accounting, finance, economics, information systems, strategic management, organization behaviour, and commercial law.

All students in the Bachelor of Commerce program will complete a common set of core courses in Years 1, 2, 3, and 4. The core courses are the same for the general Bachelor of Commerce degree and the following three majors.

Majors

The **Accounting Major** is designed for students wishing to pursue an accounting career, and offers flexibility and generous transfer arrangements to meet professional accounting association requirements. Students will focus on

Undergraduate Fees and Refunds
Faculty

financial, management and taxation accounting, along with auditing and accounting information systems.

The **e-Commerce Major** is intended for students with a career focus in the areas of e-Commerce and management information systems, and is delivered using online systems.

The **Finance Major** is a contemporary major, integrating finance and economics courses to provide graduates with a broad exposure to this growing services sector. The field of financial services involves the study of financial markets, financial instruments and investment decision making, and analyzes alternative methods to obtain, manage, and use capital by institutions and individuals.

The Bachelor of Commerce degree is offered by Athabasca University's [Faculty of Business](#). For more information, phone 1.800.468.6531 or [email](#).

Second Undergraduate Degree

Students who hold a recognized first degree in a field outside of business or management and who wish to obtain an AU undergraduate degree in a different subject area, must apply under the second undergraduate degree regulations. These students may transfer in up to 50 per cent (60 credits) into the four-year degree program, based on course work in the first degree that is applicable. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree.

Degree Conversion Provision

Search
Undergraduate
Calendar

The degree conversion provision is available to Athabasca University students who have been awarded a three-year AU degree and wish to convert to a four-year degree. Students with the three-year AU Bachelor of Administration degree may convert that degree into the four-year Bachelor of Commerce program. For more information about this regulation, please review the [Degree Conversion Provision Policy](#).

Classroom Setting

In addition to completing this degree through online and distance learning, you have the option of registering in Bachelor of Commerce courses in a classroom setting at [other institutions](#).

Enrolment Restriction

Students who hold a degree in administration, business, commerce or management, or a degree with a major, concentration, or any equivalency programs from Athabasca University or another university, will not be accepted into the Bachelor of Commerce General Program or its three majors.

Students are not permitted to obtain a second undergraduate degree in the same field or related field as their first undergraduate degree. Those students who hold an international undergraduate degree who wish to obtain a Canadian credential, or those students who wish to obtain another Bachelor's degree in a major different than their first undergraduate degree, will be permitted

(in consultation with the Program Director and reviewed by the Office of the Registrar).

Regulations Governing all Bachelor of Commerce Students

Students must have a weighted average of at least 1.7 (60 percent) across all courses taken at Athabasca University towards a Bachelor of Commerce degree in order to graduate.

Students complete the program regulations in effect at the time of their enrolment.

Transfer Credit will not be accepted if course(s) completed more than:

- 10 years ago in the Business and Administrative Studies area of study at the senior (300/400) level;
- 5 years ago in CMIS (all levels);
- 10 years ago in Statistics (all levels).

Transfer credit being used to satisfy options other than those in the Business and Administrative Studies area will not be restricted.

If you are currently working in the field and provide evidence of work being completed, this restriction may be waived.

For more information, contact [Athabasca University's Faculty of Business](#) at 1.800.468.6531 or [email](#).

Program Plans

Our online [program plans](#) can assist you in selecting the courses needed to fulfill your program requirements.

General

Bachelor of Commerce (Post Diploma) General Degree (Four years—120 credits)

Regulations amended, effective September 1, 2017.

There are two routes to the Bachelor of Commerce (Post Diploma) General Degree:

Business-Field Diploma- Holder Route

Students presenting two-year college diplomas in business (or a closely related field) from an accredited college or technical institute will receive 60 credits of block transfer award toward the first two years of the Bachelor of Commerce (Post Diploma) General degree, except students from Ontario colleges, who will receive 45 credits. These students must complete additional credits in non-Business and Administrative Studies courses to reach the 60-credit requirement. Ontario students with approved three-year diplomas in business (or a closely related field) will receive a block transfer award of up to 75 credits towards this degree

Studies	program. All diplomas presented must be approved for credit by Athabasca University.
Health Administration	
Human Resources and Labour Relations	<u>Non Business-Field Diploma-Holder Route</u>
Management	Students presenting two- or three-year professional diplomas in non-business fields from an accredited college or technical institute, will receive a block transfer award of 30 credits. All diplomas presented must be approved for credit by Athabasca University. Students must also complete the required courses (30 credits) and the required and options courses in the <u>Business-Field Diploma-Holder Route</u> .
Nursing	
Professional Arts, General Regulations	
Science	
Architecture	
University Diploma	<u>Transfer credit</u>
University Certificate	Regulations Governing all Bachelor of Commerce Students
Certificate of Completion - English Language Proficiency Program	In order to graduate, students must have a weighted average of at least <u>1.7 (60 per cent)</u> across all courses taken at Athabasca University towards a Bachelor of Commerce (Post Diploma) General Degree.
Archived Program Regulations	Students complete the program regulations in effect at the time of their enrolment.
Undergraduate Courses	Transfer Credit will not be accepted if course(s) completed more than:
Examinations and Grades	10 years ago in the Business and Administrative Studies area of study at the senior (300/400) level;
Undergraduate Fees and Refunds	5 years ago in CMIS (all levels);
Faculty	10 years ago in Statistics (all levels).

Bachelor of Commerce (Post Diploma) e-Commerce Major

Regulations effective September 1, 2017.

There are two routes to the Bachelor of Commerce (Post Diploma) e-Commerce Major:

Business-Field Diploma- Holder Route

Students presenting two-year college diplomas in business (or a closely related field) from an accredited college or technical institute will receive 60 credits of block transfer award toward the first two years of the Bachelor of Commerce (Post Diploma) e-Commerce Major, except students from Ontario colleges, who will receive 45 credits. These students must complete additional credits in non-Business and Administrative Studies courses to reach the 60-credit requirement. Ontario students with approved three-year diplomas in business or a closely related field will receive a block transfer award of up to 66 credits towards this degree program. All diplomas presented must be approved for credit by Athabasca University.

**Undergraduate
Courses**

Students presenting two- or three-year professional diplomas in non-business fields from an accredited college or technical institute, will receive a block transfer award of 30 credits. Students must also complete required courses (30 credits) and the required and options courses in the Business-Field Diploma-Holder Route. If students present a diploma and course(s) equivalent to the program list (or another required course within the Bachelor of Commerce program) the block transfer award may increase up to 60 credits. All diplomas presented must be approved for credit by Athabasca University.

Program Requirements

To graduate, students must have a weighted average of at least 1.7 (60 per cent) across all courses taken at Athabasca University towards a Bachelor of Commerce (Post Diploma) degree.

Students complete the program regulations in effect at the time of their enrolment.

For more information on the status of this program, contact Athabasca University's Faculty of Business at 800.468.6531, or email.

Athabasca University advisors have developed a program plan to assist you. Counselling Services offers an assessment website, "Mapping Your Future: Your Career and Athabasca University." Athabasca University has also developed

Bachelor of General Studies (Three years—90 credits)

Regulations effective September 1, 2017.

The Bachelor of General Studies degree is one of the most popular programs at Athabasca University. It provides a framework of individualized study within an Arts and Science or Applied Studies designation that offers students the freedom to choose courses to meet career or educational goals. Unlike the other degrees offered by Athabasca University, the Bachelor of General Studies does not have a residency requirement, and degree requirements may be completed at institutions other than Athabasca University.

The Bachelor of General Studies degree requires the completion of 90 credits and is comparable to a three-year program. Students may specialize or diversify their course selection, subject to the following requirements. This degree allows students the freedom to develop their own intellectual and academic interests. This does not mean that course selection should be casual. Students are expected to ensure their vocational or personal needs are well defined. All courses transferred to

this degree must be university-level credit as determined by Athabasca University faculty.

Students are strongly encouraged to register in [ENGL 255](#) early in their program. The English writing skills requirement is waived for students enrolling in the second undergraduate degree.

Students complete the program regulations in effect at the time of their enrolment.

Prior Learning and Assessment Recognition (PLAR) offers you the opportunity to demonstrate your prior learning and receive credit toward your program. For more information, visit the [PLAR website](#).

Program Plans

Our [online program plans](#) can assist you in selecting the courses needed to fulfill your program requirements. Counselling Services offers an assessment website, "[Mapping Your Future: Your Career and Athabasca University](#)." Athabasca University has also developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Degree Regulations

Students must choose either an Arts and Science or an Applied Studies designation.

PROGRAM STRUCTURE

Search	Total credits in the program	90
Undergraduate Calendar	Residency requirement	None
	Graduation with Distinction or Great Distinction. At least 24 credits must be obtained through Athabasca University in order to be considered.	24

MAXIMUM PRIOR LEARNING ASSESSMENT AND RECOGNITION (PLAR) CREDITS

<u>Arts and Science</u>	9
<u>Applied Studies</u>	21

MINIMUM CREDITS REQUIRED

Credits in the area of designation	45
Senior (300 or 400) level credits in the area of designation	30
Total senior-level credits (including above 30)	45
<u>Humanities</u> area of study* *The 100-level ENGL courses will not satisfy the Humanities area of study requirement in this program. These courses may, however, count as part of the total number of credits required for the degree.	6
<u>Social Science</u> area of study	6
<u>Science</u> area of study	6

MAXIMUM CREDITS ALLOWED

At the preparatory (100) level	6
At the junior (200) level in any one discipline	15

English Writing Skills Requirement

Students must meet the following English writing skills requirement:

hold credit in ENGL 255 (Students are strongly encouraged to register in ENGL 255 early in their program.);

or

have a grade of B- (70 per cent) or better in an Athabasca University English course above the preparatory (100) level;

or

receive credit for an English course in which a grade of B- or better was achieved.

Arts and Science Designation

To satisfy the 90-credit requirement to complete the BGS degree, students must complete 45 credits in courses with an Arts (Humanities and/or Social Science) or Science designation (30 of these credits must be taken at the senior (300 or 400) level). Refer to Minimum Credits Required above.

Applied Studies Designation

The Applied Studies designation includes courses in Business and Administrative Studies. Transfer courses in engineering,

education, physical education, etc. are also applicable to the Applied Studies designation.

To satisfy the 90-credit requirement to complete the BGS degree, students must complete 45 credits in courses with an Applied Studies designation (30 of these credits must be taken at the senior (300 or 400) level). Refer to Minimum Credits Required above.

Students in the Applied Studies designation in the Bachelor of General Studies degree must also complete ADMN 233 or ENGL 255. ADMN 233 will partially satisfy the Applied Studies area of study requirement in this program.

Bachelor of General Studies Second Undergraduate Degree Regulations

MINIMUM CREDITS REQUIRED

Minimum credits not applied to a previous degree	48
Credits in the area of designation	30
Senior (300 or 400) level credits in the area of designation	30
Total senior-level credits (including above 30)	36
In the <u>Humanities</u> area of study	6
In the <u>Social Science</u> area of study	6

In the <u>Science</u> area of study	6
Residency requirement	None
Graduation with Distinction or Great Distinction. At least 24 credits must be obtained through Athabasca University in order to be considered.	24

MAXIMUM CREDITS ALLOWED

At the preparatory (100) level	0
At the junior (200) level in any one discipline	12
Maximum Prior Learning Assessment and Recognition credits	None permitted

Students must choose either an Arts and Science or an Applied Studies designation and complete at least 30 senior credits in the chosen designation.

The English writing skills requirement is waived for students enrolling in the second undergraduate degree.

Teaching Credential

For purposes of upgrading towards an Alberta professional teaching certificate, Alberta Education has specific requirements for the certification of teachers. Students planning to obtain a Bachelor of General Studies degree in order to meet certification requirements

are advised to have completed a basic teacher preparation program acceptable to the Alberta minister of education.

To obtain information regarding an assessment of the basic teacher preparation program towards the minimum requirements for certification in Alberta, and regarding the Bachelor of General Studies degree as a possible means to fulfilling the academic degree requirements, contact:

*The Registrar
Alberta Education
Professional Standards Branch
2nd floor, 44 Capital Boulevard Building

Management

Regulations effective September 1, 2017.

The Bachelor of Management program features a strong international perspective. The program comprises a three-year and four-year general degree program, and post diploma programs. The four-year programs allow students to select majors in Marketing, Human Resources Management or Indigenous Nations and Organizations.

A degree in management will better prepare graduates for the changing business world of today. Graduates will possess the critical thinking, communications, and management skills needed to excel in a variety of work environments. Graduates will gain an important competitive advantage by completing this program. Students complete the program regulations in effect at the time of their enrolment.

Classroom Setting

In addition to completing this degree through online and distance learning, you have the option to take Bachelor of Management courses in a classroom setting at other institutions.

Degree Conversion Provision

The degree conversion provision is available to Athabasca University students who have been awarded a three-year AU degree and wish to convert to a four-year degree. Students with the three-year AU Bachelor of Administration degree may convert that degree into the four-year Bachelor of Management program. For more information about this regulation, please review the [Degree Conversion Provision Policy](#).

Enrolment Restriction

Students will not be accepted into the Bachelor of Management program if they have

a degree in administration, business, commerce, or management

a degree with a major or concentration in administration, business, commerce, or management

any equivalent program from Athabasca University or another university.

Transfer Credit will not be accepted if course(s) completed more than:

10 years ago in the Business and

Program	Administrative Studies area of study at the senior (300/400) level;
Archived Program Regulations	5 years ago in CMIS (all levels); 10 years ago in Statistics (all levels).

Undergraduate Courses	Transfer credit being used to satisfy options other than those in the Business and Administrative Studies area will not be restricted. If you are currently working in the field and provide evidence of work being completed, this restriction may be waived.

Management

Management,

Bachelor of Management (Four years—120 credits)

Regulations amended, effective September 1, 2017.

This four-year management program allows students to take the four-year general program or select majors in Marketing, Human Resources Management or Indigenous Nations and Organizations. Many of Athabasca University's management courses are offered entirely online, and others offer significant online enhancements.

A degree in management will better prepare graduates for the changing business world of today. Graduates will possess the critical thinking, communications, and management skills needed to excel in a variety of work environments. Graduates will gain an important competitive advantage by completing this program.

The Bachelor of Management degree is offered by Athabasca University's [Faculty of Business](#). For additional information phone 800.468.6531, or [email](#).

Degree Conversion Provision

The degree conversion provision is available to Athabasca University students who have been awarded a three-year AU degree and wish to convert to a four-year degree. Students with the three-year AU Bachelor of Administration degree may convert that degree into the four-year Bachelor of Management program. For more information about this regulation, please review the [Degree Conversion Provision Policy](#).

Second Undergraduate Degree

Students who hold a recognized first degree in a field outside of business or management and who wish to obtain an AU undergraduate degree in a different subject area, must apply under the second undergraduate degree regulations. These students may transfer up to 50 per cent (60 credits) into the four-year degree program, based on course work in the first degree that is applicable. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree.

Enrolment Restriction

Proficiency Program	Students will not be accepted into the Bachelor of Management program if they have
Archived Program Regulations	a degree in administration, business, commerce, or management; or
Undergraduate Courses	a degree with a major or concentration in administration, business, commerce, or management; or
Examinations and Grades	any equivalent program from Athabasca University or another university.
Undergraduate Fees and Refunds	Students are not permitted to obtain a second undergraduate degree in the same field or related field as their first undergraduate degree. Those students who hold an international undergraduate degree who wish to obtain a Canadian credential, or those students who wish to obtain another Bachelor's degree in a major different than their first undergraduate degree, will be permitted (in consultation with the Program Director and reviewed by the Office of the Registrar).

Management,
3-year,

Bachelor of Management (Post Diploma) General (4- years — 120 credits)

Regulations amended, effective September 1, 2017.

There are two routes to the Bachelor of Management (Post Diploma) program:

1. Business-Field Diploma-Holder Route
Students presenting two-year college diplomas in business or a closely related field awarded will receive 60 credits of block transfer award toward this program, except students presenting two-year diplomas from Ontario colleges, who will receive 45 credits. These students must complete additional credits in non-Administrative Studies courses to reach the 60-credit requirement. Ontario students presenting three-year diplomas in business or a closely related field will receive up to 75 credits of block transfer award toward this degree. All diplomas presented must be approved for credit by Athabasca University.
2. Non Business-Field Diploma-Holder Route
Students presenting two- or three-year professional diplomas from accredited colleges or technical institutes in non-

General Regulations

business fields, may receive between 30 and 60 credits of block transfer award toward this degree program.

Management, 3-year, Post Diploma, General Regulations

Transfer Credit will not be accepted if course(s) completed more than:

Management, 4-year, General Regulations

10 years ago in the Business and Administrative Studies area of study at the senior (300/400) level;
5 years ago in CMIS (all levels);
10 years ago in Statistics (all levels).

Management, 4-year, Post Diploma, General Regulations

Transfer credit being used to satisfy options other than those in the Business and Administrative Studies area will not be restricted. If you are currently working in the field and provide evidence of work being completed, this restriction may be waived.

Marketing

Regulations effective September 1, 2017.

The role of a marketing coordinator or manager can vary dramatically from organization to organization. Marketing in a large, product-driven company will differ greatly from marketing in a small knowledge-based start-up or not-for-profit organization. A well-rounded management education is critical to adapting to and succeeding in a wide variety of settings.

Your AU Bachelor of Management will prepare you to tackle the marketing challenges of any organization, as well as to take on associated management responsibilities in finance, operations and human resources for your unit or department.

Management

Management,

Human Resources Management

Regulations effective September 1, 2017.

The human resources (HR) function has evolved from a mainly administrative role to a far more strategic one that contributes to an organization's business planning and long-term strategy. A management career in human resources demands integrity, confidentiality, and excellent interpersonal skills, but also requires knowledge of accounting, finance, and strategic management.

Your Bachelor of Management degree will give you the broad-based business knowledge you need to become not only a successful HR professional, but a respected management professional who knows how to contribute to departmental and organizational goals.

Management,

Indigenous Nations and Organizations

Regulations effective September 1, 2017.

The Bachelor of Management in Indigenous Nations and Organizations (INO) major is designed in response to remarkable changes in the educational needs of Indigenous peoples, particularly the need for business related education.

This new and unique business program, offered only at Athabasca University, will enable you to focus on principles of Indigenous business and governance. This major blends cultural relevance into the core management curriculum in order to overcome many of the social barriers that discourage the full participation of Indigenous students in educational settings.

The program also acknowledges and develops the role of traditional knowledge in academic institutions. It will prepare you to meet the needs of the kind of community that you may serve when you graduate.

If you have career interests in Aboriginal business, this program will provide you with the opportunity to concentrate your

Management

Management,

Bachelor of Management (Post Diploma) Indigenous Nations and Organizations Major

Regulations effective September 1, 2017.

The Bachelor of Management Indigenous Nations and Organizations (INO) Major is designed in response to remarkable changes in the educational needs of Indigenous peoples, particularly the need for business-related education.

This new and unique business program, offered only at Athabasca University, will enable you to focus on principles of Indigenous business and governance. This major blends cultural relevance into the core management curriculum.

The program also acknowledges and develops the role of traditional knowledge in academic institutions. It will prepare you to meet the needs of the kind of community that you may service when you graduate.

If you have career interests in Indigenous (Aboriginal) business, this program will provide you with the opportunity to concentrate your studies in areas such as leadership, management, community development, and negotiation.

3-year, General Regulations	Athabasca University has developed <u>program learning outcomes</u> that describe the career options that may be available to you upon graduating.
Management, 3-year, Post Diploma, General Regulations	Students complete the program regulations in effect at the time of their enrolment.

Nursing

Post-RN Bachelor of Nursing Degree Program (120 credits)

Regulations effective September 1, 2017.

The [Centre for Nursing and Health Studies](#) offers the post-RN BN degree program. This program is designed to provide the Registered Nurse with the opportunity to acquire a broad liberal university education with particular emphasis on advanced theoretical and practical knowledge related to nursing informatics, nursing research, primary health care, leadership, management, and family and community health promotion. All AU nursing courses are mapped to the most current entry to practice [competencies](#), as determined by the College and Association of Registered Nurses of Alberta (CARNA).

program learning outcomes that describe the career options that may be available to you upon graduating.

For additional program information, please email bnadvisor@athabascau.ca.

Enrolment Requirements

To enrol in the post-RN BN program, the following is required:

1. Graduation from an approved Registered Nurse (RN) diploma program.
2. Regulated (Practicing) Registered Nurse (RN) registration/licensure with a Canadian province or territory. Proof of registration must be submitted at time of application and maintained while completing the program.

NOTE: Students are required to complete the degree regulations that are effect at the time they enrolled in their program. Students who are inactive (have not registered for a course within 12 months from their last contract date) must re-enrol and will follow the regulations in effect at the time of re-enrolment. Students are strongly encouraged to register in their English course early in their program.

Students with Non-Canadian/Non-United States Education

Those students presenting non-Canadian/non-United States degrees for admission and/or possible transfer credit, must obtain a specialized or course-by-course evaluation of post-secondary course work from an international

Site Map

Search
Undergraduate
Calendar

assessment agency, for example, the [International Qualifications Assessment Service \(IQAS\)](#). For more information, see the Admissions section of the Calendar that explains the admission process for [Non-Canadian Students](#).

Official transcripts for any completed Canadian courses or programs in Nursing taken to obtain licensure in Canada must be submitted.

PROGRAM STRUCTURE

Total credits required to complete the Post-RN BN degree*

* Transfer credit may be awarded for non-nursing university transfer credit taken as part of an RN diploma program. Non-nursing transfer credit will not be awarded, however, for anatomy and physiology, pathophysiology, pharmacology, microbiology, or health assessment courses included in the RN diploma program. Credit will not be awarded for non-nursing required, support and option courses that are more than 10 years old at the time of the request.

45

Additional credit may also be awarded for university-level courses completed before admission to the post-RN BN program on the basis of Prior Learning Assessment and Recognition.

The 45 credits required to complete a post-RN BN degree are distributed as follows:

Required nursing credits 27

Required non-nursing credits 6

Non-nursing option credits 12

Residency requirement. A minimum of 15 nursing credits* must be obtained through Athabasca University.

*Note: HLST 320 is a non-nursing course and does not qualify for the residency requirement and is subject to the 10-year stale-dating rule. 15

Graduation with Distinction or Great Distinction. At least 24 credits must be obtained through Athabasca University in order to be considered. 24

Maximum Prior Learning Assessment and Recognition (PLAR) credits 9

Course Requirements

Students may register in post-RN BN courses as unclassified students. Before registering in a course, students should determine whether or not they may be eligible for transfer credit for the course. Students should also ensure that they have completed all prerequisite and corequisite course requirements in accordance with the prerequisite declaration form.

NOTE: 300-level nursing courses should be completed before 400-level nursing courses.

REQUIRED NURSING COURSES (27 CREDITS)

NURS 322	<u>Nursing Informatics</u>	(3)
NURS 324	<u>Concepts and Theories in Nursing Practice</u>	(3)
NURS 328	<u>Understanding Research</u>	(3)
NURS 432	<u>Management and Leadership in Nursing Practice</u>	(4)
NURS 434	<u>Community Health Promotion</u>	(4)
NURS 436	<u>Family Health Promotion</u>	(4)

Plus 6 credits selected from the following list:

HLST 320	<u>Teaching and Learning for Health Professionals*</u> (See note above in Residency Requirement.)	(3)
NURS 326	<u>Health Assessment</u>	(3)
NURS 327	<u>Home Health Nursing</u>	(3)
NURS 438	<u>Trends and Issues in Nursing and Health Systems</u>	(3)

440	<u>Independent Study</u>	(3)
NURS 442	<u>Gerontological Nursing</u>	(3)
NURS 604	<u>Leadership Roles in Health**</u>	(3)
NURS 618	<u>Community Development for Health Care Leaders**</u>	(3)
NURS 621	<u>Coaching and Leading: The Human Side of Organizational Change**</u>	(3)
NURS 622	<u>Understanding Organizations: Theory, Analysis and Application**</u>	(3)
	Transfer credit for senior university-level nursing courses taken elsewhere	(3 to 6)

** A paced (within a specific four-month time frame) nursing graduate course that is open for registration by June 10 (Fall start), October 10 (Winter start), and February 10 (Spring start). Credit for NURS 604, 618, 621, or 622 if taken to fulfill the Bachelor of Nursing elective requirement, cannot be applied for credit toward another undergraduate or graduate degree. Please note the fee for this graduate course differs from that of an undergraduate course. Please fill out the Graduate Programs: Course Registration Form to register for NURS 604, 618, 621, or 622.

REQUIRED NON-NURSING COURSES (6 CREDITS)

ENGL Any junior or senior university-level or equivalent English course. (3)

MATH Introduction to Statistics
215 **or** (3)

MATH Computer-oriented
216 Approach to Statistics

NON-NURSING OPTION COURSES (12 CREDITS)

May be selected from Humanities, Science or Social Science, and Applied Studies other than nursing (NURS); at least six credits must be at the 300/400 level) (12)

Computer Requirements

Access to a computer with basic word processing, and Internet access, is required. Refer to the glossary.

Specific Regulations

Given the unique and professional nature of the post-RN BN program, some of the general policies governing academic studies at Athabasca University are superseded by the regulations below.

1. RN diplomas from approved institutions will be accepted regardless of the year of graduation.
2. Athabasca University will not normally award additional transfer credit for nursing courses/certificates that are

more than 7 years old at the time of the request. If evidence of current practice in the content area is submitted, this regulation may be waived. Credit will not be awarded for non-nursing required, support and option courses that are more than 10 years old at the time of the request.

3. Students will be permitted a maximum of five years to complete all degree requirements from date of enrolment.
4. Students who have been awarded two failing grades in one or more nursing courses will be automatically withdrawn from the post-RN BN program, with no opportunity for re-admission.
5. To be awarded a BN degree, a minimum program grade-point average of 2.3 is required, which is calculated using all Athabasca University courses used toward the degree.

Information effective Sept. 1, 2017 to Aug. 31, 2018.

Nursing

Post-LPN Bachelor of Nursing Degree Program (120 credits)

Regulations effective September 1, 2017.

The Centre for Nursing and Health Studies offers the Post-LPN BN program.

This program is designed to provide the Regulated (Practicing) Licensed Practical Nurse (LPN) with the opportunity to continue his or her education in nursing in a baccalaureate program that offers flexible modes of course delivery and opportunities to develop a clinical focus. Graduates are eligible to write the National Council Licensure Examination – Registered Nurse (NCLEX-RN) and to apply for registration with the College and Association of Registered Nurses of Alberta. If you plan to practice in a jurisdiction other than Alberta following completion of this program, please contact the regulatory body in that jurisdiction, before applying to this program, to determine acceptance of the program when seeking a temporary practice permit and active registration as a registered nurse. All AU nursing courses are mapped to the most current entry to practice competencies, as determined by the College and Association of Registered Nurses of Alberta (CARNA).

Program Plans

Our [online program plans](#) can assist you in selecting the courses needed to fulfill your program requirements.

Counselling Services offers an assessment website, "[Mapping Your Future: Your Career and Athabasca University.](#)"

Athabasca University has also developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

For additional program information, please email bnadvisor@athabascau.ca.

Enrolment Requirements

1. Graduation from an approved practical nurse (LPN; RPN) certificate/diploma program.
2. Regulated (Practicing) Licensed Practical Nurse (LPN) with the College of Licensed Practical Nurses of Alberta. Proof of active registration/licensure must be submitted at time of application and maintained while completing the program.
3. Equivalent of one year full-time work experience (1,700 hours) as a Licensed Practical Nurse (submit letter(s) from employers to substantiate).

NOTE: Students are required to follow the degree regulations in effect at the time they enrolled in their program. Students who are inactive (have not registered for a course within 12 months from their last course contract end date) must re-enrol and will complete the regulations in effect at the time of re-enrolment.

Students with Non-Canadian/Non-United States Education

Those students presenting non-Canadian/non-United States degrees for admission and/or possible transfer credit, must obtain a specialized or course-by-course evaluation of post-secondary course work from an international assessment agency, for example, the [International Qualifications Assessment Service \(IQAS\)](#). For more information, see the Admissions section of the Calendar that explains the admission process for [Non-Canadian Students](#).

Official transcripts for any completed Canadian courses or programs in Nursing taken to obtain licensure in Canada must be submitted.

Second Undergraduate Degree

LPN Students who hold a recognized first degree in a discipline outside of nursing who wish to obtain an AU Bachelor of Nursing degree must apply under the Second Undergraduate degree regulations. These students may transfer applicable coursework from the previously completed degree to satisfy up to 50 per cent of the total credits required to complete the post LPN BN program. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree. Those students who hold an international credential in the same discipline who wish to obtain a Canadian credential may be

permitted, in consultation with the Program Director and reviewed by the Office of the Registrar.

PROGRAM STRUCTURE

Bachelor of Nursing (BN) degree credit requirements 120

Credits awarded for successful completion of practical nurse certificate or diploma program 30*

Total credits required to complete the post-LPN BN degree 90

Residency requirement. A minimum of 45 nursing credits (NURS) must be obtained through Athabasca University. BIOL 235 (6 credits) must be completed through AU. 51

Graduation with Distinction or Great Distinction. At least 24 credits (excluding courses using a pass/fail grading scheme) must be obtained through Athabasca University in order to be considered. 24

Maximum Prior Learning Assessment and Recognition (PLAR) (for non-nursing) credits 9

The 90 credits required to complete a post-LPN BN degree shall be distributed as follows:

• required and option nursing credits 60

• required Cluster A credits 30

* Additional credit may be awarded for

university-level courses completed before enrolment to the post-LPN BN program. Prior Learning Assessment and Recognition may be awarded for non-nursing University-level courses. University-level nursing courses taken prior to enrolment in the post-LPN BN program will be assessed on a case-by-case basis. Transfer credit will not be granted for nursing clinical courses that are more than 5 years old and nursing theory courses that are more than 7 years old and non-nursing required, support and option courses that are more than 10 years old at the time of the request.

Course Requirements

Courses listed in Cluster A are prerequisite to those listed in Cluster B, and courses listed in Cluster B are prerequisite to those listed in Cluster C. Pre/co-requisite course requirements are also present within both Cluster A and B. Students are responsible for ensuring that prerequisites and co-requisite course requirements are met throughout the program in accordance with the Prerequisite Declaration Form.

NOTE: Clinical courses will only be offered within Alberta. Please see LPN to BN Program Clinical Preparation Guide for Students (PDF - 228KB) and NURS 441 Placement Suggestion Process (PDF - 298KB) for more information.

Computer Requirements

Access to a computer with basic word processing and Internet access is required. Refer to the [online glossary](#).

Specific Regulations

Given the unique and professional nature of the post-LPN BN program, some of the general policies governing academic studies at Athabasca University are superseded by the following regulations.

1. In order to register in a nursing course with a practicum component, students must present proof of the following:

Regulated (Practicing) Licensed Practical Nurse (LPN) with the College of Licensed Practical Nurses of Alberta. Proof of active registration/licensure must be maintained while completing the program.

Compliance with all requirements listed in the Post LPN-BN Professional Practice (Clinical) [Preparation Guide](#).

2. Students in the post-LPN BN program are not permitted to challenge required or optional nursing theory or

clinical courses.

3. Students seeking re-enrolment to the post-LPN BN program will not receive credit for nursing clinical courses that are more than 5 years old and nursing theory courses that are more than 7 years old. Credit will not be awarded for non-nursing required, support and option courses that are more than 10 years old at the time of the request.
4. Students who have been awarded two failing grades in one or more nursing courses will be automatically withdrawn from the post-LPN BN program, with no opportunity for re-admission.
5. Students will be permitted a maximum of seven years to complete all degree program requirements from date of enrolment.
6. To be awarded a BN degree, a minimum program grade-point average of 2.3 is required, which is calculated using all Athabasca University courses used toward the degree.

Information effective September 1, 2016.

Bachelor of Professional Arts (4 years—120 credits)

Regulations effective September 1, 2017.

The Bachelor of Professional Arts program is a four-year program designed for students who have completed an approved two-year diploma or equivalent from an accredited college or institute of technology. Some students may qualify to earn additional credits through prior learning assessment.

There are four majors offered in the Bachelor of Professional Arts degree: [Communication Studies](#); [Criminal Justice](#); [Human Services](#); and [Governance, Law, and Management](#).

Students must complete the regulations that are in effect at the time they enrol in the program. Inactive students (students who have not registered for a course within 12 months from the last contract date) must re-enrol and follow the regulations in effect at the time of re-enrolment.

Students are strongly encouraged to register in their English courses early in their program. Courses in the Bachelor of Professional Arts degree program are available by individualized study. Some courses are available by grouped study at

Bachelor of Professional Arts Governance, Law and Management Major

Regulations effective September 1, 2017.

The Bachelor of Professional Arts Governance, Law and Management major (BPA-GLM) is offered by the Centre for Social Sciences. The program is designed to prepare innovative managers and professionals for leadership success with public sector organizations in the knowledge-based society and economy. This leading-edge program provides education that promotes vision, creativity, and strategic thinking, as requisite skills for administrators in an era of globalization.

The recent reforms in organizations have led to a shift from "command-and-control" management structures and practices to an organizational context characterized by flexibility, innovation, and lifelong learning. The BPA-GLM provides the requisite knowledge and practical know-how needed by professionals for good governance and the successful management of organizational change, particularly the increasing shift to e-governance.

or

LGST 331	<u>Administrative Law</u>	(3)
----------	-------------------------------	-----

GROUP 6

CMNS 308	<u>Understanding Statistical Evidence</u>	(3)
-------------	---	-----

There are three focus areas within the BPA-GLM program. The three focus areas are reflected in both the name and structure of the program; students select nine credits from each focus area.

Courses within the Politics of Governance focus area provide students with an understanding of the social forces and environment that shape modern governance. Courses within the Law, Justice, and Policing focus area illuminate both legal institutions and the differences in power amongst groups within society. The Management and Administrative Studies focus area allows students to acquire the skills they need to assume leadership roles within public sector organizations.

Focus Areas

1. The Politics of Governance

Nine credits selected from the following. A maximum of six credits in any one of the following disciplines: ENVS, HADM, INST, POEC, POLI, WGST. All INP courses are taken online from Ryerson Polytechnic University.

ANTH 362	<u>Aboriginal Cultures of North America</u>	(3)
INP 900	Introduction to the Nonprofit/Voluntary Sector	(3)

6 credits from any discipline (6)

Notes:

Students are advised that they can take only 12 credits at the junior level. Preparatory courses cannot be taken for credit in the BPA-GLM program.

Students who wish to pursue employment in the federal civil service or foreign affairs are strongly encouraged to take French for their Option courses. Student interested in North American integration should take Spanish. Students interested in European governance should take German. Students interested in governance capacity building for First Nations communities should take Indigenous language courses.

Bachelor of Professional Arts Human Services Major

Regulations effective September 1, 2017.

The Bachelor of Professional Arts Human Services major is offered by Athabasca University's Centre for Social Sciences.

The program responds to the career and professional needs of career practitioners in the human services fields of early childhood education, child and youth care, personal support services, and other closely related fields such as educational assistants and counsellors. The program complements the diploma programs offered at community colleges in Alberta and across Canada.

Enrolment Routes

Post-Diploma (PD) Transfer
University Transfer (UT)
Prior Learning

Enrolment Requirements

The BPA Human Services major is available to:

Professional Arts, General Regulations	<p>graduates of an approved two-year human services related diploma;</p> <p>graduates of a previous undergraduate university degree in an unrelated discipline (with at least one year of professional practice relevant to the Human Services major); or,</p> <p>students with a minimum of two years of university-level coursework (with at least one year of professional practice relevant to the Human Services major).</p>
Common Core	
Communication Studies Major	
Criminal Justice Major	
Governance, Law and Management Major	<p>Coursework and credentials must have been obtained from a college, university or institute of technology approved by Athabasca University. Individuals who have questions about the eligibility of their previous education for admission are strongly encouraged to contact Advising Services.</p>
Human Services Major	
Science	
Architecture	<p>Students complete the program regulations in effect at the time of their enrolment.</p>
University Diploma	
University Certificate	
Certificate of Completion - English Language Proficiency Program	
Archived Program Regulations	
Undergraduate Courses	
Examinations and Grades	

Program Planning

Students are strongly encouraged to plan an individualized program of study to

- consolidate and formalize their previous learning
- build on their existing knowledge
- broaden their knowledge base
- explore areas of interest, and
- prepare themselves for future education and career choices.

Plan your program of study carefully to ensure that you meet all of the degree requirements. A maximum of 12 credits may be completed at the 200 level including any 200-level courses in the required common core. You must also

Undergraduate
Calendar

complete a minimum of 18 credits at the 400 level, including at least 9 credits in Human Services. If you need assistance, or for general information regarding the Human Services major, please contact the [program coordinator](#).

Prior Learning

Some students may qualify for

1. a maximum of 60 credits of [Prior Learning Assessment and Recognition \(PLAR\)](#) towards entry to this program, or,
2. a maximum of 30 credits may be awarded toward the remaining credits in the program.

To learn more about PLAR opportunities within the Human Services major, please contact your [program coordinator](#) or the [Centre for Learning Accreditation](#).

Program Learning Outcomes

Athabasca University has developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Classroom Setting

In addition to completing this degree through online and distance learning, you may have the option to take courses for the Bachelor of Professional Arts (Human Services) in a classroom setting at other institutions. See [Learning Services Collaborations](#) for more information.

To Bachelor of Professional Arts General Requirements

Students must complete the following degree requirements within the Bachelor of Professional Arts program.

PROGRAM STRUCTURE

<u>Common Core</u> credits	12
Major Courses credits	33
Options credits	15
A minimum of 18 credits at the 400 level including at least 9 credits in Human Services.	18
Residency requirement. A minimum of 30 credits must be obtained through Athabasca University.	30
Graduation with Distinction or Great Distinction. At least 24 credits must be obtained through Athabasca University in order to be considered.	24
<u>Maximum Prior Learning Assessment and Recognition</u> credits <u>*see Prior Learning above</u>	up to 60 credits towards entry or up to 30 after entry
Maximum credits allowed in Business and Administrative Studies courses	15

Human Services Major (33 credits)

Student must complete 15 credits in Required Courses and 18 additional credits selected from the list of Elective Courses.

Required Courses (15 credits)

HSRV 201	<u>Social Work and Human Services</u>	(3)
HSRV 306	<u>Critical Reflection for Practice</u>	(3)
HSRV 311	<u>Practice and Policy in the Human Services</u>	(3)
HSRV 322	<u>Ideology and Policy Evolution</u>	(3)
HSRV 489	<u>Capstone: A Synthesis of Program Learning Outcomes</u>	(3)

Elective Courses (18 credits selected from the following)

All senior (300/400) level credits in:

Anthropology (ANTH)

Communication Studies (CMNS)

Criminal Justice (CRJS)

Educational Psychology (EDPY)

Education Studies (EDUC)

Governance (GOVN)

Health Administration (HADM)

Human Services (HSRV)
Indigenous Studies (INST)
Industrial Relations (IDRL)*
Legal Studies (LGST)
Organizational Behavior (ORGB)*
Political Economy (POEC)
Political Science (POLI)
Psychology (PSYC)
Social Anthropology (SOAN)
Social Science (SOSC)
Sociology (SOCI)
Women's and Gender Studies (WGST)

Note: Courses that are not in the disciplines above, but are cross-listed with them, will meet the elective requirements.

* Courses in Industrial Relations and Organizational Behavior may not exceed a maximum of 15 credits in this degree. (See Program Structure, maximum in Business and Administrative Studies)

Eighteen credits must be completed at the 400 level. Students are advised to plan their program of study carefully to ensure that they meet all of the degree requirements.

Options (15 credits)

Select 15 additional credits in any discipline at the senior (300/400) level.

Notes: Please ensure your course selection meets the general degree requirements, especially the requirements of completing 18 credits at the 400 level, including at least 9 credits in Human Services.

Contact Advising Services to ensure your course selection complies with the degree requirements. Use a program planner to record your selections and track your process.

Regulations amended, effective September 1, 2017.

The Bachelor of Science is offered by Athabasca University's [Centre for Science](#). This degree provides students with a general science education. Given the ever-increasing importance of science and technology, this degree will prepare students to cope with the science-based world of today and the increasing technological demands of the future. It will also prepare students for the challenges science presents to the modern world by including courses in scientific reasoning; the history of science; and ethics, science, technology, and the environment.

Students have the opportunity to complete courses that are transferable to pre-medicine, pre-dentistry, and pre-veterinary programs offered at other universities in Alberta and across Canada. Students should consult with the program advisors at the professional schools to ensure they are undertaking appropriate course patterns.

Bachelor of Science (4 years—120 credits)

Amended regulations, effective September 1, 2017.

Athabasca University's Faculty of Science and Technology (FST) Bachelor of Science (BSc) degree allows students to take the general program or select a major in Human Science, Computing and Information Systems, or Applied Mathematics. A selection of minors is also offered for student to enhance their knowledge on a specific area of study. Given the importance of science and technology, this degree will prepare student to excel in the science-based world of today and meet the increasing technological demands of the future.

Graduate of the BSc program will have gained the technical, analytical, and critical thinking skills to be able to further their education. The four-year BSc is transferable towards medicine, dentistry,, and veterinary programs at other Canadian and international institutions. Student intending to go onto graduate studies should contact the institution they would like to attend to ensure all entrance requirements are met.

Certificate of Completion - English Language Proficiency Program

Archived Program Regulations

The Faculty of Science and Technology also offers a [BSc Major in Architecture](#) program, a way to study architecture as general interest or in preparation for a Masters of Architecture program, (and licensure as an architect).

Second Undergraduate Degree

Students who hold a recognized first degree and who wish to obtain an AU undergraduate degree in a different subject area, must apply under the second undergraduate degree regulations. These students may transfer in up to 50 per cent (60 credits) into the four-year degree program, based on course work in the first degree that is applicable. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree.

Majors and Minors

While students may decide to graduate with a BSc in general science (without a specific area of focus), they may have the option of selecting a major, or a major and a minor, at the time of enrolment in the BSc program. BSc major are available in:

[Applied Mathematics](#)

[Computing and Information Systems](#)

[Human Science](#)

Students may also select from the following minors:

[Applied Mathematics](#)

[Computing](#)

[Information Systems](#)

[Undergraduate Courses](#)

[Examinations and Grades](#)

[Undergraduate Fees and Refunds](#)

[Faculty](#)

[Student Code of Conduct and Right to Appeals Regulations](#)

[Learning Technology](#)

[Architecture](#)

[Game Programming](#)

[Game Development and Design](#)

[Web Development](#)

[Information Systems Management](#)

[Psychology](#)

[Finance Management](#)

[Business Administration](#)

It is highly recommended that students consult an AU program advisor before changing majors or minors.

Double Majors

For student in the BSc program wishing to combine two majors, all requirements of both majors must be fulfilled. The choice of major may restrict course selection or require the completion of more than 120 credits. Those considering a double major should consult an AU program advisor for assistance.

Program Plans

[Online program plans](#) assist students in selecting the courses needed to fulfill their program requirements. Counselling Services offers an assessment website, "[Mapping Your Future: Your Career and Athabasca University](#)." AU has also developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Students complete the program regulations in effect at the time of their enrolment.

English Writing Skills Requirement

Students are strongly encouraged to register in ENGL 255 early in their program. Students will be exempted* from the English Writing Skills Requirement (ENGL 255) who have met one of the following criteria:

have a grade of B- (70 per cent) or better in an Athabasca University English course above the preparatory (100) level;

or

received credit for an English course in which a grade of B- or better was achieved.

*Note: the exemption must be replaced with a 3-credit course in any discipline at the junior/senior (200 to 400) level.

Additional Program Regulations

1. Athabasca University may grant transfer credit for individual computer science courses that were completed more than five years ago and/or Science that are over 10 years old if proof of currency in the field is provided in the form of a current resumé and letter(s) of employment. Other evidence may be accepted if the letter and the resumé cannot be supplied. Visit Transfer Credit Services for more information on transferring credit towards the BSc program.
2. Students holding a computing-related diploma from an approved college or technical institute that is more than five years old may be admitted to the BSc PD program if a current resumé and letter from their supervisor/employer provide evidence of currency in the field since the diploma was awarded.
3. Students holding a science-related diploma from an approved college or technical institute that is more than 10 years old may be admitted to the BSc

PD program if a current resumé and letter from their supervisor/employer provide evidence of currency in the field since the diploma was awarded.

4. An individual course can only be used to fulfill one requirement in the program. For example, no course can be used to complete the specific requirements of both the major and the minor. Also, a course that fulfills the BSc program general requirements cannot be used to satisfy the specific requirements of either the major or the minor.

Information effective Sept. 1, 2017 to Aug. 31, 2018.

Bachelor of Science (Post Diploma) (4 years—120 credits)

Amended regulations, effective September 1, 2017.

The Bachelor of Science (Post Diploma) program (BSc PD) allows students presenting a two- or three-year Science- or Computing-related diploma who wish to pursue a university degree to further their career and/or academic studies.

Graduates of the BSc PD program will have gained the technical, analytical, and critical thinking skills to be able to further their education. The BSc PD program also allows students to transfer their undergraduate degree towards medicine, dentistry, and veterinary programs at other Canadian and international institutions. Students intending to go on to graduate studies should contact the institution they would like to attend to ensure all entrance requirements are met.

The Faculty of Science and Technology offers two routes within the post diploma:

1. Major and minor route: For students in this route, those holding a two- or three-year science or computing-related diploma from an accredited college or technical institute may

Bachelor of Science Computing and Information Systems Major

Amended regulations, effective September 1, 2017.

The Computing and Information Systems Major is designed for students who wish to develop and use computer-based systems in business, education, and other fields that require the processing, utilization, and management of information. Students will gain the requisite knowledge and skills in the analysis, design, and implementation of computer-based information systems for various organizations.

Students complete the program regulations in effect at the time of their enrolment.

Elective Courses **21 credits**

Students complete a minimum of 21 credits selected from the Computer Science ([COMP](#)) discipline. All 21 credits must be at the senior (300 or higher) level.

Up to three Athabasca University graduate-level computing courses can be taken to fulfill senior-level [COMP](#) electives. The courses are paced and have specific start dates. Please refer to the [Graduate Academic Schedule](#) for registration deadlines. Some graduate courses are [excluded](#) and priority is given to graduate students. If the graduate-level credit is used to fulfill a Bachelor of Science Major in Computing and Information Systems requirement, it cannot be applied to another undergraduate or graduate degree. Please note that the [fees](#) for graduate-level courses differ from that of an undergraduate course. To register in a graduate-level course, please complete the printable [undergraduate course registration form](#), and email it to fst_grad_success@athabascau.ca.

Recommended Options

The following courses are recommended options for CIS major students enrolled in the 4-year BSc program:

ADMN 233	<u>Writing in Organizations</u>	(3)
ORGB 364	<u>Organizational Behaviour</u>	(3)
PHIL 252	<u>Critical Thinking</u>	(3)
MGSC 405	<u>Quantitative Approaches to Decision Making</u>	(3)
MATH 309	<u>Discrete Mathematics</u>	(3)

Bachelor of Science Applied Mathematics Major

Amended regulations, effective September 1, 2017.

The Bachelor of Science in Applied Mathematics is designed to help students develop a relatively wide range of applied mathematical skills which have direct applications in fields such as scientific and medical research, computer science, finance, engineering, and other math-related disciplines.

This major fosters innovative thinking toward solving scientific, environmental, and sociological issues using mathematical methods, and aims to provide deeper understanding and alternative perspectives on problems in math-related interdisciplinary fields. Its ultimate goal is to lay a foundation of research skills for undergraduate students to apply in real-world situations and contribute to the betterment of society.

Students complete the program regulations in effect at the time of their enrolment.

Bachelor of Science Human Science Major

Amended regulations, effective September 1, 2017.

The Human Science major is designed for individuals who wish to pursue careers in the life sciences, including professional designations in medicine and related disciplines, research in biology and human sciences, or other health-related careers. Students will be able to customize their area of interest by completing course in electives in human biology and health as well as other disciplines.

Learning Outcomes

AU has also developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

HUMAN SCIENCE MAJOR – SPECIFIC REQUIREMENTS

In addition to the [BSc program general requirements](#), a major in Human Science involves the completion of 45 credits of core and elective courses.

Professional Arts, General Regulations	The Human Science major cannot be combined with the <u>Biology minor</u> or the <u>Human Science minor</u> .	
Science		
Bachelor of Science, 4-year	Core Courses	21 credits
Bachelor of Science, 4-year, Post Diploma	BIOL 204	<u>Principles of Biology I</u> (lab component) (3)
	BIOL 207	<u>Principles of Biology II</u> (lab component) (3)
Computing and Informations Systems Major, 4-year	BIOL 230	<u>Human Physiology</u> (lab component) or 6
Applied Mathematics Major, 4-year	BIOL 235	<u>Human Anatomy and Physiology</u>
Human Science Major, 4-year	HLST 200	<u>Introduction to Human Health I</u> (3)
Bachelor of Science Minors	BIOL 341	<u>Human Genetics</u> (3)
	BIOL 401	<u>Cell Biology</u> (3)
Architecture		
University Diploma	Elective Courses	24 credits
University Certificate	Students complete a minimum of 24 credits selected from the list of courses below. All 24 credits must be at the senior (300 to higher) level. A minimum of 6 credits must include science lab components. Courses that are not listed here but which are easily demonstrated to have mainly Human Science content may be considered towards the elective credit requirements.	
Certificate of Completion - English Language Proficiency Program

Bachelor of Science Applied Mathematics Minor

New Minor, effective September 1, 2017.

A BSc with a minor in Applied Mathematics at Athabasca University is designed to expose students with a wide range of mathematics topics aimed at developing skills that can be directly applied in fields such as computer science, finance, biology, engineering, and other math-related disciplines.

APPLIED MATHEMATICS MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor in Applied Mathematics involves the completion of 21 credits of core and elective courses.

Core Courses **9 credits**

MATH	<u>Introduction to</u>	(3)
266	<u>Calculus II</u>	

Professional Arts, General Regulations MATH 270 Linear Algebra I (3)

Science MATH 271 Linear Algebra II (3)

Bachelor of Science, 4-year

Elective Courses **12 credits**

Bachelor of Science, 4-year, Post Diploma

Students complete a minimum of 12 credits selected from the Mathematics (MATH) discipline. A minimum of 6 credits must be at the senior (300 or higher) level.

Computing and Informations Systems Major, 4-year

Bachelor of Science Architecture Minor

New Minor, effective September 1, 2017.

The BSc minor in Architecture provides undergraduates with an opportunity to explore the discipline of Architecture. Students will experience design studios along with history, theory, and building science courses—all with an emphasis on sustainability.

ARCHITECTURE MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor in Architecture involves the completion of 24 credits of core courses.

Core Courses		24 credits
ARCH 200	<u>History of Ideas in Architecture I</u>	(3)
ADST 200	<u>Foundations of Design I</u>	(3)
APST 215	<u>Introduction to Graphic Representation</u>	(3)
ADST 205	<u>Foundations of Design II</u>	(3)
APST	<u>Materials, Properties, and Applications</u>	(3)

Professional Arts, General Regulations	230		
	APST 240	<u>Introduction to Structures</u>	(3)
Science			
	APST 470	<u>Building Envelope and Assemblies</u>	(3)
Bachelor of Science, 4-year			
	APST 480	<u>Mechanical Equipment of Buildings</u>	(3)
Bachelor of Science, 4-year, Post Diploma		Please note: students interested in a major in Architecture should review the program regulations for the <u>Bachelor of Science in Architecture</u> program.

Bachelor of Science Biology Minor

New Minor, effective September 1, 2017.

The minor in Biology at Athabasca University offers a comprehensive program of study and training in the biological science. It is designed to provide a broad background in biology while allowing students significant flexibility in choosing courses of interest. Students will be exposed to the fundamental principles of biology, including studies of the structure, organization, and diversity of life. This minor is intended to provide additional qualifications in science-related careers that require an understanding and appreciation of the life sciences, or preparation for graduate work in biology.

BIOLOGY MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor on Biology involves the completion of 24 credit of core and electives courses. The Biology minor cannot be combined with the Human Science major.

Professional Arts, General Regulations	Core Courses	6 credits
Science	BIOL <u>Principles of Biology I</u> 204 (lab component)	(3)
Bachelor of Science, 4-year	BIOL <u>Principles of Biology IIB</u> (home lab version) 205	
Bachelor of Science, 4-year, Post Diploma	or	(3)
	BIOL <u>Principles of Biology II</u> 207 (lab component)	
Computing and Informations Systems Major, 4-year	Elective Courses	18 credits
Applied Mathematics Major, 4-year	Students complete a minimum of 18 credits chosen from the Biology (<u>BIOL</u>) discipline. A minimum of 6 credits must be at the senior (300 or higher) level.	
Human Science Major, 4-year	Information effective Sept. 1, 2017 to Aug. 31, 2018.

Bachelor of Science Business Administration Minor

New Minor, effective September 1, 2017.

The Business Administration minor is designed to complement a student's choice of major. This minor enables a basic grasp of management theory and of technically-based skills in the core business areas of Accounting, Management Science, and Marketing. It will provide students with the relevant skills to enter their chosen career.

BUSINESS ADMINISTRATION MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor in Business Administration involves the completion of 24 credits of core and elective courses.

Core Courses **18

Bachelor of Science Computing Minor

New Minor, effective September 1, 2017.

The minor in Computing is intended for students with an interest in computer programming and application development. It provides foundations in the skills, techniques and technologies used to build digital tools and applications, offering the opportunity to develop skills in programming, data management, systems analysis, and interaction design. Students may elect to explore other important areas of computing such as operating systems and networking should they wish, leading to a solid background in computer science.

COMPUTING MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor in Computing involves the completion of 24 credits of core and elective courses.

Core Courses

**15
credits**

Professional Arts, General Regulations	COMP 206	<u>Introduction to Computer Programming (C++)</u>	
Science		or	(3)
Bachelor of Science, 4-year	COMP 268	<u>Introduction to Computer Programming (Java)</u>	
Bachelor of Science, 4-year, Post Diploma	COMP 214	<u>Interactive Technologies</u>	(3)
Computing and Informations Systems Major, 4-year	COMP 272	<u>Data Structures and Algorithms</u>	(3)
	COMP 361	<u>Systems Analysis and Design</u>	(3)
Applied Mathematics Major, 4-year	COMP 378	<u>Introduction to Database Management</u>	(3)

Elective Courses **9 credits**

Students complete a minimum of 9 credits selected from the Computer Science (COMP) discipline at a junior or senior level.

Information effective Sept. 1, 2017 to Aug. 31, 2018.

Bachelor of Science Game Design and Development Minor

New Minor, effective September 1, 2017.

The Game Design and Development minor is aimed at those interested in the computer gaming industry and related fields. While offering some programming, the minor focuses mainly on the broader game design process. It provides opportunities to gain practical and creative skills in developing stories, designs and systems as part of a games development team, or in creating small games, and game-like, or gamified applications.

Note: Those looking to gain their programming and computing skills needed to develop complex video games should instead consider the more technically-focused [Game Programming minor](#) instead.

GAME DESIGN AND DEVELOPMENT MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor in

Professional Arts, General Regulations	Game Design and Development involves the completion of 24 credits of core and elective courses.

Bachelor of Science Game Programming Minor

New Minor, effective September 1, 2017.

This minor is designed for those interested in entering the game industry or developing and publishing their own games. The four core courses are ones all game designers and developers need. Moreover, with a variety of elective courses, students can choose to focus on the courses that nurture their skills set for careers in the game industry.

GAME PROGRAMMING MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor in Game Programming involves the completion of 24 credits of core and elective courses.

Core Courses **15
credits**

COMP Introduction to
Computer
Programming (C++)

Professional Arts, General Regulations	206	or	(3)
Science	COMP 306	<u>C++ for Programmers</u>	
Bachelor of Science, 4-year	COMP 318	<u>Introduction to Game Design and Development</u>	(3)
Bachelor of Science, 4-year, Post Diploma	COMP 369	<u>Practical Game Programming</u>	(3)
Computing and Informations Systems Major, 4-year	COMP 390	<u>Computer Graphics</u>	(3)
	COMP 452	<u>Artificial Intellegence for Game Developers</u>	(3)
Applied Mathematics Major, 4-year	Elective Courses		9 credits
Human Science Major, 4-year	Students complete a minimum of 9 credits selected from the list of courses below:		
Bachelor of Science Minors	COMP 214	<u>Interactive Technologies</u>	(3)
Applied Mathematics Minor	COMP 230	<u>Storyboard Design and Development</u>	(3)
Architecture Minor	COMP 266	<u>Introduction to Web Programming</u>	(3)
Biology Minor	COMP 268	<u>Introduction to Computer Programming (Java)</u>	(3)
Business Administration Minor	COMP 272	<u>Data Structures and Algorithms</u>	(3)
Computing Minor	COMP 282	<u>Social Aspects of Games, Leisure, and Entertainment</u>	(3)
Finance		<u>Effective Use of</u>	

Management Minor	COMP 283	<u>Myths and Facts in Computer Games</u>	(3)
Game Design and Development Minor	COMP 308	<u>Java for Programmers</u>	(3)
Game Programming Minor	COMP 314	<u>Operating Systems</u>	(3)
Geoscience Minor	COMP 347	<u>Computer Networks</u>	(3)
Human Science Minor	COMP 348	<u>Network Programming in Java</u>	(3)
Information Systems Management Minor	COMP 361	<u>Systems Analysis and Design</u>	(3)
Information Systems Management Minor	COMP 378	<u>Introduction to Database Management</u>	(3)
Information Systems Minor	COMP 382	<u>3D Programming in Java</u>	(3)
Learning Technology Minor	COMP 393	<u>Advanced Graphics with Shaders</u>	(3)
Physical Sciences Minor	COMP 466	<u>Advanced Technologies for Web-Based Systems</u>	(3)
Psychology Minor	COMP 482	<u>Human Computer Interaction</u>	(3)
Web Development Minor	COMP 486	<u>Mobile and Internet Game Development</u>	(3)
Architecture	COMP 489	<u>Distributed Computing</u>	(3)
University Diploma	Information effective Sept. 1, 2017 to Aug. 31, 2018.

Bachelor of Science Geoscience Minor

New Minor, effective September 1, 2017.

The Geoscience minor acquaints students with basic aspects of the physical and natural systems that operate on Earth, within it, as well as in its atmosphere. The minor requires the completion of four core geoscience courses as well as four electives in related geoscience and science. It can be combined with any major. Completion of the minor allows students to find employment in a wide range of sectors including environmental, government and consulting services.

GEOSCIENCE MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor in Geoscience involves the completion of 24 credits of core and elective courses.

Core Courses	12 credits
---------------------	-----------------------

GEOL 200	<u>Introductory Physical</u> <u>Geology</u>	(3)
----------	--	-----

Professional Arts, General Regulations	GEOL 201	<u>Introductory Historical Geology</u>	(3)
Science	GEOG 265	<u>Introductory Physical Geography I</u>	(3)
Bachelor of Science, 4-year	GEOG 266	<u>Introductory Physical Geography II: Lithosphere and Biosphere</u>	(3)
Bachelor of Science, 4-year, Post Diploma	Elective Courses		12 credits
Computing and Informations Systems Major, 4-year	Students complete a minimum of 12 credits chosen from the following disciplines:		
Applied Mathematics Major, 4-year	Geology (<u>GEOL</u>) Geography (<u>GEOG</u>) Geophysics* Environmental Science (<u>ENVS</u>)		
Human Science Major, 4-year	A minimum of 6 credits must be at the senior (300 or higher) level. Courses which are easily demonstrated to have closely-related science content (e.g. CHEM 350) may be considered towards the credit requirements.		
Bachelor of Science Minors	*Note: AU does not currently offer Geophysics courses, but may accept as transfer credit to be used towards the Geoscience electives.

Bachelor of Science Human Science Minor

New Minor, effective September 1, 2017.

The Human Science minor at Athabasca University offers students a customizable program of study to obtain expertise in the biology and health of the human body. This minor is designed to provide a background in human biology while allowing significant flexibility for students to choose courses of interest in human health, community health, nutrition, and psychology. It is intended to prepare students for careers in the life sciences, further study in programs such as medicine or graduate work in biology and health-related disciplines. Students will develop an understanding of the chemical and biological processes of the human body and be able to relate this knowledge to aspects of health and development as well as to the human environment.

HUMAN SCIENCE MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor in Human Science involves the completion of 24 credits of core and elective

Bachelor of Science Information Systems Management Minor

New Minor, effective September 1, 2017.

The minor in Information Systems Management provides knowledge essential to effective use of computers and information systems in the business environment from a management perspective. Students will develop a sophisticated understanding of trends and issues related to information systems, and learn how to align information systems with business goals.

It introduces and examines how information systems analysis and management can be used to meet the strategic needs of business and government. The minor's main concern is how businesses use information to improve company operations. Courses in the minor focus on how to design and develop information systems, how to manage information systems in organizations, and how business processes and information systems can align with company goals for financial reporting, control requirements, and IT structure.

Bachelor of Science Information Systems Minor

New Minor, effective September 1, 2017.

The minor in Information Systems is concerned with the use of computers to support the management of data and information in human systems. It offers an introduction to the main areas of information systems such as database design, systems analysis, and programming, with options to choose from across the spectrum of computing and information systems courses, depending on personal needs and interests. The minor is mainly concerned with applying computer skills within a business context. It will be of particular value to those that need to work with programmers and other computing professionals to build robust, relevant and effective information systems that meet human and business needs, as well as those wishing to apply knowledge of computer systems in other fields of interest.

Bachelor of Science Learning Technology Minor

New Minor, effective September 1, 2017.

The Learning Technology minor is primarily aimed at those interested in entering the fields of instructional design, online teaching, or learning technology management, or who wish to work with computers in the fields of education or training. The minor outlines the fundamentals of computing as well as learning theory (e.g. motivation and development). Students will learn some programming, application design, and interaction design skills; gain grounding in models of learning (e.g. behaviourist, cognitivist, and constructivist). It introduces a variety of approaches to teaching and assessment, and to the use or building of digital technologies to support such activities.

LEARNING TECHNOLOGY MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirement and the specific

Professional Arts, General Regulations

requirements of the major, a minor in Learning Technology involves the completion of 24 credits of core and elective courses.

Bachelor of Science Physical Sciences Minor

New Minor, effective September 1, 2017.

The Physical Sciences minor provides an opportunity for students to enrich their major field of study with fundamental knowledge in chemistry and physics through junior and senior level courses. In addition, students can explore other closely-related disciplines such as astronomy and geophysics.

PHYSICAL SCIENCES MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirements and the specific requirements of the major, a minor in Physical Sciences involves the completion of 24 credits of core and elective courses.

Core Courses		12 credits
CHEM 217	<u>Chemical Principles I</u>	(3)
CHEM 218	<u>Chemical Principles II</u>	(3)

Professional Arts, General Regulations	PHYS 204	<u>Physics for Scientists and Engineers I</u>	(3)
Science	PHYS 205	<u>Physics for Scientists and Engineers II</u>	(3)

Bachelor of Science, 4-year

Elective Courses **12 credits**

Bachelor of Science, 4-year, Post Diploma

Student complete a minimum of 12 credits selected from the following disciplines:

Computing and Informations Systems Major, 4-year

Chemistry (CHEM)
 Physics (PHYS)
 Astronomy (ASTR)
 Geophysics*

Applied Mathematics Major, 4-year

A minimum of 6 credits must be at a senior (300 or higher) level.

Human Science Major, 4-year

*Note: AU does not currently offer Geophysics courses, but may accept as transfer credit to be used towards the Physical Sciences electives.

Bachelor of Science Web Development Minor

New Minor, effective September 1, 2017.

The minor in Web Development teaches the skills needed to design, create, and maintain rich, interactive web-based systems. In addition to grounding in popular web programming languages as web page development, the minor covers a range of necessary accompanying skills such as database design, systems analysis, and interaction design.

WEB DEVELOPMENT MINOR – SPECIFIC REQUIREMENTS

In addition to the BSc program general requirement and the specific requirements of the major, a minor in Web Development involves the completion of 24 credits of core and elective courses.

Core Courses		15 credits
COMP 214	<u>Interactive Technologies</u>	(3)
COMP	<u>Introduction to Web</u>	(3)

Professional Arts, General Regulations	266	<u>Programming (Java)</u>	
	COMP 361	<u>Systems Analysis and Design</u>	(3)
Science			
Bachelor of Science, 4-year	COMP 378	<u>Introduction to Database Management</u>	(3)
Bachelor of Science, 4-year, Post Diploma	COMP 466	<u>Advanced Technologies for Web-Based Systems</u>	(3)
	Elective Courses		9
Computing and Informations Systems Major, 4-year			credits
		Students complete a minimum of 9 credits selected from the list of courses below:	
Applied Mathematics Major, 4-year	COMP 268	<u>Introduction to Computer Programming (Java)</u>	(3)

Architecture

Regulations effective September 1, 2017.

The Bachelor of Science Architecture (BSc Arch) program at Athabasca University provides a new way to study architecture and it is designed for the adult learner who wishes to earn a quality university education regardless of age, gender, culture, ability or disability, geographic location, career and family commitments.

There are two ways to complete this degree:

1. General interest students may complete the BSc Arch program. This approach does not involve a work/study component and can lead to licensing through the more traditional route of a Masters of Architecture (from another university) and internship.

Both the academic courses and the studios within this route will be completed online although there may be some face-to-face immersive studios as well.

The BSc Arch by itself can also lead to a variety of design careers.

2. Students may also complete the BSc Arch as part of the RAIC Syllabus

Professional Arts, General Regulations	program which is a work/study program that can provide an alternative pathway to licensing as an architect in Canada.
Science	
Architecture	
Bachelor of Science Major in Architecture, 4-year	Students who are interested in this route of the BSc Arch program should first register with the RAIC to ensure they qualify for professional certification at the end of the program. In the Syllabus, students will complete 9800 hours of work experience while taking academic courses and design studios. The design studios are run by the RAIC in major cities across Canada and are face-to-face rather than virtual. The academic courses are run by Athabasca University and are online. The RAIC also supervises the work experience component.
Bachelor of Science Major in Architecture, Post Diploma	
University Diploma	
University Certificate	The terminal credential in this program is the RAIC Syllabus Diploma. There are two routes to this diploma.

a. **The Degree Route**

Beginning in July 2014, students may choose to complete the BSc Arch, the PBDA (Post Baccalaureate Diploma in Architecture) and 9800 hours of work experience under the supervision of a licensed Canadian architect.

b. **The Existing Route**

Students may also choose to only complete the courses and studios required by Part I, II and III and 9800 hours of work experience under the

Student Code
of Conduct and
Right to
Appeals
Regulations

Calendar

supervision of a licensed Canadian architect. There are fewer courses in this route but students do not earn the BSc Arch or PBDA.

In both cases successful students will receive the RAIC Syllabus Diploma and may then apply for individual certification by the Canadian Architectural Certification Board (CACB). This, in turn, will make a student eligible to apply for membership with a provincial architectural association – although students may be required to complete exams and additional internship hours.

You will find the Syllabus Diploma application steps listed at the following link:

<http://www.raic-syllabus.ca/application>

For further information pertaining to the Syllabus Diploma registrations please contact the Syllabus Assistant Registrar at 613 241 3600 ext. 204

Bachelor of Science Major in Architecture (4 years – 120 credits)

Regulations effective September 1, 2017.

Athabasca University and Architecture Canada, Royal Architecture Institute of Canada (RAIC), have formed a partnership dedicated to offering a high quality online architecture program. This is Canada's first online architecture program and it is a component of the renewal of the RAIC Syllabus which constitutes an alternative path to professional licensure as an architect in Canada. The RAIC Syllabus consists of studio, work experience and academic components taken while working under the supervision of a licensed Canadian architect.

The academic components of the Syllabus program are shared between first, a Bachelor of Science in Architecture (BSc Arch) and second, a Post-Baccalaureate Diploma in Architecture (PBDA). Together, the studio and work experience (offered by RAIC) and the academic components (offered by Athabasca University) fulfill the requirements of the RAIC Syllabus Professional Diploma in Architecture.

The BSc Arch program, which has a strong focus on environmental and community sustainability, will also be beneficial for

public and private careers in urban and construction planning and design, as well as studies of the built environment. Students are strongly encouraged to register in ENGL 255 early in their program.

The BSc Arch program, has open admission, however students who have an approved diploma or credentials in architecture may apply for the Post Diploma route and will be awarded 30 credits towards the BSc Architecture (PD). Students may receive additional credits pending review of course content completed through the diploma program.

Students with a Recognized Degree

Students who hold a recognized first degree, outside of the field of Architecture, and who are interested on the BSc Arch program and/or courses, have two options:

1. Apply to enter a second undergraduate degree. The second degree must include 60 credits that were not part of the first degree, at least 30 of which must be completed at Athabasca.
2. Register as a non-program student and take courses of interest to them.

**Specific Architectural
Program Regulations**

Given the professional nature of the BSc Architecture program, some of the following regulations supersede some of the general policies governing academic studies at Athabasca University:

1. Athabasca University will not grant transfer credit for science courses that were completed more than 10 years ago. Computer Science (COMP) and Computer Management Information Systems (CMIS) courses older than 5 years will be stale dated if students are not currently working in the field of Architecture.
2. To be awarded a BSc Architecture degree, a minimum grade-point average of 2.3 is required in all Athabasca University courses used towards the degree.
3. Upon graduation in the BSc Architecture degree students may subsequently complete the Post-Baccalaureate Diploma in Architecture in order to apply for the RAIC Professional Diploma in Architecture.

English Writing Skills Requirement

The English Writing Skills Requirement (ENGL 255) will be waived (students must replace the three credits to satisfy the credit requirement) if you satisfy one of the following:

have a grade of B- (70 per cent) or better in an AU English course above the preparatory (100) level;
or received transfer credit for a university-level English course in which a grade of B- or better was achieved.

University Diploma in Health Administration

Regulations effective September 1, 2017.

The University Diploma in Health Administration (previously called University Certificate in Health Development Administration) is offered by individualized study and where feasible, by grouped study (classroom and video conference delivery), in collaboration community colleges.

Faced with tighter budgets and rising costs, health services administration is in the process of reinventing itself. Health care managers are looking for innovative, cost-effective, and results-oriented ways of meeting the ever-increasing demands placed upon our health care system.

Students complete the program regulations in effect at the time of their enrolment.

* Students are strongly recommended to take one of these courses if they do not come to the program with a human health background.

Specific Regulations

There is one practicum required for the University Diploma in Health Administration. HADM 435 is a 6-credit capstone course with a 240-hour practicum component and should be

taken at or near the end of the program.
The practicum course is available only to
program students.

University Diploma in Inclusive Education

Regulations amended, effective September 1, 2017.

The University Diploma in Inclusive Education is intended primarily for teachers who wish to enhance their knowledge and skills in the areas of special needs. The program consists of 24 credits following Athabasca University's program requirements outlined below.

AU advisors have developed a [Program Plan](#) to assist you. The University has also developed [program learning outcomes](#) that describe the career options that may be available to you upon graduating.

Students complete the program regulations in effect at the time of their enrolment.

Enrolment Requirements

Applicants must have completed a four-year Bachelor of Education degree or its equivalent. Consult the [program coordinator](#) for determining equivalency. Learners may enrol either on a full- or part-time basis. It is recommended that the diploma be completed in six years.

Professional Arts, General Regulations	Students with previous credentials in special education should contact the program coordinator before enrolling in this program.
Science	
Architecture	Those AU students who have previously satisfied three to 12 credits of the core courses (within another completed AU credential) are required to replace those credits with additional credits in consultation with the program coordinator.

University Certificates

Regulations effective September 1, 2017.

General Regulations

University certificate programs provide interim qualifications in specific subject areas. The following general regulations apply to all certificate programs. Athabasca University has developed individual program learning outcomes that describe the career options that may be available to you upon graduating.

1. Fifty per cent* of the total credits required, must be completed through Athabasca University. Up to 50 per cent of the required credits may be transferred from another post-secondary institution.

* Some certificate programs require less than 50 per cent, e.g., University Certificate in Counselling Women and University Certificate in English Language Studies.

2. University certificate credentials are awarded throughout the year. Students must submit an Application for Graduation Form to the Office of the Registrar (see [Graduation](#)).
3. Students with less than 50 per cent of coursework completed in their current Athabasca University degree program may withdraw from their degree and apply into a university certificate program. Credit will be awarded (from the previous incomplete degree program) to the extent permissible under the applicable program regulations in effect at the time of the change of credential.
4. Students with 50 per cent of coursework completed in their current Athabasca University degree program are encouraged to consult with a student advisor before changing programs.
5. Students who change their program of study from an

Athabasca University degree program to a university certificate program forfeit their standing in the degree program. If students wish to return to the degree program (after being enrolled in the university certificate program) they will be required to meet the degree requirements in effect at the time of re-enrolment (see [Changing Programs](#)) to the degree.

6. Students who have completed a previous credential (degree, certificate, or diploma) from Athabasca University or another institution must complete a minimum of 50 per cent of the credits in course work not previously used towards any credential.

Students who have a previous credential in the same subject area as the certificate cannot enrol in the certificate.

7. Students may obtain either the University Certificate in Human Resources and Labour Relations (formerly Industrial Relations and Human Resources) or the University Certificate in Labour Studies, but not both.

University Certificate in Accounting

Regulations amended, effective September 1, 2017.

The University Certificate in Accounting is designed for students who want to develop skills and knowledge appropriate for an accounting professional. The program has been designed so you may, with careful selection of options, complete the courses that make up many levels of the training required by the professional accounting associations. Students holding an undergraduate or graduate degree with a major in accounting may not enrol in this program. Students complete the program regulations in effect at the time of their enrolment.

Transfer Credit will not be accepted if course(s) completed more than:

- 10 years ago in Business and Administrative Studies area of study at the (300/400) level;
- 5 years ago in the CMIS (all levels);
- 10 years ago in Statistics (all levels).

Transfer credit being used to satisfy options other than those in the Business and Administrative Studies area of study will not be restricted. If you are currently

University Certificate in Advanced Accounting

Regulations amended, effective September 1, 2017.

The University Certificate in Advanced Accounting is designed to build upon the knowledge and skills students developed in the University Certificate in Accounting. Thus, the University Certificate in Accounting (or its equivalent) is required for enrolment in the program. Students holding an undergraduate or graduate degree with a major in accounting may not enrol in this program.

Transfer Credit will not be accepted if course(s) completed more than:

- 10 years ago in Business and Administrative Studies area of study at the (300/400) level;
- 5 years ago in the CMIS (all levels);
- 10 years ago in Statistics (all levels).

Transfer credit being used to satisfy options other than those in the Business and Administrative Studies area of study will not be restricted. If you are currently working in the field and provide evidence of work being completed, this restriction may be waived.

University Certificate in Career Development

Regulations amended, effective September 1, 2017.

The University Certificate in Career Development is a 30-credit (one-year full-time study) program. It is intended primarily for practitioners who have some related work experience in a human services field. The certificate builds on competencies already developed to enhance the practitioner's effectiveness.

Graduates will learn about:

- career development concepts, principles, and theories
- the career development implications of social, cultural, economic, and work trends
- using career resources and communication skills creatively to provide ethical and effective assistance in a variety of settings
- critically evaluating their practice
- engaging in practitioner research.

Because most core and psychology elective courses in this program assume a basic background in psychology, it is strongly recommended that students have credit in [PSYC 289](#) and [PSYC 290](#) or their equivalent before registering in senior-

University Certificate in Computers and Management Information Systems

Regulations amended, effective September 1, 2017.

The University Certificate in Computers and Management Information Systems is designed to develop skills and expertise in the area of computers and management information systems and provide a foundation for further studies.

This certificate will provide students with knowledge of management principles, techniques, and tools essential to the application of computers and information systems in the business environment. It will also prepare them as a business professional with sophisticated understanding of trends and issues related to information systems. Students will develop an understanding of the more technical aspects of information systems management, and how to align information systems with business goals.

Transfer Credit will not be accepted if course(s) completed more than:

10 years ago in Business and
Administrative Studies area of study at

Professional Arts, General Regulations	the (300/400) level; 5 years ago in the CMIS (all levels); 10 years ago in Statistics (all levels).

University Certificate in Computing and Information Systems

Regulations effective September 1, 2017.

The University Certificate in Computing and Information Systems is designed to provide a solid educational base in computing and information systems. Graduates may use the credits in their future program studies if they wish to pursue a Bachelor of Science degree in Computing and Information Systems.

During this university certificate program, students will acquire essential computer programming skills by taking COMP 268 and COMP 272, as well as web development skills by taking COMP 266. Students will comprehend the theories and technologies of computer operating systems, computer networks, system analysis and design, as well as database management. In addition, by completing certain elective courses offered in the program, graduates will gain specialized skills in different IT areas such as database management, system administration, computer programming, or web development.

Refer to the SCIS website for course listings of the various specializations, or consult with the program director for

Specific Regulations

1. Athabasca University may grant transfer credit for individual computer science courses that were completed more than five years ago if proof of currency in the field is provided in the form of a resumé and letter(s) of employment. The letter(s) of employment need to show evidence of activity in this field over the five-year period prior to the request for transfer credit. Other evidence may be accepted if the letter and the resumé cannot be supplied. Science courses that are over 10 years old will be accepted for transfer credit if evidence of employment in a Science or Engineering field is supplied. Visit the [SCIS website](#) for more information regarding transfer credit time limits in relation to SCIS programs.
2. Preparatory (100-level) courses cannot be used to fulfill the requirements of this certificate.

3. Precluded Courses: Students cannot receive credit for COMP 203 or COMP 220 in this program.

English Writing Skills Requirement

Students will be exempted* from the English Writing Skills Requirement (ENGL 255) if they have met one of the following criteria:

have a grade of B- (70 per cent) or better in an Athabasca University English course above the preparatory (100) level, or
receive transfer credit for an English course in which a grade of B- (70 per cent) or better was achieved.

* Note: The exemption must be replaced with a 3-credit course in any discipline at the junior/senior (200 to 400) level.

Information effective Sept. 1, 2017 to Aug. 31, 2018.

University Certificate in Counselling Women

Regulations effective September 1, 2017.

The University Certificate in Counselling Women applies contemporary feminist theory to the practice of counselling. The program develops basic counselling skills with a particular emphasis on acquiring crisis intervention skills.

The program is ideal for professionals and volunteers—crisis workers, social workers, family life educators, adult educators, nurses, teachers, and vocational counsellors—who will acquire the skills to help women solve specific and everyday problems.

Students holding a Diploma in Social Work should choose electives in consultation with an Athabasca University advisor to ensure the electives meet the requirements of the UCCW, BPA Human Services and B. Health Administration.

The elective courses can consist of Athabasca University courses and approved courses from other institutions. The certificate can be transferred to other programs at Athabasca University and other universities if the courses fit the requirements at the receiving institution. Students who are planning to complete

Professional Arts, General Regulations

the certificate in one year (based on a full-time Student Finance study plan) should first discuss their plan with the [Program Coordinator](#).

University Certificate in e-Commerce

Regulations amended, effective September 1, 2017.

The University Certificate in e-Commerce program provides students with a solid management foundation. The growth in e-Commerce worldwide is creating many opportunities for qualified and skilled people in every sector of the economy including retail, marketing, health care, financial institutions, education, small business, and government.

Transfer Credit will not be accepted if course(s) completed more than:

10 years ago in Business and Administrative Studies area of study at the (300/400) level;

5 years ago in the CMIS (all levels);

10 years ago in Statistics (all levels).

Transfer credit being used to satisfy options other than those in the Business and Administrative Studies area of study will not be restricted. If you are currently working in the field and provide evidence of work being completed, this restriction may be waived.

Professional Arts, General Regulations Athabasca University has developed program learning outcomes that describe the career options that may be available to you upon graduating.

University Certificate in English Language Studies (offered jointly with the T  l  -universit   du Qu  bec)

Regulations effective September 1, 2017.

While English-speaking students are most welcome, the University Certificate in English Language Studies at Athabasca University is intended primarily for students whose native tongue is not English. The program is designed to teach students to communicate well in both oral and written English, in various professional contexts. Students will also study the structure of the English language and the social, cultural, and linguistic aspects of learning the language as it is practised in North America.

The program will enable students to apply acquired linguistic and cultural knowledge in various areas, including teaching English as a second language (TESL), translation, international business, and other professional fields.

Information regarding TESL accreditation requirements is on the [TESL website](#).

The program is offered jointly with T  l  -universit   du Qu  bec ([TELUQ](#)), and students may enrol in the program at

either university. For additional information on this program, French-speaking students may contact Télé-université du Québec at 800.665.4333 or fax 418.657.2094. French- and/or English-speaking students may contact [Grace Oresile](#), Athabasca University at 1.800.788.9041, ext. 2057 or 1.780.428.2057.

Program Plans

Our [online program plans](#) can assist students in selecting the courses needed to fulfill program requirements.

Counselling Services offers an assessment website, "[Mapping Your Future: Your Career and Athabasca University.](#)" Athabasca University has also developed [program learning outcomes](#) that describe the career options that may be available upon graduating.

Students complete the program regulations in effect at the time of their enrolment.

Supplementary Requirements (for the Télé-université portion of the program)

Candidates must successfully complete the Télé-université placement test, and achieve the Advanced I level or higher. Students who have successfully passed the Télé-université course entitled General Communication (ANG 3001) are exempt from the placement test. Any student who attains the Advanced I level on the placement test may be admitted to the

Proficiency	program on the condition that he or she passes the Télé-université course entitled General Communication (ANG 3001) or its equivalent before the beginning of the program. Any student who presents an attestation of the equivalent level of knowledge as that of the placement test may be allowed exemption from the Télé-université placement test.	
Game Development and Programming		
Heritage Resources Management		
Human Resources and Labour Relations	Courses can be taken on a full-time or part-time basis. The courses in this program are divided into two distinct blocks: Language and Culture, and Professional Applications.	
Labour Studies	The Language and Culture block is devoted to the first three specific objectives of the program: to establish a theoretical and practical understanding of the English language through grammar, vocabulary, and syntax; and to familiarize students with expressions and works that reflect North American anglophone culture through introductory courses in Canadian and American literature. This block improves oral and written communication skills, and provides a good understanding of the various socio-cultural realities of anglophones across Canada and around the world. The language courses are offered by Athabasca University and Télé-université; the culture courses by Athabasca University.	
Management Applications		
Management Foundations		
Marketing		
Public Administration		
Certificate of Completion - English Language Proficiency Program		
Archived Program Regulations		
Undergraduate Courses		The Professional Applications block provides a practical English experience in various professional fields: the teaching of English as a second language, computer science, international business, translation, etc. This sector develops students' ability to integrate linguistically and culturally at a level appropriate to each domain. Although technical by nature, it incorporates thought-in-action, and encompasses two dimensions of
Examinations and Grades

Search Undergraduate Calendar

understanding. First, it enables students to grasp the explicit and implicit values inherent in the activities. And second, it helps students become aware of the socio-historic contexts of those activities. Consequently, the knowledge acquired is contextualized as social and historical works, and not as immutable truths or values. This approach, known as "thought-critique" or "praxeology," allows for a better understanding of languages and cultures.

NOTE: New courses for other professional applications other than those mentioned, could be offered in the future depending on the needs and demands of the students at any given time.

University Certificate in Finance

Regulations amended, effective September 1, 2017.

The University Certificate in Finance program provides students with the skills and knowledge appropriate for financial services professionals. The program has been designed so that, through careful selection of options, students may complete the major portion of the training required by various professional financial services associations. All credit earned in the UC: Finance program can be transferred into the [Bachelor of Commerce](#) or [Bachelor of Management](#) program at Athabasca University.

Transfer Credit will not be accepted if course(s) completed more than:

- 10 years ago in Business and Administrative Studies area of study at the (300/400) level;
- 5 years ago in the CMIS (all levels);
- 10 years ago in Statistics (all levels).

Transfer credit being used to satisfy options other than those in the Business and Administrative Studies area of study will not be restricted. If you are currently

University Certificate in Game Development and Programming

Regulations effective September 1, 2017.

The University Certificate in Game Development and Programming (UCGDP) at Athabasca University is designed to meet the needs of the game industry by providing students with a solid technical base in game development and programming.

No previous programming experience is required for admission to this certificate. Students with previous post-secondary education or programming experience may be able to reduce the total number of credits required for the certificate through transfer credit of challenge for credit. Students can possibly receive credit towards the bridging courses through the Prior Learning Assessment and Recognition ([PLAR](#)) process, transfer credit and/or challenging a course for credit.

Students may specialize in a particular area of game development by taking recommended elective courses, which can be found on the [SCIS](#) website.

Moreover, students who complete the certificate program may use the credits towards their future studies if they wish to

Professional Arts, General Regulations

pursue the Bachelor of Science Major in Computing and Information Systems degree.

Science

The programming language requirement for the certificate is COMP 308 (Java) or COMP 306 (C++), as noted below. Some courses will specify Java as a prerequisite, while others will require C++. Course Coordinators might allow students to use different programming languages, depending on the nature of the course.

University Certificate in Heritage Resources Management

Regulations effective September 1, 2017.

Work in the heritage sector involves many different and specialized practices. These include the work undertaken at archives, at a huge range of museums, interpretive centres, historic places and heritage landscapes, and as part of some types of scientific and cultural activity. These many differences reflect the vitality and range of the contemporary heritage field.

The University Certificate in Heritage Resources Management (HRM) is a comprehensive program of study that is designed for people who want a broad perspective on Heritage Resources Management, who wish to pursue careers or other involvement with heritage resources practice, or who are working or volunteering in the field and who wish to improve their skills in heritage practice.

There is a required practicum component in this program: HERM 491, which serves as the capstone for the certificate. Students must be registered in their final courses, or have completed all other courses before the practicum begins. Before students register for this course, they must demonstrate that they can

Professional Arts, General Regulations	make adequate arrangements for the completion of the required <u>practicum</u> . For more information about the practicum and this program, phone 780.675.6955 or email hrm@athabasca.ca
Science	
Architecture	The HRM program is offered by Athabasca University's Centre for Integrated Studies. All courses are offered in distance format with tutor support.

Recommendations

* The practicum requires the completion of a 240-hour project. In consultation with the professor, Heritage Resources Management Program, students will identify in advance on their application for enrolment in the practicum details of their practicum project and a suitable on-site practicum supervisor. The professor will act as the course professor for the practicum. Students should plan to make application for their practicum several months before they plan to begin it. The application is to be submitted to the [HRM program](#). Please see HERM 491 syllabus for the application and details.

University Certificate in Human Resources and Labour Relations

Information amended, effective
September 1, 2016.

The University Certificate in Human Resources and Labour Relations is offered by the Centre for Social Sciences. This is an integrated, multidisciplinary program of courses that examines employment relations within their social, legal, political, and economic contexts. This certificate will be of interest to trade unionists, managers, human resource specialists and individuals interested in better employment opportunities.

Students complete the program regulations in effect at the time of their enrolment.

Students may obtain either the University Certificate Human Resources and Labour Relations or the University Certificate in Labour Studies (following), but not both. Students who have completed the former University Certificate in Labour Relations may not enrol in this program.

Students are recommended to take ENGL 255 or ADMN 233 early in their program.

University Certificate in Labour Studies

Regulations effective September 1, 2017.

The University Certificate in Labour Studies is designed for students who want to know more about the position of labour and working people in society. The program will be of particular interest to trade unionists at both the leadership and general membership levels. Students may obtain either the University Certificate in Labour Studies or the University Certificate in Human Resources and Labour Relations, but not both. Students who have completed the former University Certificate in Labour Relations, or the University Certificate in Industrial Relations and Human Resources, may not enrol in this program.

Students complete the program regulations in effect at the time of their enrolment.

Transfer Credits for Union Education and Prior Learning

Athabasca University grants advanced credit in the Labour Studies program for some union education programs. A student who has completed a Labour College of Canada Intensive Program, for example, may be eligible to receive nine credits. Students who have completed the Canadian Auto Workers Paid Educational Leave course may be eligible to receive three credits. Students who have completed the Canadian Postal Workers' Union Education Program may be eligible to receive six credits.

Credit is also granted for other union education programs and for other forms of prior learning. Contact Athabasca University for details. Many unions, and some employers, will reimburse students

for the cost of university tuition fees.
Discuss this with your union
representative or employer.

Recommendations

1. To ensure that all prerequisites have been completed, students should register in ACCT 245, ACCT 250, or ACCT 253, and CMIS 245 before choosing other courses in the required courses list.
2. Students planning to pursue the Bachelor of Commerce program should select ACCT 253 and FNCE 370.
3. Students wishing to do a block transfer to the University of Lethbridge Bachelor of Management must choose CMIS 245 and FNCE 370 as required courses.
4. Students wishing to do a block transfer to the University of Lethbridge Bachelor of Management must take ACCT 355 as one of their Business and Administrative Studies options.
5. Students who have not taken any writing courses or who wish to improve their writing skills are advised to take ADMN 233 as one of their Business and Administrative Studies options.
6. Students should take MGSC 301 (if not already taken the equivalent) as one of their Business and Administrative Studies options to meet the prerequisite requirement for FNCE 300 or FNCE 370.

University Certificate in Public Administration

Regulations effective September 1, 2017.

The University Certificate in Public Administration is designed for students who want to learn about administration at the municipal, provincial, and federal levels of government, as well as non profit and quasi governmental organizations. Students will take courses in such areas as communications, public finance, budgeting, economics, public policy, legal studies, human resources management, industrial relations, and indigenous studies.

Students may find this certificate useful to enter or re-enter the job market, to change careers, or for promotion in the public sector and/or non profit sector, or to provide a foundation for further studies.

Students complete the program regulations in effect at the time of their enrolment.

POLI 390	<u>Canadian Federalism</u>	(3)
POEC 393	<u>Canada and the Global Political Economy</u>	(3)

Option Courses (3 credits)

Choose any 3-credit course at the 200-, 300-, or 400-level. Students wanting to take LGST 331 should take the prerequisite LGST 369 as their option course. Students with advanced analytical and writing skills may wish to consider taking a 400-level GOVN course.

Notes:

Students cannot use the same course to satisfy both a required and an elective course requirement.

Students in public administration who wish to pursue employment in the federal civil service or foreign affairs are strongly advised to take French as their option. Students interested in governance capacity-building for indigenous communities should take Indigenous language courses.

Information effective Sept. 1, 2017 to Aug. 31, 2018.

English Language Proficiency Program

Regulations effective September 1, 2017.

The English Language Proficiency Program is not an undergraduate program; it is a program comprising specific courses that will help prepare students, particularly those who are not native English speakers, for success in three areas:

1. University entrance and studies. Not only do these courses make university education more accessible to students currently facing language barriers, they also help to ensure that students have the appropriate language skills before they register in other university-level courses.
2. Employment. These courses will help second-language learners gain the language skills they need to enter the workforce, and to enter it at a level that is more commensurate with their other skills, background, and education, and to improve their ability to communicate in the workplace.
3. Social situations. Improved language skills help individuals to maximize their potential in a variety of social and communicative settings.

To ensure satisfactory progress through the program, it is recommended that students obtain a minimum grade of B before continuing to the next level.

Before enrolling in the program, all students are required to take the online [self-assessment test](#). Guidance is available from the English Language Studies [coordinator](#) or from the staff of the [Write Site](#). Prospective students should register for the program as unclassified students (students who are not enrolled in an AU degree, diploma, or certificate program).

On successful completion of the program, students will receive a Certificate of Completion.

PROGRAM STRUCTURE

Total courses in the program	Four courses
Required course	One course
Elective courses	Three courses
Residency requirement. A minimum of three courses, including ENGL 155, must be completed through Athabasca University.	Three courses
Maximum Prior Learning Assessment and Recognition credits	None permitted

REQUIRED COURSE

ENGL 155 Developing Writing Skills (3)

Electives

A minimum of one or more of the following courses (dependent upon the results of the online self-assessment test).

ENGL 140 Grammar (0)

ENGL 143 Writing for Academic Purposes (0)

ENGL 146 Reading for Academic Purposes (0)

AND A MINIMUM OF ONE OF THE FOLLOWING COURSES:

ENGL 177 English for Academic Purposes (3)

ENGL 189 English for Business (3)

Information effective Sept. 1, 2017 to Aug. 31, 2018.
