Welcome

Welcome to Athabasca University, Canada's leading distance learning and online university. Join more than 40,000 students worldwide who are acquiring their university education without attending a traditional campus.

Athabasca University is committed to excellence. The University offers 90 graduate and undergraduate degrees, diplomas, and certificate programs, and more than 850 university courses in the sciences, social sciences, humanities, interdisciplinary studies, business and administrative studies, nursing, and commerce.

This online Calendar is your official resource when referencing undergraduate program and academic regulations throughout your stay at Athabasca University. If you are a graduate student, please consult the [graduate program calendar](#).

Mission Statement

Athabasca University, Canada's Open University, is dedicated to the removal of barriers that restrict access to, and success in, university-level studies and to increasing equality of educational opportunity for adult learners worldwide. We are committed to excellence in teaching, research and scholarship, and to being of service to the general public.

Legal Note

By the act of applying to Athabasca University and registering in a course or a course of study, each student at Athabasca University agrees to observe and be bound by the terms of this notice, and the terms, conditions, academic standards, rules, regulations, policies, and codes of behaviour contained or referenced in this Calendar. Therefore, it is the student's responsibility to be aware of the contents of the Calendar.

The Calendar sets forth the intention of the University at the time the Calendar was prepared. While Athabasca University makes reasonable efforts to ensure that the content in the Calendar is accurate, Athabasca University reserves the right to make additions, deletions, changes, or modifications to its policies, practice, procedures, tuition fees, course availability, delivery mode, schedules, or program requirements at any time without prior notice.

Athabasca University no longer produces a print Calendar, but does produce PDF versions of the online Calendar. In the event of any discrepancies between the PDF version and this official online version, the online version will apply.

The publication of information in the Calendar does not bind the University to the provision of courses, programs, services, or facilities as listed herein. Students are responsible for informing themselves of the University's procedures and policies and the specific requirements associated with the degree, diploma, or certificate sought.

Every student accepted for registration with Athabasca University shall be deemed to have agreed to be bound by the regulations and policies of the University and of the program in which that student is enrolled. Athabasca University specifically reserves the right to exercise its sole, absolute, and unfettered discretion in admitting individuals to the University, its programs, or courses.

Athabasca University shall incur no liability for loss or damage suffered or incurred by any student or third party as a result of delay, alteration, or termination of services, courses, programs, tuition, or fees by reason of: acts of nature, fire, strikes, lock-outs, damage to University

property, inability to procure or produce materials, civil unrest or disobedience, financial exigency, or any other cause of any kind.

1. General Information

Athabasca University offers students high quality, post-secondary education using online and print-based course materials. Course instruction centers on resources developed by a team of subject matter experts and enhanced by qualified tutors in a supportive distance learning environment.

At the heart of the University's philosophy is excellence, openness, flexibility, and innovation. Flexible learning means our students can start courses throughout the year, and study at home, work, or wherever they find themselves. Most of our students study year round. Athabasca University also has transfer arrangements with universities across Canada. This enables visiting students to transfer courses from Athabasca University to their home institution.

As an open university, Athabasca University admits students 16 years of age or older. Students may be of any nationality and reside anywhere in the world.

Students under 16 years of age may be admitted with special consideration by petitioning the Coordinator of Enrolment, Records, and Examination Services. An underage student's admission application form must be accompanied by the course registration form, an up-to-date high school transcript (or equivalent), letters of support from the student's high school principal or designate, and from a parent or guardian. Permission from the Course Coordinator responsible for the course must also be obtained. An interview will be arranged with the Course Coordinator at the time the course registration form is received.

3.1.3 Returning Students

To remain an active AU student you must be registered in an AU course, or you must have completed an AU course in the last 12 months. The 12-month period is based on the most recent course contract date, course completion date, or the date of withdrawal from an AU course.

Students who complete courses on a Letter of Permission from AU also retain their active status. If you complete courses at other institutions without first obtaining a Letter of Permission from AU, you may be designated inactive and forfeit your enrolment status and risk not receiving credit for the course.

If you are a returning student and you have never accessed the myAU portal, you will need to log into the portal using your AU Student ID number.

If you are a returning student with an active AU account, you can proceed to course registrations.

If you are a returning student with an inactive AU account, you need to reactivate your active status by selecting 'Change Your Program' found under the 'Manage Your Program' header under the 'Student Record' section of the myAU portal.

3.1.4 New Students

All new AU students require a student identification number. To obtain a student ID number, you must [apply for admission](#) to AU.

Complete and submit the online [Undergraduate General Application Form](#) and pay the one-time, non-refundable application fee. Before you apply online, you will need to determine if you are applying as a program student or as an unclassified (non-program/visiting) student.

Note: International students residing in Canada must apply using the [paper General Application Form](#), and submit it along with payment to AU.

3.1.4.1 Unclassified (Non-Program/Visiting) Students

Unclassified students are not enrolled in an AU credential program, but are either planning to take or are currently registered in AU courses only. There is no limit to the total number of courses that can be taken; however, the maximum active course load at any one time is six.

The AU unclassified category includes visiting students from other post secondary institutions who are taking AU courses for admission or transfer purposes to another institution.

Visiting students are encouraged to obtain a Letter of Permission from their home institution before registering in an AU course. This will ensure the home university will accept the AU course in the visiting student's program.

NOTE: It is important to note that AU does not evaluate previous post-secondary education or award transfer credit for students in the unclassified category. If a student wishes to change from the unclassified category to a program student category, a request for evaluation of any previously completed post secondary courses can be made any time after declaring an AU program.

Visiting students must request a transcript to be sent to their home institution once they have completed the course(s). This can be done online through myAU.

3.1.4.2 Procedure

If you are applying to become an unclassified student (a non-program or visiting student) from the "[Undergraduate General Application](#)" page, choose, "No, I only want to take some courses right now". Follow the prompts to complete/submit and pay for the application.

After being admitted online to AU, you will be immediately assigned an AU student ID number to confirm your admission.

Confirmation of your enrolment as an unclassified student will be available in your myAU portal the next day. To access your confirmation e-Letter, log into your [myAU](#) portal using your ID number.

You can immediately register in courses once you are enrolled as an AU unclassified student.

3.1.4.3 Program Students

Program students are enrolled in any of the undergraduate degrees, diplomas, or certificates offered by AU. Students who change from the unclassified (non-program/visiting) to a

program category may use credits earned while in the unclassified (non-program/visiting) category provided the course(s) meets the requirements of the program, including any restrictions on the age of a course, if applicable. There is no application deadline for enrolling in an undergraduate degree program. Applications are accepted year round.

Because program regulations can change, students are required to complete the program regulations in effect at the time of their enrolment. Students who are admitted to a program that has any entrance requirements for admission will follow the degree regulations in effect upon completion of the transfer credit evaluation.

Pre-Enrolment Category

Although most of the undergraduate credentials have open admission, there are some that require documentation be provided and assessed prior to admission (refer to the specific program regulations). In these cases, students will be admitted to a pre-enrolment category until documentation is assessed. Once this process is complete, students will be advised of their admission status. See Procedure below for assessment process.

3.1.4.4 Procedure

If you are applying to become an undergraduate program student (you wish to complete a credential such as a degree, diploma, or certificate at AU) you need to apply using the ApplyAlberta form that has been designed for this purpose.

ApplyAlberta is a secure online application and transcript exchange system that students will use to:

- apply to one or more of Alberta's public post-secondary institutions through one portal, and
- authorize institution(s) to request the transfer of their Alberta high school and post-secondary transcripts.

Student personal and academic information is entered only once—it is filled in automatically on each application submitted to a post-secondary institution.

Once you have completed and submitted your personal information via the ApplyAlberta site, you will be forwarded to AU's Office of the Registrar Online System (OROS) to finalize your application of admission with AU. Be prepared to indicate the program you are interested in prior to submitting your application and paying the one-time non-refundable application fee. If you need help selecting a program, contact Counselling Services prior to submitting an Undergraduate General Application Form.

After being admitted online to AU, you will be immediately assigned an AU student ID number to confirm your admission.

Confirmation of your enrolment as a program student with no evaluation of previous course work will be available in your myAU portal the day after your application is processed. To access your confirmation e-Letter, log into your myAU portal using your ID number.

Confirmation of your enrolment as a program student with a request for an evaluation of previous course work will be mailed to you after your application is processed (typically within 10 business days).

If you enrol in a program at AU, you are responsible for selecting courses that meet the program regulations and requirements in effect on the date you enrol. If you need help selecting courses for the program you have selected, contact Advising Services.

3.1.4.5 Concurrent Enrolment

Students may not enrol in an AU undergraduate degree program while they are enrolled in another undergraduate degree program at another post-secondary institution.

Those students may take courses as unclassified (non-program/visiting) students until they have either completed or withdrawn from the other program.

3.1.4.6 Concurrent Enrolment Procedure

Your application to an Athabasca University program will be processed and a transfer credit evaluation will be completed. You will be given 45 days to either complete or withdraw from the external institution's program and a declaration letter will be sent to you for this purpose from the Evaluations Unit, Office of the Registrar. Failure to respond in that time will result in you being removed from your program and put into the unclassified category.

3.1.5.1 Active Students

Active students are those who are currently registered in an AU course or who have completed or withdrawn from an AU course within the last 12 months. The 12-month period is based on the most recent course contract date, course completion date, or the date of withdrawal from an AU course.

Students who complete courses on a Letter of Permission from AU also retain their active status.

Active students are able to log in to myAU where they have access to personal information such as their library account, assignment marks, and course grades, or take care of administrative matters such as registering for courses, booking examinations, or applying for extensions.

3.1.5.2 Inactive Students

Inactive students are those who have not registered in an AU course within 12 months of the most recent course contract end date or the date of withdrawal from their last AU course.

Graduation	Returning students with an inactive AU account, will need to log into myAU and reactivate their active status by completing a new Undergraduate General Application Form before they can register in courses.

3.1.6.1 Part-Time Students

Those who are registered in less than 60 per cent of a full course load with AU. For taxation or Government Student Loan purposes, students who register in less than four, three-credit courses over six months are considered part-time.

3.1.6.2 Full-Time Students

Full-time students are enrolled in a minimum of 60 per cent of a full course load. At the undergraduate level a full course load is defined as 3.75 credits per month at AU. The minimum requirement for full-time status is 2 credits per month.

Example: If you are on student financial aid, full time enrolment is 9 credits over 4 months with the same start date. If you are taking courses via individualized study over 6 months, you require 12 credits to be full time with the same start date.

3.2 Evaluations and Transfer Credit

In general, Athabasca University will review your previous post-secondary education toward your credential. A one-time Evaluation Fee will be charged for this service. Please note this fee is non-refundable once an evaluation has been completed. For detailed information regarding the awarding of transfer credit please refer to the Undergraduate Transfer Credit Policy.

AU has articulated courses and programs from more than 240 institutions and organizations. These decisions can be searched on our online database.

Non-Canadian students who will be presenting international credentials for possible transfer credit to an AU program must refer to Foreign Transcript Evaluation.

3.2.1 Block Transfer Credit/College Diploma

AU accepts many college diplomas and other credentials as blocks of transfer credit toward AU programs. In these cases, the student's transcript is reviewed, and transfer credit is awarded as a block of credit rather than on a course-by-course basis.

Block transfer arrangements are most often associated with specific programs and may not be applicable to all AU credentials. If a decision has not been previously made, your prior education will be assessed on an individual basis.

3.2.3 Foreign Transcript Evaluations

Students presenting non-Canadian/non-United States credentials for possible transfer credit to an AU program must obtain an evaluation of post-secondary course work from an international assessment agency, for example, the International Qualifications Assessment Service ([IQAS](#)). The credential assessment agency will assess each student's international educational documents and compare them to educational credentials in Canada.

All assessments, regardless of the agency used, must be completed using original documents or certified copies—official documents issued directly from the sending institution are preferred. AU only accepts detailed course-by-course assessments. Students must also submit copies of all foreign transcripts used in the assessment to AU. Please note AU reserves the right to request that official documents be sent directly from the institution to AU.

If you elect not to use an assessment agency, you may not obtain any transfer credit for your course work towards an AU program.

There are a number of other foreign credential evaluating services whose assessments may be accepted. In Canada, refer to the [Alliance of Credential Evaluation Services of Canada](#).

Limits	AU can also accept assessments from the U.S. from members of the <u>National Association of Credential Evaluation Services</u> (NACES) or the <u>American Association of Collegiate Registrars and Admissions Officers Foreign Education Credential Service</u> (AACRAO).

3.2.4 Timeline for Evaluation Completion

Evaluations take time. When Transfer Credit Services receives all the transcripts, supporting documents, and required fees, your evaluation request enters a queue. It can take from six (6) to eight (8) weeks to complete your evaluation. If additional information is required, or AU is experiencing high volumes of requests, it may take longer. In addition to official transcripts, supporting documentation, such as course and program descriptions, may be required from the sending institution.

Failure to provide this information when it is requested will impede the evaluation process. When the evaluation is complete, you will be notified what transfer credit has been awarded and how it applies to your program of study.

3.2.5 Course Registration While Waiting for Evaluation Completion

While you wait for your evaluation of previous education to be completed, you may register in courses. If your course duplicates course work already completed, you can only receive credit for one of the courses. AU cannot confirm any course will meet your credential regulations until your evaluation is complete.

If you register in a course and are subsequently given transfer credit for a similar course completed previously, you have the option of withdrawing from the course. Refer to [Course Withdrawal – Individualized Study](#) and [Course Withdrawal – Grouped Study](#).

Course selection assistance may be obtained from an AU student advisor by submitting an [Information Request Form](#).

3.2.7 Transfer Credit Time Limits

Usually, courses will be considered for transfer credit regardless of when they were completed. There are some exceptions.

Depending on the program, AU will not award transfer credit for some administrative studies courses (e.g., law, senior-level accounting, management science, marketing or finance courses), information systems courses, or science courses that were completed more than 10 years ago.

Athabasca University will not award transfer credit in the following programs for nursing courses that were completed more than seven (7) years ago, or for non-nursing courses that were completed more than 10 years ago:

Post-RN Bachelor of Nursing Degree Program

Post-LPN Bachelor of Nursing Degree Program

In addition, AU will not grant transfer credit in the following programs for computer science courses that were completed more than five (5) years ago:

Bachelor of Science in Computing Information Systems

Bachelor of Science in Computing Information Systems
(Post Diploma)

University Certificate in Computing and Information
Systems

Limits	
Appeal Process Concerning Transfer Credit	Students transferring credit completed within a Canadian Information Processing Society (CIPS) accredited diploma or who have completed a science-related diploma program from a college or technical institute, and who are enrolling in the Bachelor of Science Program, may not be eligible for a block transfer of credit if the diploma is more than five (5) years old.
Transferring AU Courses to Another Institution

3.2.9 Transferring AU Courses to Another Institution

Generally, AU courses are transferable to other Canadian degree-granting institutions.

AU is unable to advise you on which of its courses would transfer into a program at another institution. The decision to accept courses for transferability lies exclusively with the home institution.

If you are in a program at another post-secondary institution and wish to take an AU course, you are advised to obtain a Letter of Permission from your home institution before taking the AU course. If you do not obtain permission you may not receive credit for the course at your home institution.

Alberta Transfer Guide

Students wishing to transfer courses or programs to another institution should refer to the Alberta Transfer Guide, which lists all courses and program transfer agreements between post-secondary institutions in Alberta, the Northwest Territories, and Nunavut. Students wishing to transfer credit for courses or programs to British Columbia post-secondary

3.3 Letter of Permission

A Letter of Permission is a document issued by the post-secondary institution the student is enrolled in a program at. It permits a credential student to take one or more courses at another institution to be used towards their credential. The Letter of Permission is a means of tracking the courses you take at other institutions. The letter also indicates to the external institution that you are a visiting student and provides you information regarding the transfer credit that will be awarded for external courses.

There are two types of Letter of Permission: Outgoing and Incoming.

[Letter of Permission Request Form](#)

If you wish to take a distance course listed on the Canadian Virtual University (CVU) website, Letter of Permission and Visiting Student Admission fees may be waived. For details, visit the [CVU Letter of Permission Form](#) page.

3.3.1 Outgoing Letter of Permission: Before You Register

Before you register in courses for credit at another post-secondary institution towards your Athabasca University credential, you must request the Letter of Permission from Transfer Credit Services, Office of the Registrar. It is important to remember that credit cannot be applied to your program if you do not first obtain a Letter of Permission and make arrangements for an official transcript to be submitted to AU that indicates successful completion of the course(s). Please check your program carefully to ensure the proposed transfer credit fits into your credential. If you need assistance in determining if the credit will fit, contact a student advisor.

The Letter of Permission is valid for one year and maintains your active program status if you are not registered in any AU courses at the same time.

Request the Letter of Permission a minimum of six weeks before the course registration date. This will allow AU time to process, approve, and forward the letter. There is no fee for this service.

3.3.2 Incoming Letter of Permission: Visiting Students

Visiting students can take courses at AU for transfer credit to other post-secondary institutions. Before you register in a course at AU, you are advised to obtain a Letter of Permission from your home institution that indicates it will accept the AU course in your program. This is for your own records and is not a requirement of AU.

Make sure you are aware of any special considerations that your home institution has related to course completion, course withdrawal, course extensions, supplemental exams, and delivery mode. For example, some institutions require that their students complete the course within specified timelines, will not accept a grade if a supplemental exam has been written, or will not accept a grade if it was taken by Challenge for Credit.

3.4 Prior Learning Assessment and Recognition

Prior Learning Assessment and Recognition (PLAR) allows you to demonstrate the university-level knowledge that you have gained informally through work or life experiences. By preparing a detailed portfolio or e-portfolio for assessment, you may receive up to a maximum amount of credit within your AU program.

You will be asked to submit your PLAR application and PLAR fee after you have been assigned to a mentor.

Contact the Centre for Learning Accreditation for information or visit the Prior Learning Assessment and Recognition website.

3.5 Graduation

AU approves and awards credentials every month. For consideration to graduate, all students must submit an Application for Graduation form to the Office of the Registrar. All requirements for the credential (final grades; including grades for courses on Letter of Permission) must be received and processed by the Office of the Registrar by the 15th of the month in order to be submitted for approval the following month. For example, students who complete all requirements by September 15th will have their names forwarded at the October meeting.

Important Dates

3.5.1 Procedure

In order to be considered for graduation please note the following:

Students must be active in a credential at AU.

Students are required to return a completed [Application for Graduation form](#) to the Office of the Registrar. All requirements for the credential must be in progress or completed before submitting the form.

Upon receipt of an Application for Graduation form, the Office of the Registrar will monitor your progress in AU courses until all final grades are received and advise you by letter that you are eligible to graduate. It is the student's responsibility to submit transcripts for course work completed at other institutions.

In order to be considered for graduation awards and to be included in the Convocation ceremony program, all final grades, including transcripts for courses completed on Letter of Permission must be received by May 3, 2019.

Your name, as it is recorded on your student academic record, will be displayed on the parchment. If you have recently changed your name, or would like to make changes to what we have recorded on your student file, you must officially notify the Office of the Registrar by completing and submitting the Student [Change of Information form](#).

Parchments will be mailed to the student after the

graduation date using the address appearing on the Application for Graduation. If a change of address has been submitted after applying, please contact the Office of the Registrar at 1-800-788-9041, ext. 6382, to update the address on your application.

Students will be required to reapply to graduate if at any time they become inactive or are not in enough courses to complete the requirements of the credential.

Students must arrange to settle all outstanding accounts with AU (monies owing, return of library materials, etc.).

All students who receive graduate or undergraduate degrees are invited to attend the convocation ceremonies held by AU in June of each year. Graduates of university certificate or university diploma programs are listed in the convocation program, but do not participate in the ceremonies. Additional information about the convocation ceremonies may be found on the [convocation website](#).

After being admitted to Athabasca University and enrolled as either an unclassified (non-program/visiting) or program student, you will be able to register in courses.

If you enrol in a program, you are responsible for selecting courses that meet the program regulations and requirements in effect on the day you enrolled. If you enrol in a program that has entrance requirements for admission, you will follow the degree regulations in effect upon completion of the transfer credit evaluation.

This section will give you information on the registration process.

3.6.1 Prerequisites

Prerequisites ensure that you have the required background to successfully complete your course. Before you register, you should ensure that you have met all course prerequisite and corequisite requirements in accordance with the Prerequisite Declaration Form and the registration process.

3.6.1.1 Professor Approval

If you feel a prerequisite should be waived for non-academic reasons (e.g., work experience), you must contact the course professor with the authority to waive the prerequisite before you register in the course. If you did not complete the prerequisite through AU, you must ensure that the Prerequisite Waiver Declaration Form has been completed. Next, submit this form and the Course Registration Form, to Enrolment Services, Office of the Registrar.

Students who register in a course that is a prerequisite to a second course, must obtain professor approval before their registration in the second course can be processed.

Before registering in [Reading Courses](#), you must contact the course professor to obtain registration approval.

Some courses require professor approval and other course-related prerequisites. Failure to obtain these pre-registration requirements will result in your registration being delayed or

As an audit student, you will receive the same tutorial support, have access to all other services provided to AU students, and pay the same fees. Audit students are ineligible to request and write examinations, and a final grade is not provided.

When you register, indicate whether it is your intention to audit the course.

3.6.3.1 Changing Status

If you are auditing a course and wish to change to credit status, you must apply in writing to the [Office of the Registrar](#) before the mid-point of the original course contract period.

If you are taking a course for credit and you have not yet written any examinations, you may change from credit to audit status. You must do so before the mid-point of your original course contract period, and you must apply in writing to the [Office of the Registrar](#).

3.6.5 Individualized Study Courses

Individualized study is the most common method of teaching and learning at Athabasca University.

At AU, courses begin the first day of each month provided you register by the 10th day of the previous month. You will have six months to complete zero-, one-, three-, or four-credit courses and 12 months to complete six-credit courses.

Course fees include all learning resources needed for the course. See Learning Resources [below](#) for more information.

You may be required to purchase additional items such as stationery, binders, calculators, etc. Most courses have required computer components (refer to [Computer Requirements](#) in the Glossary).

Available Courses

3.6.5.1 Maximum Course Load

Students may be actively registered in one to six courses at a time; including, courses with an In-Progress Status, those taken via the Challenge for Credit process, and wait-listed or pre-registered courses that overlap current registrations. To ensure that you do not overburden yourself, AU limits your

Study/Online Courses	course load to a maximum of six active registrations. If you have a full-time job or are new to distance learning, we suggest you start with one course.
Grouped Study Courses	
Challenge for Credit	A course overload (registration in more than six courses) is only allowed when a student is at the maximum course load and has finished all of their coursework and requested exams (if applicable) for one or more course(s). Students must request permission for a course overload by emailing Enrolment Services at enrol@athabascau.ca .

3.6.5.2 Pre-Registration – Individualized Study

You may pre-register in an individualized study course up to five months before the course start date. Pre-registration guarantees you that tutorial support will be available for a specific start date. When you pre-register, you will be paying the fee that is effective the date your course begins. Should you alter your pre-registration, you will be charged a fee.

You will receive your learning resources shortly after your pre-registration. Tutorial support will not begin until your official course start date. Your tutor introductory letter will arrive approximately one week before your course start date.

3.6.5.3 Registration Process – Individualized Study

Once you are admitted to AU and you have received your student ID number, you may register in courses. When you have selected a course, ensure that it is available by viewing the online course syllabus and the Course Availability List. Also ensure that you have the required prerequisites.

Log in to myAU to complete and submit the Undergraduate Course Registration Form along with the appropriate payment. If you are an inactive student, you will still have access to myAU. Follow the instructions to reactive your status. Confirmation of course registration by e-Letter will be available within 48 hours of the course registration in your myAU portal (use your student ID number to log in).

The request for a learning resources package will be sent as soon as your course registration is processed. A tutor will also be assigned after you register in a course; however, the tutor's support will not be in effect until the course contract start date.

3.6.5.4 Registration Deadlines

AU's individualized study courses begin the first day of the month, and are offered year-round. You can register online via the online registration system. You must request and pay for courses by the 10th day of the month prior to the requested course start date. For example, if you wish to start your course on November 1, you must register for the course by requesting and paying for it by no later than October 10.

For students without access to the online registration system, the Office of the Registrar will process paper course registration requests and payments that are received by the 10th day of the month before your requested start dates.

Remember to consider postal, courier, and processing times when a particular start date is desired. Students living overseas are generally assigned course start dates one month later than students living in North America.

[Courier Recovery Fees](#)

3.6.5.5 Overseas Students' Course Start Dates

Course start dates for students living overseas (those living outside Canada and the continental United States) depend on the arrival of the course package. To reduce postal delays, AU will courier your course package but you must

provide a street address (not a Post Office box address) and telephone number. Overseas students are required to register for their courses two months prior to the intended course contract start dates.

3.6.5.6 Course Contract Period/Dates

Each individualized study course has a specific course contract start date and end date. You will have six months to complete a zero-, one-, three-, or four-credit course, and 12 months to complete a six-credit course. Your course contract end date is the last day of your individualized study course. Course contract end dates fall on the last day of a month.

Course extensions are available, if required.

You are considered actively registered in your course until you have completed the course, the course contract date expires, or you withdraw. Your learning resources package will be sent as soon as your registration or pre-registration request is processed, however, tutor support, submission of coursework, and the writing of examinations cannot begin until the official course contract start date. See Early Access to Courses below.

Course Extensions

Financial Assistance

3.6.5.7 Early Access to Courses

Early access to individualized study courses in the Moodle learning management system varies based on individual course design. Prior to the course contract start date, student access may not be provided to some assignments and will not be provided to quizzes or exams. (Note: In some courses, early access is not provided at all.) Students cannot submit assignments and quizzes, nor write exams until their course contract period commences. Tutorial and faculty access will not be provided until the course contract period begins.

3.6.5.8 Studying Courses While Residing Outside Canada

All students studying outside of Canada must comply with the regulations governing the normal course contract period. Extensions beyond the normal course contract period in individualized study courses are available to all students. Refer to [Course Extensions – Individualized Study below](#).

3.6.5.9 Learning Resources

The payment of course registration fees entitles you to receive most of your individualized study course learning resources. Learning resources include, but are not limited to, textbooks, student manuals, study guides, tutorial assistance where provided, access to online materials and other instructional materials required to complete the course for the period of active registration. [Additional lab fees](#) may be required for some Faculty of Science courses. You may be required to pay for additional small items such as binders, calculators, home lab materials, and so on.

Some AU courses introduce students to a more specialized course in the same field. These courses often reference the same textbook. Please retain the textbook from the previous course as a duplicate textbook will not be shipped.

Your course package will include various learning resources that are identified in the online course syllabus. In some courses, the learning resources are available entirely online. In others, the resources may be a combination of offline materials such as a textbook(s), CDs, and/or DVDs, and the balance of course materials is accessed online. And in others, the entire learning resources package is print-based and is mailed or couriered.

Your course materials will arrive before your official start date. If for some reason the materials don't arrive on time, contact Materials Management at AU as soon as possible (1.780.675.6366).

3.6.5.10 Shipping/Receiving Your Print Learning Resources

In many courses, the learning resources are available either online or in print, or a combination of both formats. If a course has print learning resources, they will be sent shortly after your course registration has been processed.

Shipping Within North America

Students living in Canada will receive their print learning resources through Canada Post. Students who live in the U.S. or Mexico will receive their print learning resources by courier. Please allow two weeks or longer to receive the material.

Shipping Overseas

Various methods are used to ship print course materials overseas. AU's Materials Management department determines the most efficient and appropriate method. If you live overseas, please allow up to one month to receive your course materials.

3.6.5.11 Your Tutor

After you register in an individualized study course, an e-Letter containing your tutor's name, address, email address, phone number, and tutor hours will be posted in your student myAU portal approximately ten days before your course contract start date. The default method of student information delivery is e-Letter. (Print letters are still available by filling out the Print Letter Request form and paying the associated fee.) If you have not received your

tutor letter one week before your course start date, or if you have misplaced your letter, contact [Learning Services Tutorial](#) as soon as possible.

Your tutor will assist you throughout your course either by phone or email. Tutors offer subject-matter assistance, engage in scholarly discussion, mark assignments, provide feedback, and help prepare you for your examinations. Never feel reluctant to contact your tutor. He or she is your main link with AU.

You may contact your tutor on the course start date, but not before. You may phone your tutor toll-free from anywhere in Canada or the US during established tutor hours, or you can leave a voicemail or email message at any time.

Most of the AU Faculty of Business and Faculty of Science and Technology courses provide access to a Student Success Centre and academic experts. Before your course starts, you will receive a letter with the centre's toll-free telephone number.

Because of vacation time, normally during the summer months, your tutor may not be available for up to ten business days. In case of absences of longer than 10 business days, other arrangements will be made for you.

[Learning Services Tutorial](#)

3.6.5.12 Course Extensions – Individualized Study

If you are unable to complete your individualized study course during the course contract period, you may apply for and purchase up to three, two-month extensions at Athabasca University. Course extensions apply to individualized study courses only. You may not extend a grouped study course.

A course extension must be requested and purchased online (via your myAU portal using your student ID number to log in) a minimum of one month before your course contract

end date. Requests for second and third extensions must be received a minimum of one month before the expiry of the previous extension.

The extension begins on the first day of the month following your course contract end date. If you fail to complete your course and you do not apply for an extension by the required deadline, you will receive a grade of F (Failure) for the course. If you wish to obtain credit for the course, you may re-register and pay a fee. Both the original registration and the re-registration will appear on your transcript.

Students receiving financial assistance may be restricted by shorter time limits.

3.6.5.13 Course Withdrawal – Individualized Study

You may withdraw from an individualized study course at any time within the course contract period. In order to meet specific academic record and refund criteria, you must adhere to the following timelines. You cannot withdraw from a course after your course contract end date, once the final examination has been written (or if all course work has been submitted for marking, for courses that do not have a final exam requirement), or during disciplinary proceedings.

Withdrawal procedures do not apply to courses being challenged for credit.

a. Impact of Course Withdrawal on Academic Record

Withdrawal timeframes have an impact on your academic record. If you withdraw:

1. **prior to and up to 30 days after the course contract start date:** The course will not appear on your

transcript.

2. **after 30 days and on or before the course contract end date:** Your transcript will indicate a "W" (Withdrawal) and credit will not be awarded for the course.
3. **after the course contract end date:** You cannot withdraw after the course contract end date. If no course work has been completed, a grade of "F" (Failure) will be assigned and recorded on the transcript.

Nursing students: Please consult the [Undergraduate Course Withdrawal and Refund Policy – Individualized Study](#) for academic impact of a withdrawal from a nursing clinical and for the process that must be followed.

b. Procedure

Withdrawal requests should be submitted online via the [myAU](#) portal and are subject to the Undergraduate Course Withdrawal [Policy](#) and [Procedures](#) – Individualized Study.

c. Refunds and Returns

Students are responsible for the cost of returning any learning resources to Athabasca University. For more information on refunds and returns, refer to [Refunds: Individualized Study Course Tuition](#).

3.6.5.14 Re-Registration – Individualized Study

At Athabasca University, students are permitted one registration and one re-registration in each course. You may re-register in an undergraduate course provided you are eligible to register in the current revision of the course and that you have not previously re-registered in the course. You cannot re-register in a course that has been temporarily or permanently closed.

In order to carry forward any completed coursework and examination results in an individualized study course, you must first obtain written approval from the course professor/course coordinator.

a. Procedure

1. You must re-register in the current revision of the course. Contact AU and determine whether the current revision of the course has changed since your original registration. If the current revision has changed from your original registration, you will be required to pay the learning resources fee.
2. Complete the undergraduate course registration process using one of the following methods:
 - online (also available via print PDF)
complete and submit the Undergraduate Course Registration Form. Fax: 1.780.675.6174 or mail.
 - c. in person at the Athabasca, Edmonton, or Calgary offices.

3.6.6 Grouped Study Courses

Grouped study courses are those courses taken by students together in either a classroom (usually at a collaborating institution) or in an online environment with common deadlines for completion of course activities. Students progress through the course at the same pace. Because grouped study courses follow a set time frame, extensions are not allowed.

Not all courses identified as grouped study in the syllabi are available every year. It is important that you check to confirm the course is available at a specific location.

To determine whether there is a grouped study course available to you, or for more information about partnership courses, degrees, and transfer credit, please refer to the following websites:

[Academic Partnership Delivery](#)

[Available Grouped Study Courses](#)

3.6.6.1 Maximum Course Load

Students may be actively registered in one to six courses at a time. To ensure that you do not overburden yourself, AU limits your course load to a maximum of six active

registrations at a time. Collaborating institutions may have additional limits to course load that you must also follow.

3.6.6.2 Registration Process – Grouped Study

Once you are admitted to AU and you have received your student ID number, you may register in courses. When you have selected a grouped study course, ensure that it is available in grouped study, by viewing the available delivery modes in the online course syllabus, or by visiting the [Classroom-based Study \(Grouped Study\)](#) page. Also ensure you have the required prerequisites.

You will register in person at the partner institution that offers the AU course or use the grouped study course registration form specific to the institution at which the course is being offered.

3.6.6.3 Registration Deadlines

Year-round registration is not available for grouped study courses. Because of scheduling restrictions, the courses are generally offered at selected sites and times. Course availability is dependent upon the number of registrations. Courses offered at another institution may have different fees and regulations. Please consult the collaborating institution that offers the course.

3.6.6.4 Grouped Study Contract Periods/Dates

Each grouped study course has a specific course contract start date and end date. The contract period is usually two, four, or six months in length and is determined before the beginning of the course. The exam date is shared with students within the first week of classes. Course extensions are not available for grouped study courses.

3.6.6.5 Learning Resources

The payment of course registration fees entitles you to receive most of your grouped study course learning resources. Learning resources include, but are not limited to, textbooks, student manuals, study guides, instructor assistance where provided, access to online materials and other instructional materials required to complete the course for the period of active registration. Additional lab fees may be required for some Faculty of Science courses. You may be required to pay for additional small items such as binders, calculators, home lab materials and so on.

Some AU courses introduce students to a more specialized course in the same field. These courses often reference the same textbook. Please retain the textbook from the previous course as a duplicate textbook will not be shipped.

Your course package will include various learning resources that are identified in the online course syllabus. In some courses, the learning resources are available entirely online. In others, the resources may be a combination of offline materials such as textbook(s), CDs, and/or DVDs, and the balance of the course is accessed online. And in others, the entire learning resources package is print-based and is provided to grouped study students on the first day of class.

3.6.6.6 Course Withdrawal – Grouped Study

You may withdraw from a grouped study course before your course contract period expires. In order to meet specific academic record and refund criteria, however, you must adhere to specific timelines described in this section. You cannot withdraw from a grouped study course after your contract end date, once the final exam has been written (or if all course work has been submitted for marking, for courses that do not have a final exam requirement), or during disciplinary proceedings.

a. Impact of Course Withdrawal on Academic Record

Withdrawal timeframes have an impact on your academic record. If you withdraw:

1. **prior to and up to 15 days after the course contract start date:** The course will not appear on the transcript.
2. **after 15 days and on or before the course contract end date:** Your transcript will indicate a "W" (Withdrawal) and credit will not be awarded for the course.
3. **after the course contract end date:** You cannot withdraw after the course contract end date. If no course work has been completed, a grade of "F" (Failure) will be assigned and recorded on the transcript.

Nursing students: Please consult the [Undergraduate Course Withdrawal and Refund Policy – Grouped Study](#) for academic impact of a withdrawal from a nursing clinical and for the process that must be followed.

b. Procedure

All requests to withdraw from a grouped study course must be made by completing and submitting Grouped Study Course Withdrawal Request Form in writing to the Office of the Registrar.

The date you withdraw from your course will be the postmark on the envelope, the date the emailed submission is received, or the University date stamp if the form is hand-delivered or faxed (780.675.6174).

[Grouped Study Course Withdrawal Request Form](#)

c. Refunds

For information on refunds, refer to [Refunds: Grouped Study Course Tuition](#).

3.6.6.7 Re-Registration – Grouped Study

At Athabasca University, students are permitted one registration and one re-registration in each course. You may re-register in an undergraduate course provided you are eligible to register in the current revision of the course and

that you have not previously re-registered in the course. You cannot re-register in a course that has been temporarily or permanently closed.

Students in grouped study courses cannot carry forward coursework when they are re-registering.

a. Procedure

1. You must re-register in the current revision of the course. Contact AU and determine whether the current revision of the course has changed since your original registration. If the current revision has changed from your original registration, you will be required to pay the learning resources fee.
2. Complete the undergraduate course registration process using one of the following methods:
 - online (also available via print PDF) complete and submit the Undergraduate Course Registration Form. Fax: 1.780.675.6174 or mail.

3.6.7 Challenge for Credit

The challenge for credit process allows you to demonstrate that you are proficient in the subject matter of a specific AU course without having to complete the entire course. Using a predetermined process, this option allows you to challenge courses based on your knowledge of the course content. Not all courses are available for challenge.

Not all post-secondary institutions recognize the challenge for credit process. If you are a visiting student, find out first whether your home institution will accept credit obtained by challenge prior to registration.

1. Determine your subject-matter knowledge and the method of challenge evaluation by reviewing the [online syllabus](#).
2. You must obtain approval to challenge a course from the faculty or designate who is responsible for the AU course. Faculty contact information may be found [online](#).
3. Fill out the challenge for credit registration form and submit with payment.

Commencing on January 1, 2012 and later (term 201201), any courses take via the challenge for credit process will not meet AU residency requirements.

Some important facts regarding challenging a course:

Study/Online Courses	
Grouped Study Courses	
Challenge for Credit	
Undergraduate Programs	There are no provisions to withdraw (cancel) from or extend the challenge for credit process.
Undergraduate Courses	The Course Coordinator determines the components of evaluation for the challenge for credit process, noted on the challenge evaluation section of the course syllabus. If the challenge involves an examination, you may write only once. (See Challenge for Credit Examinations for more information.) There are no provisions to write a supplemental or multiple examinations.
Examinations and Grades	You must complete the challenge for credit process within three months.
Undergraduate Fees and Refunds	Prerequisites must be satisfied unless the Course Coordinator waives them. After completing a challenge for credit process successfully, you may not challenge a prerequisite to that challenge.
Faculty	In some challenge for credit processes, you must complete the assignments within six weeks of receiving the material.
Student Code of Conduct and Right to Appeals Regulations	Tutor support is not available during a challenge. Learning Resources for Challenge for Credit can be purchased from Course Materials or can be purchased separately. (see following section for more information.)
Glossary	You have one opportunity to challenge a course. If you do not complete, or you fail your challenge for credit process, you are not permitted to challenge the material a second time. You must register in the course and complete it successfully in order to receive credit.
Site Map	If you do not complete, or you fail the challenge for credit process, you will be assigned a system grade of F three months after the challenge end date.
Search Undergraduate Calendar	Funding for courses taken via the challenge for credit process is not available through student financial aid.

Challenge for Credit Policy

Challenge for Credit Procedures

3.6.7.1 AU Learning Resource Materials – Challenge for Credit

Students registering for challenge for credit will have access to AU printed learning resource materials, limited to textbooks and readings, available for purchase at full cost. Any fees assessed for learning resource materials are not refundable.

Students may purchase the associated print learning resources, limited to bound textbooks and print readings as follows:

by contacting AU's Materials Management Unit via email at cmat@athabascau.ca. All materials will be charged at full cost (defined as AU's full purchase cost, plus shipping, plus a 20 per cent handling fee) or;

by accessing the list of materials from the [course syllabus](#) and sourcing the materials via a book store, online book retailer, or other means.

Note: Students will not be provided access to the online individualized course site, the student manual, eTextbooks, or course study guide for a course taken via the challenge for credit process. If an eTextbook is offered for the course and the student wants it, the eText must be purchased from the publisher or a third-party vendor.

[Undergraduate Challenge for Credit Registration Form](#)

3.6.7.2 Courses Unavailable for Challenge

Students may not request to challenge AU courses:

for which they have already received transfer credit as a direct AU course designation;

for which they have received a "Do Not Register" designation;

for which an exemption has been granted;

which they have already successfully completed at AU;

for which they have received credit through Undergraduate Prior Learning Assessment and Recognition (PLAR);

for which they have received a failing grade; or

which are at the preparatory (100) level.

3.6.7.3 Registration Process – Challenge for Credit

Determine that the course is available for challenge and the method of evaluation by checking the course syllabus. Determine if you will be purchasing the related textbook and readings, and what the cost of these items will be for the course(s) you are interested in challenging by contacting AU's Materials Management Unit at 1-800-788-9041, extension 6366, or via email at cmat@athabascau.ca.

You must be eligible to challenge the course. Check with the appropriate faculty member or designate to ensure you have completed the prerequisites, discuss your level of skill and knowledge required for the course, and secure their approval. Faculty contact information may be found [online](#).

If you haven't done so already, complete and submit the Undergraduate General Application Form accompanied by the appropriate fee.

Complete and submit the Undergraduate Challenge for Credit Registration Form accompanied by the appropriate fee. You must register for the challenge and receive permission to challenge before the tenth day of the month in order to start your challenge on the first day of the following month. The Office of the Registrar will process a completed Undergraduate Challenge for Credit Registration Form received by 4:30 p.m. MT on the tenth day of the month. Remember to consider postal, courier, and processing times when a particular start date is desired.

For challenges that require the completion of an exam, students must request the exam within the guidelines for making examination requests as stated in the [Undergraduate Exam Request and Completion Policy](#) and its associated [procedures](#). No supplemental exams are permitted.

4.1 Program General Information

As an open university, Athabasca University will accept application to become a student from any individual who is 16 years of age or older.

Students complete the program regulations in effect at the time of their enrolment. For degree programs with enrolment requirements, students will follow the regulations in effect upon notification of acceptance into the degree.

Students may not enrol in an AU undergraduate degree program while they are enrolled in a degree program at another post-secondary institution. Those students may take courses as unclassified (non-program/visiting) students until they have either completed or withdrawn from the other program.

For more information on admission to AU, visit the [Admissions](#) section of the undergraduate Calendar.

[Mastering Exam Anxiety](#)

4.1.2.1 Program Planning

If you have not completed any post-secondary courses before, we suggest you begin by selecting a preparatory (100 level) or junior (200 level) course in your degree area. But choose carefully, not all program regulations allow preparatory-level courses be used to fulfill requirements.

Select a course that includes topics that interest you, and consider all of the requirements within your specific degree or certificate program. Some of our undergraduate programs, such as the Bachelor of Nursing or Bachelor of Commerce degree, have specific program requirements.

Most programs contain a number of core courses and required elective courses. Select courses that are designated as core or required electives first. These junior-level courses will help provide you with the information base you will need to successfully complete senior (300/400) level courses.

4.1.2.2 Learning Outcomes

4.1.3 Program Undergraduate Degree GPA and Graduation with Distinction or Great Distinction

All Athabasca University students who graduate with an undergraduate degree and who have successfully completed a minimum of 24 credits at AU, are automatically considered for graduation with distinction or great distinction recognition. All completed AU courses taken as part of the undergraduate degree program in which the student is registered will be used in the program GPA calculation including unsuccessful course attempts.

For courses that are repeated, the highest grade achieved will be used in the program GPA calculation.

Courses excluded from the GPA calculation are:

Transfer courses (courses for which transfer credit has been awarded)

Courses using a pass/fail grading scheme

Courses with a grade of W (Withdrawal) or WF (Withdrawal Failure), both without academic penalty

Courses considered extra to the degree

4.1.5 Residency Requirement

Residency is defined as the minimum number of Athabasca University credits that must be completed to fulfill a program's requirements. In some cases, specific Athabasca University courses are prescribed as part of the overall residency requirement for a given program.

ADMN 404, for example, is a required course in the Bachelor of Commerce degree and the Bachelor of Management degree, and it must be completed at AU. No transfer credit is allowed for this course within the Bachelor of Commerce degree and the Bachelor of Management degree. Please review the [residency charts](#).

Note: Course credit obtained through challenge for credit processes will not meet AU residency requirements.

4.2 Arts

The mission of the Bachelor of Arts is to strengthen your critical and creative thinking by offering a broad range of social, political, and cultural programs of study. A liberal arts education from Athabasca University is designed to broaden your perspective on local and global affairs, encourage community and social involvement, and prepare you for lifelong learning and occupational diversity.

The three-year Bachelor of Arts program is a well-respected credential in Canada and the United States. While the three-year degree program is a highly marketable credential, it is not aimed at providing students with direct access to graduate level studies. Often an additional year of study is required to achieve that academic goal.

The four-year Bachelor of Arts provides students with a broad, flexible education that allows them to develop, understand, and disseminate knowledge, to think

English	critically, and to build on these abilities. In addition, the four-year degree fully prepares students for most graduate programs. Graduates of the Bachelor of Arts with a major are expected to have gained sufficient analytical and critical thinking skills to be able to engage in independent research in their chosen major.

BA Psychology Concentration

Regulations effective September 1, 2019.

Athabasca University's Psychology program is designed to develop or expand your knowledge of the broad field of psychology. Both the concentration and major degree programs will provide grounding in foundational courses central to psychology as a science. The programs also provide options for students to focus their studies in the applied areas at Athabasca University (i.e., Career Development, Inclusive Education, Counselling). Students who complete the degree will be prepared for general employment across a number of fields (business, management, government research, program evaluation, human services, law, etc.) and/or graduate studies in applied and basic programs.

Please note that while the three-year degree program is a marketable credential, it is not aimed at providing students with direct access to graduate-level studies; therefore, additional studies are often required.

BA Sociology Concentration

Regulations effective September 1, 2019.

The main goal of the BA in Sociology is to introduce students to the basic skills involved in understanding sociological theory and sociological research, and to show how these skills are used in such applied areas of study as crime and deviance, family and gender studies, environmental and health issues, agriculture and food, technology and the information society, race and ethnic relations, organizations and bureaucracies as well as Canadian society and social change.

These courses are designed to enable students to think more reflexively about their own life experiences, and to think more critically and analytically about some of the pressing social and global issues of our age. Many of these courses will also help students to prepare for careers in such professional fields as management, human resource development, marketing, education, nursing, local government, non-government organizations, social work and

The mission of the Bachelor of Arts is to strengthen your critical and creative thinking by offering a broad range of social, political, and cultural programs of study. A liberal arts education from Athabasca University is designed to broaden your perspective on local and global affairs, encourage community and social involvement, and prepare you for lifelong learning and occupational diversity.

English	The four-year Bachelor of Arts provides students with a broad, flexible education that allows them to develop, understand, and disseminate knowledge, to think critically, and to build on these abilities. In addition, the four-year degree fully prepares students for most graduate programs. Graduates of the Bachelor of Arts with a major are expected to have gained sufficient analytical and critical thinking skills to be able to engage in independent research in their chosen major. Athabasca University does not offer an Honours BA.

Undergraduate Fees and

Double Majors

Students in the Bachelor of Arts program, as either a first or second undergraduate degree, generally have the option to combine two majors if they wish. Students who undertake double majors must fulfill all requirements for both majors. Depending upon the majors chosen, this may greatly restrict course selection (particularly in the second undergraduate degree program) or require the completion of more than 120 credits. Students considering enrolling in double majors should consult with an Athabasca University [advisor](#) for assistance in selecting their programs and courses.

Change of Major

You may change majors at any time. You will be placed in the current regulations. If you wish to remain in the regulations that were in effect at the time of your original enrolment, contact Admissions and Evaluations Services. Please reference the appropriate Calendar, e.g., 2002-2003 regulations. To request a change of major, complete and submit a new Undergraduate General Application Form. No fees are required.

Minors

A student has the option of taking a minor in addition to their major. Although students must declare a major when they become BA program students, they may declare a minor at any point in their

<hr/> Refunds	studies. A BA minor comprises 30 credits distinct from the major in a related discipline in the Humanities or Social Sciences offered at Athabasca University. At least 15 of the 30 minor credits must be at the 300 or 400 level. If they choose a minor, students must still complete all requirements of the major. No course can be used to complete requirements for both the major and the minor. The minor will be recorded on the transcript. BA minors now available are Anthropology, Canadian Studies, English, French, Global Studies, Heritage Resource Management, History, Humanities, Inclusive Education, Labour Studies, Philosophy, Political Economy, Political Science, Psychology, Public Administration, Sociology, and Women's and Gender Studies.

Anthropology Major

Regulations effective September 1, 2019.

As a graduate of Athabasca University's Anthropology program, you will gain an in-depth appreciation for the four fundamental subfields within Anthropology (archaeology, biological anthropology, cultural anthropology, and linguistic anthropology), and their strong interrelationships. In particular, you will gain familiarity with the sub-disciplines of archaeology, biological anthropology, and cultural anthropology, which make up the current strengths of faculty and course offerings. The objective of the anthropology program is to provide students with a broad understanding of the physical and cultural diversity of people throughout the world, leading to and fostering a comparative and holistic approach to understanding and appreciating humanity, past and present.

Athabasca University has developed program learning outcomes that describe the career options that may be available to you upon graduating.

French Major

Regulations effective September 1, 2019.

As a graduate of Athabasca University's French program, you will attain a sufficient degree of competence in oral and written French to communicate effectively, to analyze texts and to write critical essays. You will have a thorough understanding of the structure of the French language and its application, including pronunciation, grammar, reading skills and vocabulary usage. The courses in the program will provide you with a knowledge of the literature and culture of France, Quebec, and other Francophone areas and an awareness of the stylistic differences between the French and English languages. Upon completion of the program, you will understand how to conduct further research into the subject matter in order to increase your competence in the study of French language and literature.

Humanities Major

Regulations effective September 1, 2019.

As a student of Athabasca University's interdisciplinary Humanities program, you will study how we have expressed our humanity on culture, literature, art, and philosophy. Students will draw on the knowledge and skills from across AU's range of humanities disciplines—for example; history, literature, and philosophy. Students learn the methods used by different humanities' disciplines to investigate human expression, and how to adapt elements of that expression in new ways. Students majoring in Humanities will also obtain basic reading knowledge of second language.

Labour Studies Major

Regulations effective September 1, 2019.

Athabasca University's Labour Studies program is designed for students who want to know more about the position of labour and working people in society. It will be of particular interest to trade unionists at both the leadership and general membership levels. Offerings include courses in labour history, work organization, women and unions, and the theory and practice of trade unions.

Athabasca University has developed program learning outcomes that describe the career options that may be available to you upon graduating.

A maximum of 39 PLAR credits is allowed if you choose the Labour Studies major.

Transfer Credits for Union Education and Prior Learning

Athabasca University grants advanced credit in the Labour studies program for some union education programs. A student who has completed a Labour College of Canada Intensive Program, for example, may be eligible to receive nine credits. Students who have completed the Canadian Auto Workers Paid Educational Leave course may be eligible to receive three credits. And students who have completed the Canadian Postal Workers' Union Education Program may be eligible to receive six credits. Credit is also granted for other union education programs and for other forms of prior learning. Contact Athabasca University for details.

Many unions, and some employers, will reimburse students for the cost of university tuition fees. Discuss this with your union representative or employer.

Political Economy Major

Regulations effective September 1, 2019.

The Political Economy program at Athabasca University is designed for both beginning students and professionals to understand and engage with Canadian and global political and economic issues. The course selection provides students the opportunity to develop a greater appreciation and understanding of diverse polities, economies, cultures, and regions of the world. Additionally, it offers to professionals the retooling skills and the academic credential necessary for successful employment in an era of globalization.

Students may focus their studies in either Global Political Economy or Canadian Political Economy. For more information visit the [Political Economy](#) website.

Recommendations

1. Students who may pursue graduate work in political economy or international affairs are strongly recommended to include POEC 499 among their electives.
2. Language proficiency: Students in Canadian studies areas who may pursue employment in the federal civil service or foreign affairs, are strongly recommended to take French as an elective or option. Students interested in North American integration should take Spanish. Students interested in the economic integration of Europe should consider taking German. Students interested in governance capacity-building for First Nations communities should take Indigenous language courses.
"Language proficiency" generally refers to one of the following:

the ability to read French, Spanish, or German at a level consistent with the usual requirements of a junior French language course. This ability may be proven by one of the following: either by completing six junior language credits (for example FREN 200 and 201) or by passing a reading proficiency examination in French, Spanish, or German;

speaking fluently one of Canada's Indigenous languages (for example, Cree or Inuktitut);
or

read one of Canada's Indigenous languages (for example, Cree or Inuktitut), at a level consistent with the usual requirements of a second-year university language course.

3. Writing proficiency: Students for whom English is a second language are strongly encouraged to take ENGL 177 and ENGL 189.

Political Science Major

Regulations effective September 1, 2019.

The BA Political Science major is a valued liberal arts degree that will serve a variety of educational and professional needs in the public, private, and non-profit sectors in Canada and globally.

As a discipline, Political Science is very much concerned with the study of power, authority, and governance in human affairs. In today's world, forms of power, authority, and governance are changing rapidly and becoming increasingly complex. Governance is no longer confined to the nation-state but involves a range of institutions — public, private, and non-governmental — involved in the process of governing and steering a society at the international, national, and sub-national levels.

Sociology Major

Regulations effective September 1, 2019.

The main goal of the BA in Sociology is to introduce students to the basic skills involved in understanding sociological theory and sociological research, and to show how these skills are used in such applied areas of study as crime and deviance, family and gender studies, environmental and health issues, agriculture and food, technology and the information society, race and ethnic relations, organizations and bureaucracies as well as Canadian society and social change.

These courses are designed to enable students to think more reflexively about their own life experiences, and to think more critically and analytically about some of the pressing social and global issues of our age. Many of these courses will also help students to prepare for careers in such professional fields as management, human resource development, marketing, education, nursing, local government, non-government organizations, social work and counselling, law enforcement, urban planning and community development, and family and community services.

Global Studies Minor

Regulations effective September 1, 2019.

General information on Minors

The Global Studies Minor at Athabasca University is designed to provide the tools to understand the processes of globalization with a historical and sociological angle (as opposed to history or sociology with a global angle). Its holistic perspective breaks through the confines of scholarly specialization, and raises human global self-awareness as it affects every day popular life, action, psyche, imagination and consciousness on a mass, global scale. The transdisciplinary approach is invaluable for both the beginning student as well as the professional who seek to comprehend the past and present views of the globalizing phenomena, which is critical to understand the fundamental aspects of our society and its development.

Public Administration Minor

Regulations effective September 1, 2019.

General information on Minors

The Public Administration minor is designed for students who are seeking managerial careers at the municipal, provincial, and federal levels of government, as well as within non-profit and quasi-governmental organizations. Students can select a mix of Arts and Applied Studies courses in such areas as governance, political science, public policy, economics, public finance, budgeting, legal studies, human resources management, industrial relations, communications, health administration, and indigenous studies.

The role of public servants is becoming increasingly complex as the global economy becomes more integrated and the capacity of nation-states to act decisively is constrained by a multitude of factors. Public Administration professionals must possess strategic, analytic, and creative thinking skills. This minor prepares students to assume public sector managerial roles in the knowledge-

English	based society; it provides them with exposure to administrative concepts, tools and practice, yet keeps them firmly grounded in the liberal arts education program.

Bachelor of Commerce General (Four years—120 credits)

Regulations effective September 1, 2019.

This program is designed for students seeking a rigorous, technically based business degree comparable in content to most Bachelor of Commerce degrees in Canada. Courses in all core business areas are required, including marketing, statistics, financial accounting, management accounting, finance, economics, information systems, strategic management, organization behaviour, and commercial law.

All students in the Bachelor of Commerce program will complete a common set of core courses in Years 1, 2, 3, and 4. The core courses are the same for the general Bachelor of Commerce degree and the following three majors.

The Bachelor of Commerce degree is offered by Athabasca University's [Faculty of Business](#). For more information, phone 1.800.468.6531 or [email](#).

The **Accounting Major** is designed for students wishing to pursue an accounting career, and offers flexibility and generous transfer arrangements to meet professional accounting association requirements. Students will focus on financial, management and taxation accounting, along with auditing and accounting information systems.

The **Business Technology Management Major** is intended for students with a career focus in the areas of business technology management and management information systems, and is delivered using online systems.

The **Finance Major** is a contemporary major, integrating finance and economics courses to provide graduates with a broad exposure to this growing services sector. The field of financial services involves the study of financial markets, financial instruments and investment decision making, and analyzes alternative methods to obtain, manage, and use capital by institutions and individuals.

Degree Conversion Provision

The degree conversion provision is available to Athabasca University students who have been awarded a three-year AU degree and wish to convert to a four-year degree. Students with the three-year AU Bachelor of Administration degree may convert that degree into the four-year Bachelor of Commerce program. For more information about this regulation, please review the [Undergraduate Degree Conversion from Three- to Four-Year Program Policy](#).

Second Undergraduate Degree

Students who hold a recognized first degree in a field outside of business or management and who wish to obtain an AU undergraduate degree in a different subject area, must apply under the second undergraduate degree regulations. These students may transfer in up to 50 per cent (60 credits) into the four-year degree program, based on course work in the first degree that is applicable. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree.

Enrolment Restriction

Students who hold a degree in administration, business, commerce or management, or a degree with a major, concentration, or any equivalency programs from Athabasca University or

another university, will not be accepted into the Bachelor of Commerce General Program or its three majors.

Students are not permitted to obtain a second undergraduate degree in the same field or related field as their first undergraduate degree. Those students who hold an international undergraduate degree who wish to obtain a Canadian credential, or those students who wish to obtain another Bachelor's degree in a major different than their first undergraduate degree, will be permitted (in consultation with the Program Director and reviewed by the Office of the Registrar).

Regulations Governing all Bachelor of Commerce Students

Students complete the program regulations in effect at the time of their enrolment.

Students must have a weighted average of at least 1.7 (C-) across all courses taken at Athabasca University towards a Bachelor of Commerce degree in order to graduate.

Transfer Credit will not be accepted if course(s) completed more than:

- 10 years ago in the Business and Administrative Studies area of study at the senior (300/400) level;
- 5 years ago in CMIS (all levels);
- 10 years ago in Statistics (all levels).

If you are currently working in the field and provide evidence of work being completed, this restriction may be waived. Transfer credit being used to satisfy options other than those in the Business and Administrative Studies area will not be restricted.

Bachelor of General Studies (Three years—90 credits)

Regulations effective September 1, 2019.

The Bachelor of General Studies degree is one of the most popular programs at Athabasca University. It provides a framework of individualized study within an Arts and Science or Applied Studies designation that offers students the freedom to choose courses to meet career or educational goals. Unlike the other degrees offered by Athabasca University, the Bachelor of General Studies does not have a residency requirement, and degree requirements may be completed at institutions other than Athabasca University.

The Bachelor of General Studies degree requires the completion of 90 credits and is comparable to a three-year program. Students may specialize or diversify their course selection, subject to the following requirements. This degree allows students the freedom to develop their own intellectual and academic interests. This does not mean that course selection should be casual. Students are expected to ensure their vocational or personal needs

Management	are well defined. All courses transferred to this degree must be university-level credit as determined by Athabasca University faculty.

Bachelor of Management Indigenous Nations and Organizations Major

Regulations effective September 1, 2019.

The Bachelor of Management Indigenous Nations and Organizations (INO) Major is designed in response to a need for Indigenous business-related education.

This new and unique business program, offered only at Athabasca University, will enable you to focus on principles of Indigenous business and governance. This major blends cultural relevance into the core management curriculum.

The program also acknowledges and develops the role of traditional knowledge in academic institutions. It will prepare you to meet the needs of the kind of community that you may service when you graduate.

If you have career interests in Indigenous (Aboriginal) business, this program will provide you with the opportunity to concentrate your studies in areas such as leadership, management, community development, and negotiation.

Post-RN Bachelor of Nursing Degree Program (120 credits)

Regulations effective September 1, 2019.

The [Faculty of Health Disciplines](#) offers the post-RN BN degree program. This program is designed to provide the Registered Nurse with the opportunity to acquire a broad liberal university education with particular emphasis on advanced theoretical and practical knowledge related to nursing informatics, nursing research, primary health care, leadership, management, and family and community health promotion. All AU nursing courses are mapped to the most current entry to practice [competencies](#), as determined by the College and Association of Registered Nurses of Alberta (CARNA).

Enrolment Requirements

To enrol in the post-RN BN program, the following is required:

1. Graduation from an approved Registered Nurse (RN) diploma program.
2. Regulated (Practicing) Registered Nurse (RN) registration/licensure with a Canadian province or territory. Proof of registration must be submitted at time of application and maintained while completing the program.

Students with Non-Canadian/Non-United States Education

Those students presenting non-Canadian/non-United States Nursing diplomas who have completed a Canadian RN bridging program are eligible for admission.

Those students presenting non-Canadian/non-United States degrees for admission and/or possible transfer credit, must obtain:

A basic assessment* that compares the credential completed to education in Canada from an international

assessment agency, for example, the [International Qualifications Assessment Service \(IQAS\)](#); or
 If seeking additional transfer credits, a specialized or course-by-course evaluation of post-secondary course work from an international assessment agency, for example, the [International Qualifications Assessment Service \(IQAS\)](#).

Official transcripts for any completed Canadian or United States courses or programs in Nursing, taken to obtain licensure in Canada, must be submitted.

* Students who leave the post-RN BN program for another program at AU will be required to provide a specialized or course-by-course assessment.

For more information, see the Evaluations and Transfer Credit section of the Calendar that explains the [foreign transcript evaluation process](#) for international students.

Program Requirements

Students are required to complete the degree regulations that are effect at the time they enrolled in their program. Students who are inactive (have not registered for a course within 12 months from their last contract date) must re-enrol and will follow the regulations in effect at the time of re-enrolment. Students are strongly encouraged to register in their English course early in their program.

PROGRAM STRUCTURE

Total credits required to complete the Post-RN BN degree*

* Transfer credit may be awarded for non-nursing university transfer credit taken as part of an RN diploma program. Non-nursing transfer credit will not be awarded, however, for anatomy and physiology, pathophysiology, pharmacology, microbiology, or health assessment courses included in the RN diploma program. Credit will not be awarded for non-nursing required, support and option courses that are more than 10 years old at the time of the request. 45

Additional credit may also be awarded for university-level courses completed before admission to the post-RN BN program on the basis of Prior Learning Assessment and Recognition.

The 45 credits required to complete a post-RN BN degree are distributed as follows:

Required nursing credits	27
Required non-nursing credits	6
Non-nursing option credits	12

Residency requirement. A minimum of 15 nursing credits* must be obtained through Athabasca University.

15

*Note: HLST 320 is a non-nursing course and does not qualify for the residency requirement and is subject to the 10-year stale-dating rule.

Graduation with Distinction or Great Distinction. At least 24 credits must be obtained through Athabasca University in order to be considered.

Specific Regulations

Given the unique and professional nature of the post-RN BN program, some of the general policies governing academic studies at Athabasca University are superseded by the regulations below.

1. RN diplomas from approved institutions will be accepted regardless of the year of graduation.
2. Athabasca University will not normally award additional transfer credit for nursing courses/certificates that are more than 7 years old at the time of the request. If evidence of current

practice in the content area is submitted, this regulation may be waived. Credit will not be awarded for non-nursing required, support and option courses that are more than 10 years old at the time of the request.

3. Students will be permitted a maximum of five years to complete all degree requirements from date of enrolment.
4. Students who have been awarded two failing grades in one or more nursing courses will be automatically withdrawn from the post-RN BN program, with no opportunity for re-admission.

Post-LPN Bachelor of Nursing Degree Program (120 credits)

Regulations effective September 1, 2019.

The Faculty of Health Studies offers the Post-LPN BN program.

This program is designed to provide the Regulated (Practicing) Licensed Practical Nurse (LPN) with the opportunity to continue their education in nursing in a baccalaureate program that offers flexible modes of course delivery and opportunities to develop a clinical focus. Graduates are eligible to write the National Council Licensure Examination – Registered Nurse (NCLEX-RN) and to apply for registration with the College and Association of Registered Nurses of Alberta. If you plan to practice in a jurisdiction other than Alberta following completion of this program, please contact the regulatory body in that jurisdiction, before applying to this program, to determine acceptance of the program when seeking a temporary practice permit and active registration as a registered nurse. Students with Non- Canadian/Non-United States Education

Students presenting non-Canadian/non-United States diplomas must present one of the following for admission and/or possible transfer credit:

Official transcript showing completion of a recognized Canadian Practical Nurse Diploma, refresher, or bridging program; or

A basic assessment* that compare the credential completed to Practical Nurse education in Canada from an international assessment agency, for example, the [International Qualifications Assessment Service \(IQAS\)](#); or

If seeking additional transfer credits, a specialized or course-by-course evaluation of post-secondary course work from an international assessment agency, for example, the [International Qualifications Assessment Service \(IQAS\)](#).

Official transcripts for any completed Canadian or United States courses or programs in Nursing, taken to obtain licensure in Canada, must be submitted.

* Students who leave the post-LPN BN program for another program at AU will be required to provide a specialized or course-by-course assessment.

For more information, see the Evaluations and Transfer Credit section of the Calendar that explains the [foreign transcript evaluation process](#) for international students.

Second Undergraduate Degree

LPN Students who hold a recognized first degree in a discipline outside of nursing who wish to obtain an AU Bachelor of Nursing degree must apply under the Second Undergraduate degree regulations. These students may transfer applicable coursework from the previously completed degree to satisfy up to 50 per cent of the total credits required to complete the post LPN BN program. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree.

Program Requirements

Students are required to follow the degree regulations in effect at the time they enrolled in their program. Students who are inactive (have not registered for a course within 12 months from their last course contract end date) must re-enrol and will complete the regulations in effect at the time of re-enrolment.

Bachelor of Professional Arts Governance, Law and Management Major

Regulations effective September 1, 2019.

The Bachelor of Professional Arts Governance, Law and Management major (BPA-GLM) is offered by the Centre for Social Sciences. The program is designed to prepare innovative managers and professionals for leadership success with public sector organizations in the knowledge-based society and economy. This leading-edge program provides education that promotes vision, creativity, and strategic thinking, as requisite skills for administrators in an era of globalization.

The recent reforms in organizations have led to a shift from "command-and-control" management structures and practices to an organizational context characterized by flexibility, innovation, and lifelong learning. The BPA-GLM provides the requisite knowledge and practical know-how needed by professionals for good governance and the successful

Management	management of organizational change, particularly the increasing shift to e-governance.

Bachelor of Science (4 years—120 credits)

Regulations effective September 1, 2019.

Athabasca University's Faculty of Science and Technology (FST) Bachelor of Science (BSc) degree allows students to take the general program or select a major in Human Science, Computing and Information Systems, or Applied Mathematics. A selection of minors is also offered for students to enhance their knowledge on a specific area of study. Given the importance of science and technology, this degree will prepare student to excel in the science-based world of today and meet the increasing technological demands of the future.

Graduate of the BSc program will have gained the technical, analytical, and critical thinking skills to be able to further their education. The four-year BSc is transferable towards medicine, dentistry, and veterinary programs at other Canadian and international institutions. Student intending to go onto graduate studies should contact the institution they would like to attend to ensure all entrance requirements are met.

The Faculty of Science and Technology also offers a BSc Major in Architecture program, a way to study architecture as general interest or in preparation for a Masters of Architecture program, (and licensure as an architect).

Second Undergraduate Degree

Students who hold a recognized first degree and who wish to obtain an AU undergraduate degree in a different subject area, will be enrolled under the second undergraduate degree regulations. These students may transfer in up to 50 per cent (60 credits) into the four-year degree program, based on course work in the first degree that is applicable. Preparatory (100 level) credits cannot be used to fulfill the requirements of a second undergraduate degree.

Majors and Minors

While students may decide to graduate with a BSc in general science (without a specific area of focus), they may have the option of selecting a major, or a major and a minor, at the time of enrolment in the BSc program. BSc major are available in:

English Writing Skills Requirement

Students are strongly encouraged to register in ENGL 255 early in their program. Students will be exempted* from

the English Writing Skills Requirement (ENGL 255) who have met one of the following criteria:

have a grade of B- (70 per cent) or better in an Athabasca University English course above the preparatory (100) level;

or

received credit for an English course in which a grade of B- or better was achieved.

*Note: the exemption must be replaced with a 3-credit course in any discipline at the junior/senior (200 to 400) level.

Additional Program Regulations

1. Athabasca University may grant transfer credit for individual Computer Science courses that were completed more than five years ago and/or Science courses that are over 10 years old if proof of currency in the field is provided in the form of a current resumé and letter(s) of employment. Other evidence may be accepted if the letter and the resumé cannot be supplied. Visit the Transfer Credit Services section of the Calendar for more information regarding transfer credit towards the BSc program.
2. Students holding a computing-related diploma from an approved college or technical institute that is more than five years old may be admitted to the BSc PD program if a current resumé and letter from their

supervisor/employer provide evidence of currency in the field since the diploma was awarded.

3. Students holding a science-related diploma from an approved college or technical institute that is more than 10 years old may be admitted to the BSc PD program if a current resumé and letter from their supervisor/employer provide evidence of currency in the field since the diploma was awarded.
4. An individual course can only be used to fulfill one requirement in the program. For example, no course can be used to complete the specific requirements of both the major and the minor. Also, a course that fulfills the BSc program general requirements cannot be used to satisfy the specific requirements of either the major or the minor.

Bachelor of Science (Post Diploma) (4 years—120 credits)

Regulations effective September 1, 2019.

The Bachelor of Science (Post Diploma) program (BSc PD) allows students presenting a two- or three-year science- or computing-related diploma who wish to pursue a university degree to further their career and/or academic studies.

Graduates of the BSc PD program will have gained the technical, analytical, and critical thinking skills to be able to further their education. The BSc PD program also allows students to transfer their undergraduate degree towards medicine, dentistry, and veterinary programs at other Canadian and international institutions. Students intending to go on to graduate studies should contact the institution they would like to attend to ensure all entrance requirements are met.

The Faculty of Science and Technology offers two routes within the post diploma:

1. Major and minor route: For students in this route, those holding a two- or three-year science or computing-

Management	related diploma from an accredited college or technical institute may receive a minimum of a block of 30 credits. Depending on the content of the diploma, up to a maximum of 60 credits may be transferred toward the BSc PD program.

Science	2. Without a major or minor route: For students in this route, those holding a two- or three-year science or computing-related diploma from an accredited college or technical institute may receive a minimum of a block of 30 credits, students may also receive a block of 30 plus individual transfer credit up to a maximum of 60. Some diplomas may qualify for a block of 60 credits depending on the content of the diploma.

Bachelor of Science Applied Mathematics Major

Regulations effective September 1, 2019.

The Bachelor of Science in Applied Mathematics is designed to help students develop a relatively wide range of applied mathematical skills which have direct applications in fields such as scientific and medical research, computer science, finance, engineering, and other math-related disciplines.

This major fosters innovative thinking toward solving scientific, environmental, and sociological issues using mathematical methods, and aims to provide deeper understanding and alternative perspectives on problems in math-related interdisciplinary fields. Its ultimate goal is to lay a foundation of research skills for undergraduate students to apply in real-world situations and contribute to the betterment of society.

Students complete the program regulations in effect at the time of their enrolment.

Bachelor of Science Biology Minor

Regulations effective September 1, 2019.

The minor in Biology at Athabasca University offers a comprehensive program of study and training in the biological science. It is designed to provide a broad background in biology while allowing students significant flexibility in choosing courses of interest. Students will be exposed to the fundamental principles of biology, including studies of the structure, organization, and diversity of life. This minor is intended to provide additional qualifications in science-related careers that require an understanding and appreciation of the life sciences, or preparation for graduate work in biology.

Bachelor of Science Game Design and Development Minor

Regulations effective September 1, 2019.

The Game Design and Development minor is aimed at those interested in the computer gaming industry and related fields. While offering some programming, the minor focuses mainly on the broader game design process. It provides opportunities to gain practical and creative skills in developing stories, designs and systems as part of a games development team, or in creating small games and game-like, or gamified, applications.

Note: Those looking to gain their programming and computing skills needed to develop complex video games should instead consider the more technically-focused [Game Programming minor](#) instead.

Bachelor of Science Geoscience Minor

Regulations effective September 1, 2019.

The Geoscience minor acquaints students with basic aspects of the physical and natural systems that operate on Earth, within it, as well as in its atmosphere. The minor requires the completion of four core geoscience courses as well as four electives in related geoscience and science. It can be combined with any BSc major. Completion of the minor allows students to find employment in a wide range of sectors including environmental, government and consulting services.

Bachelor of Science Human Science Minor

Regulations effective September 1, 2019.

The Human Science minor at Athabasca University offers students a customizable program of study to obtain expertise in the biology and health of the human body.

This minor is designed to provide a background in human biology while allowing significant flexibility for students to choose courses of interest in human health, community health, nutrition, and psychology. It is intended to prepare students for careers in the life sciences, further study in programs such as medicine or graduate work in biology and health-related disciplines. Students will develop an understanding of the chemical and biological processes of the human body and be able to relate this knowledge to aspects of health and development as well as to the human environment.

Bachelor of Science Information Systems Management Minor

Regulations effective September 1, 2019.

The minor in Information Systems Management provides knowledge essential to effective use of computers and information systems in the business environment from a management perspective. Students will develop a sophisticated understanding of trends and issues related to information systems, and learn how to align information systems with business goals.

It introduces and examines how information systems analysis and management can be used to meet the strategic needs of business and government. The minor's main concern is how businesses use information to improve company operations. Courses in the minor focus on how to design and develop information systems, how to manage information systems in organizations, and how business processes and information systems can align with company goals for financial reporting, control requirements, and IT structure.

Bachelor of Science Information Systems Minor

Regulations effective September 1, 2019.

The minor in Information Systems is concerned with the use of computers to support the management of data and information in human systems. It offers an introduction to the main areas of information systems such as database design, systems analysis, and programming, with options to choose from across the spectrum of computing and information systems courses, depending on personal needs and interests. The minor is mainly concerned with applying computer skills within a business context. It will be of particular value to those that need to work with programmers and other computing professionals to build robust, relevant and effective information systems that meet human and business needs, as well as those wishing to apply knowledge of computer systems in other fields of interest.

Bachelor of Science Learning Technology Minor

Regulations effective September 1, 2019.

The Learning Technology minor is primarily aimed at those interested in entering the fields of instructional design, online teaching, or learning technology management, or who wish to work with computers in the fields of education or training. The minor outlines the fundamentals of computing as well as learning theory (e.g. motivation and development). Students will learn some programming, application design, and interaction design skills; gain grounding in models of learning (e.g. behaviourist, cognitivist, and constructivist). It introduces a variety of approaches to teaching and assessment, and to the use or building of digital technologies to support such activities.

Bachelor of Science Major in Architecture (4 years – 120 credits)

Regulations effective September 1, 2019.

Athabasca University and Architecture Canada, Royal Architecture Institute of Canada (RAIC), have formed a partnership dedicated to offering a high quality online architecture program. This is Canada's first online architecture program and it is a component of the renewal of the RAIC Syllabus which constitutes an alternative path to professional licensure as an architect in Canada. The RAIC Syllabus consists of studio, work experience and academic components taken while working under the supervision of a licensed Canadian architect.

The academic components of the Syllabus program are shared between first, a Bachelor of Science in Architecture (BSc Arch) and second, a Post-Baccalaureate Diploma in Architecture (PBDA). Together, the studio and work experience (offered by RAIC) and the academic components (offered by Athabasca University) fulfill the requirements of the RAIC Syllabus Professional Diploma in Architecture.

Management	The BSc Arch program, which has a strong focus on environmental and community sustainability, will also be beneficial for public and private careers in urban and construction planning and design, as well as studies of the built environment.

Specific Architectural Program Regulations

Given the professional nature of the BSc Architecture program, the following regulations supersede some of the general policies governing academic studies at Athabasca University:

1. Athabasca University will not grant transfer credit for science courses that were completed more than 10 years ago. Computer Science (COMP) and Computer Management Information Systems (CMIS) courses older than 5 years will be staledated if students are not currently working in the field of Architecture.
2. Student who hold an approved college or technical institute architecture diploma that is more than five years old, but who can supply evidence of employment indicating that they are currently in architecture, will gain admission to this degree program. A letter of reference from an immediate supervisor may be submitted as proof of employment.
3. To be awarded a BSc Architecture degree, a minimum grade point average of 2.3 is required in all Athabasca University courses used towards the degree. Students unable to obtain the required GPA will be requested to re-register in courses.
4. Upon graduation in the BSc Architecture degree students may

subsequently complete the Post-Baccalaureate Diploma in Architecture in order to apply for the RAIC Professional Diploma in Architecture.

English Writing Skills Requirement

The English Writing Skills Requirement (ENGL 255) will be waived (students must replace the three credits to satisfy the credit requirement) if you satisfy one of the following:

University Certificates

Regulations effective September 1, 2019.

General Regulations

University certificate programs provide interim qualifications in specific subject areas. The following general regulations apply to all certificate programs. Athabasca University has developed individual program learning outcomes that describe the career options that may be available to you upon graduating.

1. Fifty per cent* of the total credits required must be completed through Athabasca University. Up to 50 per cent of the required credits may be transferred from another post-secondary institution.
* Some certificate programs require less than 50 per cent, e.g., University Certificate in Counselling Women.
2. University certificate credentials are awarded throughout the year. Students must submit an Application for Graduation Form to the Office of the Registrar (see [Graduation](#)).
3. Students with less than 50 per cent of coursework completed in their current Athabasca University degree program may withdraw from their degree and apply into a university certificate program. Credit will be awarded (from the previous incomplete degree program) to the extent permissible under the applicable program regulations in effect at the time of the change of credential.
4. Students with 50 per cent of coursework completed in their current Athabasca University degree program are encouraged to consult with a student advisor before changing programs.

Management	<p>5. Students who change their program of study from an Athabasca University degree program to a university certificate program forfeit their standing in the degree program. If students wish to return to the degree program (after being enrolled in the university certificate program) they will be required to meet the degree requirements in effect at the time of re-enrolment (see Changing Programs) to the degree.</p> <p>6. Students who have completed a previous credential (degree, certificate, or diploma) from Athabasca University or another institution must complete a minimum of 50 per cent of the credits in course work not previously used towards any credential.</p> <p>Students who have a previous credential in the same subject area as the certificate cannot enrol in the certificate.</p> <p>7. Students who have completed the former University Certificate in Labour Relations or the University Certificate in Labour Studies may not enrol in the University Certificate in Human Resources and Labour Relations.</p>

University Certificate in Accounting

Regulations effective September 1, 2019.

The University Certificate in Accounting is designed for students who want to develop skills and knowledge appropriate for an accounting professional. The program has been designed so you may, with careful selection of options, complete the courses that make up many levels of the training required by the professional accounting associations.

Transfer Credit will not be accepted if course(s) completed more than:

- 10 years ago in Business and Administrative Studies area of study at the (300/400) level;
- 5 years ago in the CMIS (all levels);
- 10 years ago in Statistics (all levels).

If you are currently working in the field and provide evidence of work being completed, this restriction may be waived. Transfer credit being used to satisfy options other than those in the Business and Administrative Studies area of study will not be restricted.

Recommendations for option selections:

Please note that these are recommendations only and any selections should be verified with the provincial accounting association in your area.

MGSC 312 is recommended for ACCT 454 and may be taken as an option prior to taking this course if not already completed elsewhere.

ADMN 404 assumes previous knowledge in the following subject areas (ACCT/FNCE, MKTG, ECON, ADMN/MGMT) and is recommended to be taken last or with the last set of courses in your program. ADMN 404 must be taken with AU. Transfer credit will not be awarded.

If pursuing a professional accounting designation, options should be chosen in consultation with the provincial association of which you are applying. Confirm with your provincial association requirements before selecting.

For more details, visit the Professional Accounting Education website.

University Certificate in Computing and Information Systems

Regulations effective September 1, 2019.

The University Certificate in Computing and Information Systems is designed to provide a solid educational base in computing and information systems. Graduates may use the credits in their future program studies if they wish to pursue a Bachelor of Science degree in Computing and Information Systems.

During this university certificate program, students will acquire essential computer programming skills by taking COMP 268 and COMP 272, as well as web development skills by taking COMP 266. Students will comprehend the theories and technologies of computer operating systems, computer networks, system analysis and design, as well as database management. In addition, by completing certain elective courses offered in the program, graduates will gain specialized skills in different IT areas such as database management, system administration, computer programming, or web development.

University Certificate in Counselling Women

Regulations effective September 1, 2019.

The University Certificate in Counselling Women applies contemporary feminist theory to the practice of counselling. The program develops basic counselling skills with a particular emphasis on acquiring crisis intervention skills.

The program is ideal for professionals and volunteers—crisis workers, social workers, family life educators, adult educators, nurses, teachers, and vocational counsellors—who will acquire the skills to help women solve specific and everyday problems.

Students holding a Diploma in Social Work should choose electives in consultation with an Athabasca University advisor to ensure the electives meet the requirements of the University Certificate in Counselling Women.

The elective courses can consist of Athabasca University courses and approved courses from other institutions. The certificate can be transferred to other programs at Athabasca University and

Management	other universities if the courses fit the requirements at the receiving institution.
Nursing	Students who are planning to complete the certificate in one year (based on a full-time Student Finance study plan) should first discuss their plan with the Program Coordinator .

University Certificate in Heritage Resources Management

Regulations effective September 1, 2019.

Work in the heritage sector involves many different and specialized practices. These include the work undertaken at archives, at a huge range of museums, interpretive centres, historic places and heritage landscapes, and as part of some types of scientific and cultural activity. These many differences reflect the vitality and range of the contemporary heritage field.

The University Certificate in Heritage Resources Management (HRM) is a comprehensive program of study that is designed for people who want a broad perspective on Heritage Resources Management, who wish to pursue careers or other involvement with heritage resources practice, or who are working or volunteering in the field and who wish to improve their skills in heritage practice.

The HRM program is offered by Athabasca University's Centre for Integrated Studies. All courses are offered in distance format with tutor support.

Athabasca University students take courses for credit, for transfer credit towards a program at another institution, or for general knowledge with or without credit.

At Athabasca University you will set your own study schedule using the learning resources provided by the University. Each course is unique, prepared by a team of authors, editors, designers, and multimedia specialists. Many courses and programs at Athabasca University are offered through a combination of print-based and online material, with most courses being offered almost entirely online.

The type and amount of online activity varies among courses from participating in computer conferencing to developing student website projects and accessing learning materials in electronic format. Most courses use print or online texts as well as a variety of other online components—study guides, streamed audio or video components, online quizzes and exams, chatrooms, asynchronous and synchronous learning activities—all designed to help meet the learning objectives of each course.

Note that courses are opened on an on-going basis. For the most up-to-date list of courses and for more detailed information on each course, review the [course syllabus](#).

Tutor

In most individualized study courses, you will be assigned a tutor who will assist you throughout the period of active registration in your course.

Faculty of Business – Student Support Centre

When you take courses from the Faculty of Business, your first point of contact for academic-related assistance will be the Faculty of Business, Student Support Centre. Your academic-related questions will be escalated to an Academic Expert for assistance.

5.1.1 Online Conferencing

Some Athabasca University courses use online conferencing. Students are advised that online conferences are recorded and may be retained and made available for research purposes.

5.1.2 Taking a University-Level Course

Many of our students are taking Athabasca University courses for transfer to another institution. Others are enrolled in AU programs. And others are returning to school after a long absence.

For many students, taking an AU course is a unique experience that will challenge their computer savvy, research capabilities, and essay-writing skills. While some apprehension is normal, students soon feel comfortable in a learning environment that is defined by interesting courses, knowledgeable tutors, extensive student services, and active student organizations.

First, select a junior-level course that is of particular interest. Be prepared to spend approximately 11 to 15 hours a week reading and reviewing course and supplementary material. You also need to set aside additional essay-writing time.

Be consistent. Set and meet your study goals by incorporating a reasonable study schedule into your work and home life. Inconsistent study patterns cause many students to lose the “rhythm” of the course material, requiring repetitious reading to catch up.

Work at a pace that suits you, keeping in mind the course contract end date and course extension requirements explained in the [Registration](#) section.

If you feel overwhelmed by your course material; talk to your tutor, ask questions, or contact a counsellor. In short, if you have any difficulty, allow us to help you achieve success in your course or program of study. Just ask—Ask AU, email, our websites, or by phone.

5.1.3 Course Load

You may be actively registered in one to six courses at a time; including, courses with an In-Progress Status, those taken via the Challenge for Credit process, and wait-listed or pre-registered courses that overlap current registrations.

It is suggested that students with full-time jobs or those new to distance learning should start with one course.

5.1.4 Computer Requirements

Athabasca University has developed standard computer requirements for students. It is assumed that students have access to a computer, printer, and the internet. Upon graduation, students should have a specific level of computer skills, many of which are acquired while completing distance learning courses.

Many Athabasca University courses require students to have access to certain computer hardware and software. Athabasca University's standard computing platform is a computer running Microsoft Windows with Open Office. The minimum requirements for students using a Mac or PC are access to a web browser, email, and the software capability to submit assignments as Word documents. Some courses support other hardware and software platforms and may have more specific requirements noted in the online syllabus. PCs are the primary equipment supported by AU's Help Desk. Only limited assistance for other hardware and software platforms is offered. Refer to the IT Help Desk website for minimum and optimal computer requirements.

6. Examinations and Grades

Assignments and examinations are the basic means of evaluating your knowledge and understanding of course content. Your final grade for a course is normally determined by a weighted average of the marks for all assignments and examinations completed in the course. You should review the Course Syllabus of each course you're registered in for specifics.

6.1.1 Preparation

Good study habits, time management, reading to understand and remember, frequent reviews, and relating your studies to your everyday life all go a long way toward preparing you for examinations.

Anxiety can prevent you from doing well in examinations. Many of our students have benefited from coping strategies offered by Athabasca University's Counselling Services. Athabasca University also produces a brochure "Mastering Exam Anxiety," and provides online resources.

Before you request your examination, discuss your preparedness with your tutor or learning facilitator. If you are having difficulties preparing for your examination, please review Athabasca University's Counselling Services Mastering Exam Anxiety website or [email an AU counsellor](#).

6.1.2 Requesting an Examination

When you are ready to write your examination, you must complete and submit an Examination Request Form. You do not require permission to write an examination; however, we recommend that you discuss your preparedness with your tutor or learning facilitator. You will first need to contact the examination centre or your invigilator and select a date and time to write, and to discuss possible fees. You must submit your Examination Request Form well in advance of your requested write date.

[Exam Request Deadlines](#)

When you are ready to request an examination, complete and submit the online Examination Request Form (also available through myAU).

6.1.2.3 Where do I write?

Students can write at an examination centre located in the University's Athabasca, Edmonton, or Calgary, Alberta, offices. In addition, a Canada-wide Examination Invigilation Network has been established and is comprised of many post-secondary institutions that are AU approved invigilation sites. An invigilator is a person who supervises students while they are writing an exam.

Students who do not have access to an examination centre, may propose an invigilator. Athabasca University students living outside Canada write their examinations at an approved post-secondary institution or Canadian Embassy.

Students writing an online exam may also be able to write through ProctorU which enables students to write an online exam in locations other than those stated above.

All invigilators must be approved by Athabasca University in order to supervise an AU exam.

[Examination Centres](#)

[Invigilators](#)

[Virtual Invigilator](#)

6.1.2.4 When do I write?

Students are expected to write their exam within their course contract period. Exam requests that are received within our published exam request deadlines, with a

write date that is within a student's contract period, will not be assessed any additional fees.

AU has implemented process to accommodate late exam requests. A late exam request is an exam which is requested outside of the published deadlines.

Students cannot write their exam prior to the course contract start date.

All examination requests, with the exception of supplemental examinations, must be received by AU on or before the course contract end date.

After you submit your Examination Request Form, AU aims to have your exam arrive at the examination centre or your invigilator, approximately one week before your requested write date. AU cannot guarantee that your examination will arrive before your requested write date. Timelines are dependent on your geographic location.

Examination Request Form

6.1.2.5 Exam Request Deadlines

If you are requesting to write an exam at an AU location (i.e. AU Athabasca, AU Edmonton, or AU Calgary), you must request your exam 10 days before your requested write date. (Available dates/times at month end are in high demand so more notice may be necessary to ensure your preferred date/time.)

If you are requesting an exam within Canada or the United States at an established AU Approved Invigilation Centre you must request your exam 20 calendar days prior to your requested write date.

If you are outside of Canada and the United States and requesting an exam to be invigilated at an established AU Approved Invigilation Centre, your request must be received 30 calendar days prior to your requested write date.

If you are requesting to write an exam at an invigilator not yet established as an AU Approved Invigilator, your request must be received 60 calendar days prior to your requested write date.

6.1.2.6 Late Exam Requests

A request that is received outside of the published deadlines will be processed provided the student makes the request by his or her contract end date (with the exception of supplemental exams) and provided the exam is written not later than 30 days after the course contract end date. This is considered to be a late exam request and a non-refundable fee is assessed for this service. This is not an extension; tutor support will not continue and all other coursework must be submitted prior to your course contract end date. Please allow time for your request to be processed—on-time delivery of the late exam cannot be guaranteed.

See the Exam Request and Completion Deadlines table above for the general guidelines surrounding the assessment of a late exam fee.

6.1.2.7 Examination Security

For exam security reasons, AU reserves the right to delay the shipment of examinations that have a write date scheduled well into the future. Whenever possible, examinations are shipped to an approved invigilator or an approved invigilation centre so that the exams arrive approximately one week before the requested write date.

6.1.2.8 Holiday Closures and Examinations

Examinations are not shipped during the last week in December when the University is closed.

Examination requests that are received prior to the University closure for courses with a course contract end date of December 31 are allowed additional time to write their examinations without being charged the Late Exam Fee. Exams requested prior to the University closure for courses with a contract end date of December 31 must be completed no later than January 15 of the following year.

The Exam Request Deadlines must still be met (i.e. if you are requesting an exam in Canada or the U.S. you must still request 20 days before the write date) or the Late Exam Fee will be assessed.

This additional time does not apply to other course work such as assignments and quizzes, which must be completed on or before the December 31 course contract end date.

Any examination requests received after the university closure, but prior to the course contract end date of December 31 will be processed as a Late Examination Request.

6.1.3 Examination Centres

Students can write their examinations at Athabasca University buildings in Athabasca, Edmonton, or Calgary, Alberta. In addition, a Canada-wide Examination Invigilation Network has been established that is composed of many post-secondary institutions that are AU-approved invigilation centres.

[Writing at Athabasca University](#)

If you wish to write your examination at a location other than AU or any of the listings in the Examination Invigilation Network, you must write at an accredited post-secondary institution such as a community college or a technical institute. If a college or technical institute is not accessible, you may write your examination at an educational institution such as a high school or library, provided it is approved by Examination Services Unit, Office of the Registrar.

6.1.3.2 Centres Within Canada

Students who live within a 100 km radius of an AU-approved invigilation centre, write their examinations at that centre. Students who live more than 100 km from an exam invigilation centre, may request to write their exams closer to home provided they arrange for an invigilator who meets specific guidelines and is approved by AU.

[Examination Invigilation Network](#)
[Invigilators](#)

6.1.3.3 Centres Outside Canada

AU students who live outside of Canada must write their examination at an AU-approved post-secondary institution or Canadian Embassy, or use an invigilator who meets specific guidelines.

[Invigilator guidelines](#)

6.1.3.4 Grouped Study Students

Grouped study students write their examination at the same place, date, and time selected by the course professor unless approval for an exception has been obtained in advance by the AU course coordinator.

6.1.3.5 Online Examinations

An increasing number of AU examinations are completed and submitted online. The course syllabus and your course materials

will indicate whether the examination(s) for the course are online. Students have two options for how to write online exams: through ProctorU or at an invigilation centre that is able to invigilate online exams.

ProctorU: This exam-writing option is available to students with a computer in a suitable location, with (high-speed) internet access and a webcam.

Invigilation centre: When writing an online examination, it is your responsibility to ensure a computer with an Internet connection and an accepted web browser is available for your use at the Invigilation Centre. Students are not permitted to bring or use personal laptops for online exams.

Refer to your student manual for training resources, computer requirements and other information related to writing your online exam. Please direct your questions about online examinations to the Examination Services Unit or the AU Information Centre.

All other examination regulations apply to online examinations. You must complete and submit the Examination Request Form to Examination Services using the methods described in the Requesting an Examination section.

6.1.3.6 Examination Attempt and Time Allotments

Once a student has viewed an examination—unless the wrong examination has been sent to the

invigilator—the examination will be deemed to have been written or attempted to have been written.

Students must complete their examinations within the time specified on the official invigilation and examination instructions.

6.1.4 Invigilators: Pre-Approved

Students are required to write an exam with an established Athabasca University-approved invigilator if they live within 100 km of an already-approved invigilator. Students who live more than 100 km away from an examination centre may write their exams closer to home provided they arrange for an invigilator.

An invigilator is a person authorized by AU to oversee the writing of an examination by an AU student. There may be an AU-approved invigilator in your area already.

Use the link below to determine whether there is an AU-approved invigilator in your area. If not, email [Examination Services Unit](#), Office of the Registrar, review the [Exam Request Deadlines](#), and Invigilation guidelines (See below).

A proposed invigilator **may not** be a friend, neighbour, co-worker, supervisor, family member, or relative of the student, and may not live at the same address as the student. Exceptions may be considered for students who live in remote communities and who do not have access to one of the individuals from the above categories within a 100 km radius of the student's residence. The Office of the Registrar must be confident that the individual selected will ensure that the examination invigilation guidelines will be followed and that there is no conflict of interest between the approved invigilator and student.

AU students are not permitted to act as invigilators for other AU students without the written permission of the Coordinator of Enrolment, Records, and Examination Services. Students at other schools are also not permitted to act as an invigilator unless the individual is a paid employee of an AU-approved invigilation centre or has been approved by the Coordinator of Enrolment, Records, and Examination Services.

If these options are not available to you, email [Examination Services Unit](#), Office of the Registrar. A staff member will help you determine a suitable location and an acceptable invigilator.

[Examination Invigilation Network](#)

6.1.4.3 Invigilator Fees

Students are responsible for any expenses incurred when writing an examination. Most invigilators request a fee to invigilate examinations. Invigilation centers may also charge a fee if you cancel or reschedule your examination.

AU does not charge a fee to invigilate examinations at any of its three offices located in Athabasca, Edmonton, or Calgary, Alberta.

6.1.5 Unwritten/Multiple Examinations

Occasionally, circumstances arise that prevent students from writing their examination on the date requested. When the unwritten examination is returned to Athabasca University, and you request to write at a later date, this is called a multiple examination. You may reschedule your examination by following these guidelines.

For each request to write, you must complete and submit an Examination Request Form. If you reschedule your new write date within 10 business days after your original write date, but not past your contract end date, you will avoid the multiple examination fee (examination rebooking fees may be assessed by your invigilator).

If you reschedule later, Athabasca University will charge you a non-refundable multiple examination fee. This fee is levied each time an exam is returned unwritten and is requested again. If you were scheduled to write your examination

6.2 Marks and Grades

The final grade for a course is normally determined by a weighted average of the marks for all assignments and examinations completed in the course.

The marks for your assignments and examinations should be available to you approximately five to seven business days after Athabasca University receives them from the marker. Unofficial final grades should be available 10 business days after Athabasca University receives the marks for your last assignment or examination.

Neither of these timelines includes mailing times (if applicable).

For each course you complete, the Office of the Registrar will provide a statement of the final grade that you achieved and the credits you earned.

Examinations and Grades

6.2.1 Grading Policy

Effective January 1, 2003, Athabasca University adopted the province-wide alpha/4.0 grading system to report undergraduate final grades. Courses with start dates of January 1, 2003, and later use an alpha grading scale. For courses with start dates before January 1, 2003, the percentage grading scale is used.

For individual courses, the alpha scale uses letter grades ranging from A+ through F to reflect a student's performance and knowledge of the materials covered. Overall academic performance is reported using the 4.0 grade-point average (GPA) scale. A grade point is a value between 0 and 4.00 that is assigned to a grade (alpha or percentage). The grade-point average is a weighted average of all the courses a student has taken with AU.

The passing grade for AU undergraduate courses taken before December 31, 2002, is 50 per cent unless otherwise stipulated in the course outline/syllabus. For courses started January 1, 2003, and later, the

Requests	passing grade is the equivalent to a D unless otherwise stipulated in the course outline/syllabus.

Faculty	6.2.1.1 Grade-Point Average
Student Code of Conduct and Right to Appeals Regulations	A grade-point average is calculated for all AU undergraduate transcripts. All courses listed on your transcript have a grade and are included in the cumulative grade-point average calculation.
Glossary	For each course taken, the transcript will display the course grade (percentage or alpha) as well as its corresponding 4-point grade value. All failing grades, excluding WF (Withdrawal Failure) and U (Failure: in courses using pass/fail grade mode), are calculated into the cumulative average. For courses started before December 31, 2002, the actual percentage grade earned by a student for a failed course is also shown on the transcript. For courses started before September 1989, the passing grade is 60 per cent unless stipulated otherwise. Grades for courses using the pass/fail grade mode are not included in the GPA calculation.

6.2.1.2 Notification of Marks and Grades

Unofficial final grades can be viewed in Gradebook in the myAU portal. It can take five to seven days from the time your final grade appears in Gradebook until the final grade is entered into the student

information system. If the final grade appears in the PDF document when you preview your transcript online, then the final grade is entered in the student information system and you can order a transcript. For each course you complete, the Office of the Registrar will provide a statement of the final grade that you achieved and the credits you earned.

If you are transferring your courses to another institution, please determine the receiving institution's deadlines and ensure you allow adequate time for your grades to be processed and sent.

6.2.1.3 Questions Regarding Marks

Questions about your midterm marks may be directed to your Academic Centre or tutor. You must identify yourself before AU staff will release unofficial marks or grades over the telephone. Marks and grades released over the telephone have no official standing.

The Office of the Registrar provides statements of your composite grade (final grade) achieved in courses and the credits earned for each course completed. Your course composite grade cannot be calculated until all the course requirements (e.g., labs, assignments, essays, tests, quizzes, and examinations) have been completed, submitted, and marked.

Transcript Requests

6.2.1.4 Final Grade Processing

We recommend that you write your examination and complete and submit all your assignments at least six weeks before the date your final grade is required.

If you are transferring your courses to another institution, please ask about the receiving institution's deadlines and ensure that you allow adequate time for your grades to be processed and sent.

6.2.1.5 Incomplete Course Work

Before December 31, 2002, students who were unable to complete a course by the course contract end date and did not request a course extension or a course withdrawal were awarded a grade of 0F (Zero Failure).

After January 1, 2003, students who are unable to complete their course by the course contract end date and do not request a course extension or a course withdrawal are awarded a grade of F (Failure) or U (Failure: for courses using pass/fail grade mode).

For courses that have mandatory components (e.g., quizzes, assignments, or minimum grades on all assignments or quizzes), these components must be completed to pass the course. A mark of zero on such a component may result in a failing grade being assigned to the course. You are strongly advised to carefully read the course evaluation scheme in the course syllabus.

Some courses, especially those with lab components, are offered only at specific times of the year and are exempt from this

policy. For more information, contact the Academic Centre that offers the course.

6.2.2 Appeals

Students may appeal any mark given to essays, examinations, assignments, or exercises that contribute to their final grade. Appeals of both failing and passing marks will be considered.

Students determine the grounds for appeal and must follow the procedures outlined in Athabasca University's [Student Code of Conduct and Right to Appeal Regulations](#).

These regulations may not apply to [grouped study courses](#). Grouped study students must consult an advisor at the collaborating institution offering the AU course.

Information effective Sept. 1, 2019 to Aug. 31, 2020.

6.2.3 Transcript Requests

A transcript is a student's official academic record at the time of the document's production.

If you use the Online Student Transcript Request form, the official transcript will show only the grades that have been entered in your official student record at the time the online request is submitted. Before you submit your request online, preview your transcript to ensure it accurately reflects the academic record you expect to be issued.

Most institutions or agencies require that official transcripts be sent to them directly from AU.

AU does not recognize honours list recipients on the official student record, but will indicate the following:

current program of study and the associated total transfer credit awarded

non-credit courses completed at AU
grade-point average

course names and numbers, number

Requests	of credits awarded
Undergraduate Fees and Refunds	the final grade and corresponding 4-point grade value
Faculty	the grade points and credit hours earned for each course registration
Student Code of Conduct and Right to Appeals Regulations	the term dates (year/month course(s) started) courses challenged for credit (noted with CH) including unsuccessful challenges re-registrations (noted with R) and repeated courses suspensions and expulsions

6.2.3.1 Methods of Requesting Transcripts

No partial transcripts are issued, and only the student can request their own transcript. You may request your official transcript using one of the following methods:

[online request](#)

[Transcript Request Form \(PDF\)](#)

Login to [myAU](#) using your student ID number and password. Select the "Request Transcripts" option under Student Record in the left-hand navigation menu.

Transcript requests from a student must be kept at a reasonable number. AU may follow up with students ordering an unusually high number of transcripts.

Priority Transcript Requests

Students can request (and pay) for priority transcript service in which their transcripts are sent by fax. Please note this is not available for students wanting their transcripts faxed internationally. It is also the student's responsibility to determine if the institution they are requesting their transcript be sent to accepts faxed transcripts.

6.2.3.2 Letter of Certification

A Letter of Certification is an official confirmation of information that is not included on the student's transcript. For example, a letter may be requested if no course(s) have been completed at AU.

Only the student concerned may request a Letter of Certification from AU. The request must:

1. be made in writing and bear the student's signature and birth date or student ID number
2. confirm the information to be included in the letter
3. bear the full name and contact information of the letter's recipient
4. be faxed to 780.675.6174, Attn.: Academic Records or mailed.

The following fees are effective for students registering with a start date of September 1, 2019 to August 31, 2020.

7.1.1 Fee Summary

Student fees are all-inclusive and are calculated by combining the tuition fees, learning resources fee, and mandatory Students' Union and Alumni Relations fees. Academic-related fees are exempt from the federal Goods and Services Tax (G.S.T.). Other goods are not G.S.T. exempt. Fees are listed and payable in Canadian dollars.

The payment of student fees entitles you to receive most learning resources and other support services (including tutorial assistance where provided) for the period of active registration.

Students attending Athabasca University grouped study courses at collaborating institutions may be assessed tuition and fees that vary from those established within this Calendar. Those students

Canadian Student Fees	should contact an academic advisor or the Office of the Registrar at the collaborating institution.
Students Outside Canada	Students are responsible for any expenses incurred when writing an examination.
Courses Without Course Packages	Most invigilators request a fee to invigilate examinations. Invigilation centers may also charge a fee if you cancel or reschedule your examination.
Estimated Undergraduate Program Fees	AU does not charge a fee to invigilate examinations at any of its three office locations in Athabasca, Edmonton, or Calgary, Alberta.

Effective Dates

The following fee schedule applies to students who are registering in courses that have a September 1, 2019 or later start date, unless otherwise stated. It is Athabasca University's intention to increase its tuition fees in future years by the maximum amount permitted under the Government of Alberta's Tuition Fee Policy.

7.1.1.1 Returning Students

If you are a returning Athabasca University student, please log in to myAU. If you are no longer an active student, you may still log in to myAU and follow the reactivation procedure.

Once you have logged in to myAU, you may register in a course and view personal information, such as your AU Library account, and your assignment marks, and course grades. You may also take care of administrative matters, such as booking

7.1.1.2 General Application Form/Fee (New Students)

When first seeking admission to Athabasca University, all students submit a \$115 one-time, non-refundable application fee with their completed Undergraduate General Application Form.

The application fee is non-refundable and payable only once regardless of whether your requested start date is unavailable or if you choose not to register in an Athabasca University course.

The Undergraduate General Application Form, used to apply for admission, is separate from the Undergraduate Course Registration Form used for registering in most Athabasca University courses.

[UG General Application Form](#) (new students)

7.1.1.4 One-Credit Courses

The learning resources fee and Alumni Relations fee do not apply to one-credit courses.

7.1.1.5 Zero-Credit Courses

Athabasca University offers a number of zero-credit courses (e.g., ENGL 140). Zero-credit courses are assessed the same fee structure as three-credit courses minus the Students' Union Fees and Alumni Fees. Other academic-related fees and regulations also apply to zero-credit courses.

7.1.1.6 Audit Course Fees

Fees for audit courses are the same as their equivalent credit courses.

7.1.1.7 Re-Registration Fees

Re-registration fees include the tuition fee, Students' Union and Alumni Relations fees only. If the course has been revised since your last registration, you are required to purchase a new course package. In this case, the learning resources fee is added to your re-registration amount.

7.1.2.3 Canadian Senior Citizens

Canadian senior citizens (65 years of age or over) are offered a reduction in course registration fees. Seniors pay the full learning resources fee portion of a registration but are given a reduction of one-half the tuition registration fee as reflected below.

Seniors are also given a reduction of one-half of the course extension fees; however, all other course and academic-related

fees, including the one-time, non-refundable application fee and any service fees, must be paid in full.

The seniors' reduction does not apply to students living outside Canada or non-Canadian students living temporarily in Canada. Those students must refer to the regular fee categories.

The following fees are effective for students registering with a start date of September 1, 2019 to August 31, 2020.

7.1.3 Non-Canadian Student Fees

Before non-Canadian students who are living temporarily in Canada may be admitted or registered in a course at Athabasca University, they must possess and present a valid study authorization confirming permission to study in Canada.

Admission and evaluation fees are in addition to these fees. Students' Union, Alumni Relations fees (where applicable), and the learning resources fee, are included in the following fees. Re-registration fees do not include the learning resource fee.

There are no reduced fees for Senior Citizens who are non-Canadians.

The following fees are effective for students registering with a start date of September 1, 2019 to August 31, 2020.

Estimated Program Fees

The program fees listed on the following pages are all-inclusive and apply to all Athabasca University program students. Before registration in courses, students must pay the one-time non-refundable General Application Fee. Please note: These costs are estimated. AU can and may increase tuition fees annually. Also, the program fees were determined by using 3-credit courses to find the program total. The program fee would be different if, for example, a 6-credit course is used in the program in place of two 3-credit courses. Other Academic-Related Fees, such as lab fees, examination fees, etc. are not included in these numbers.

Undergraduate Fees and Refunds

The following fees are effective for students registering with a start date of September 1, 2019 to August 31, 2020.

7.1.10 Methods of Payment

You may pay your course registration fees in Canadian dollars by cheque, money order, or authorize fees to be charged to your Visa, MasterCard, or American Express card. Interac is available at Athabasca University – Central, Athabasca University – Calgary, and Athabasca University – Edmonton. Post-dated cheques are not accepted.

Returning student paying by cheque should ensure that their student ID number is clearly written on the cheque. Cash may be paid in person; do not send cash in the mail.

When paying fees by Visa, MasterCard or American Express, indicate the specific fee being paid (e.g., admission fee, evaluation fee, etc.). A credit card payment processing form is included with the Undergraduate General Application Form and the

Non-Canadian Student Fees	Undergraduate Course Registration Form. If you make an error when determining the amount, Athabasca University will automatically charge the correct fee to your credit card.
Students Outside Canada	To avoid duplication of charges or processing:
Courses Without Course Packages	<ol style="list-style-type: none"> 1. Do not mail original documentation after you have registered by fax. 2. Do not fax requests that have already been submitted using the University's online system.

7.2.1 Refunds: Individualized Study Course Tuition

The timing of a course withdrawal will impact eligibility for a refund of tuition.

Prior to the course contract start date: A refund of tuition, less the course withdrawal processing fee, may be granted if you formally withdraw from an individualized study course prior to the course contract start date and you are not involved in a disciplinary proceeding involving either academic or non-academic misconduct.

Within the first 30 days of the course contract: A refund of tuition, less the students' union fees and the course withdrawal processing fee, may be granted if you formally withdraw from an individualized study course from the course contract start date up to 30 days after, providing the course final exam has not been written (or if all coursework has been submitted for marking, if there is no

Tuition	final exam) and you are not involved in a disciplinary proceeding involving either academic or non-academic misconduct.
Refunds: Grouped Study Course Tuition	See Fees
Credit Balances	The Undergraduate Course Withdrawal and Refund Policy – Individualized Study states the conditions for a refund.
Delinquent Accounts	Complete and submit the Course Withdrawal Request Form – online , or download the PDF at Course Withdrawal Request Form – PDF and submit: in person, by fax, by mail, or email. The date of withdrawal will be the date of the online submission, the postmark on the envelope, the date of the email if the form is scanned and emailed , or the University date stamp if the form is hand-delivered or faxed (780.675.6174). No tuition refunds are issued if you withdraw more than 30 days after your course contract start date.

7.2.1.1 Learning Resources Fee Refunds (Individualized Study)

Learning resources are items such as texts, student manuals, study guides, reading files and/or other instructional materials such as software and access to online resources. The learning resources fee contributes to the development and procurement for any online resources which may be part of the course (some courses may be entirely online). This fee also covers packaging, shipping, and handling of learning resource materials. You may be required to purchase additional items to complement the course such as binders, calculators, home lab materials, etc., and these are your responsibility.

A refund of the learning resources fee will only be considered if you meet the course refund criteria and the University receives the learning resources complete, unmarked, and undamaged within 30 days of your course withdrawal date. You will not receive a refund for learning resources received by the University outside this time frame (late return).

Note: All returned learning resources become the property of the University and will not be returned to you. Most AU courses include software, and/or software access codes. **If the packaging around the software or the software access code has been opened you will not be eligible for a refund of the learning resources fee. Once opened, the software cannot be re-issued and the material should not be returned.**

To obtain a learning resource refund, complete and submit the Course Withdrawal Request Form (Individualized Study), along with the learning resources eligible to be issued to another student (e.g. returned complete and unmarked, including any unopened software packaging) to:

Athabasca University
Materials Management
Tim Byrne Centre
4001 Highway 2 South
Athabasca, AB, Canada T9S 1A4
Fax no: 780-675.6174

Include your full name, address, and student identification number with any returned learning resources. Your learning resources refund will be processed according to your initial method of payment, e.g., your credit card account will be credited, a cheque will be forwarded to your current mailing address, etc. You are required to pay the postage on any returned materials.

eTextbooks

If the learning resources for the course are only eTexts, the student does not need to do anything further than submitting their withdrawal request. The refund will be automatic if the withdrawal is received within the 30-day withdrawal period.

Information effective Sept. 1, 2019 to Aug. 31, 2020.

7.2.2 Refunds: Grouped Study Course Tuition

The timing of a course withdrawal will impact eligibility for a refund of tuition.

Prior to the course contract start date: A refund of tuition, less the course withdrawal processing fee, may be granted if you formally withdraw from a grouped study course prior to the course contract start date and you are not involved in a disciplinary proceeding involving either academic or non-academic misconduct.

Within the first 15 days of the course contract: A refund of tuition, less the students' union fees and the course withdrawal processing fee, may be granted if you formally withdraw from a grouped study course from the course contract start date up to 15 days after, provided the course final exam has not been written (or if all coursework has been submitted for marking, if there is no final exam) and you are not involved in a disciplinary proceeding involving either academic or non-academic misconduct.

7.3 Delinquent Accounts

Students with delinquent accounts will have their registration cancelled. A cancelled registration shall constitute withdrawal from all courses and forfeiture of all fees paid to date. Accounts that remain unsettled 25 days after the date Financial Services issues you a written notice are considered delinquent.

If your account is in arrears, you will not receive Athabasca University services, including, but not limited to: examination results, transcripts or records of academic standing, Letters of Permission, evaluation, graduation, library borrowing privileges, online computing access, or subsequent registrations until your accounts have been settled.

This policy encompasses all financial obligations due Athabasca University, including those attributable to fees and deposits; non-return of equipment, material, or library books; failure to follow

7.4 Receipts

When you register in a course, you are issued a confirmation letter that indicates, among other details, the student fees paid. Receipts for payment of fees are not issued unless requested.

If you require a receipt for reimbursement purposes by an employer, or for fees other than those listed in the confirmation letter, you must submit a separate request when you register or contact the Cashier/Accounts Receivable Assistant (1.800.788.9041 ext: 6129). In February each year, receipts for income tax credit purposes are issued.

7.5 Form T2202A (Tuition and Education Tax Credit)

In Canada, you may be able to reduce income tax payable by claiming tax credits for enrolment in and payment of tuition and academic fees for Athabasca University's credit courses. At the end of February, the official Tuition, Education, and Textbook Amounts Certificate (form T2202A) will be available to all eligible students in printable format on Athabasca University's website at [myAU](#) portal.

To be eligible for the tax credit, the total of such fees paid to an educational institution in Canada for the year must exceed \$100. Fees paid to the Students' Union and Alumni Relations are not eligible for inclusion in the tuition tax credit.

The calendar year for which the fees are paid, not the date on which the fees are paid, is used to calculate eligible tuition fees. Tuition fees paid for courses that extend beyond the calendar year-end will be pro-rated on the T2202A according to

Receipts	the period of course delivery pertaining to each calendar year. For example, if a course has an October 1 start date and a March 31 contract end date, only 50 per cent of the tuition fee representing the October through December period will be reflected in the current year tax credit certificate. The remaining 50 per cent, representing January through March, will be reflected on the following year's T2202A.
Form T2202A	
Faculty	
Student Code of Conduct and Right to Appeals Regulations	
Glossary	You may be eligible for the Tuition, Education, and Textbook Amounts Certificate tax credit for each month of part-time or full-time registration. For income tax purposes, a full-time student is defined as a person actively registered in a minimum of two credits per month.
Site Map	
Search Undergraduate Calendar	

Only the initial contract period is taken into consideration in the calculation of student status as reported on your Tuition, Education, and Textbook Amounts Certificate (Form T2202A). Extensions are not considered in this calculation.

The Tuition, Education, and Textbook Amounts Certificate reflects the number of months of enrolment that are eligible to be considered as part time or full time. Further details concerning the Tuition, Education, and Textbook Amounts Certificate may be found in [Canada Customs and Revenue Agency's \(CCRA\) Personal Income Tax Guide](#) or by contacting a CCRA district taxation office.

Student Academic Misconduct Policy

9.1.1 General Regulations

Athabasca University is defined by tradition as a community of people dedicated to the pursuit of advancement of knowledge and as a place where there is freedom to teach, and learn, and a concomitant obligation to respect these freedoms when they are exercised by others.

Athabasca University has the right to define the conduct that constitutes an academic offence and to apply whatever disciplinary actions it deems appropriate to deal with these offences. Possible penalties may include action ranging from a reduction in grade for a specific course to revocation of an awarded credential.

Nothing in this policy shall prevent Athabasca University from referring an individual or matter to the appropriate law enforcement agency or commencing legal action against an individual when appropriate.

Information effective Sept. 1, 2019 to Aug. 31, 2020.

9.1.2 Intellectual Honesty

Intellectual honesty is accepted as the cornerstone of the development and acquisition of knowledge. Since knowledge is cumulative, further advances are predicated on the contributions of others.

In the normal course of scholarship these contributions are apprehended, critically evaluated, and utilized as a foundation for further inquiry. Intellectual honesty demands that the contribution of others be acknowledged. To do less is to cheat. To claim contributions and ideas of another as one's own is to deprive oneself the opportunity and challenge to learn and to participate in the scholarly process of acquisition and development of knowledge.

Therefore, the University insists on intellectual honesty in scholarship. The control of intellectual dishonesty begins with the individual's recognition of the standards of honesty expected and then his/her compliance with those expectations.

policy and may be subject to penalties listed under [Section 5 Penalties](#) within this policy.

9.1.3.2 Plagiarism

Plagiarism involves submitting or presenting work in a course as if that work were the student's own, when, in fact, it was not. Often plagiarism exists when:

1. the work submitted was done in whole or in part, by an individual other than the person submitting the work
2. the whole or parts of a work are taken from another source without reference to the original author, publication, journal or Internet source
3. the whole or parts of the coursework submitted lacks citations even though a list of sources is provided
4. the coursework has been copied in whole or in part from an individual, a textbook, a solution manual, the Internet or any other source
5. when paid or professional editors are used inappropriately. Students are encouraged to contact the individual to whom their coursework is being submitted to discuss their plan on the use of an editor prior to submission of their coursework.

Anyone found guilty of plagiarism under this policy may be subject to [Section 5 Penalties](#) within this policy.

9.1.3.3 Cheating

Cheating includes:

1. submitting a proposed invigilator for approval under false pretenses. This includes, but is not limited to:
 - naming one's friend, relative, fellow student or co-worker for approval
 - submitting false credentials, names, occupations, and addresses
 - the misrepresentation of other information related to a proposed invigilator

Undergraduate Calendar

2. writing an invigilated examination or any part of an invigilated examination outside of an approved invigilation centre
 3. removing, by any means, an examination or any part of an examination from an approved invigilation centre
 4. communicating substantive content of any examination to course mates or others
 5. in the course of writing an examination, obtaining or attempting to obtain information from another student or other unauthorized source, or giving or attempting to give information to another student, or knowingly possessing, using, or attempting to use any unauthorized material and/or electronic devices
 6. leaving answer papers exposed to view, or attempting to read other students' examination papers
 7. representing or attempting to represent oneself as another or having or attempting to have oneself represented by another in the taking of an examination, preparation of coursework, or other similar activity
 8. submitting in any course or program of study without prior approval, all or a substantial portion of any coursework for which credit has been received or is being submitted in another course or program at AU or elsewhere
 9. submitting in any course or program of study (including those courses in a clinical or laboratory setting) any coursework (including laboratory results) containing a false statement(s) intended to be perceived as fact(s), or a reference that has been fabricated
 10. accessing course materials or notes pertaining to the subject matter of the course or accessing internet sites during a scheduled examination when the exam prohibits access to such materials
- Anyone found guilty of cheating under this policy may be subject to Section 5 Penalties within this policy.

9.1.3.4 Collusion

Collusion involves two or more persons who, by agreement between them, prepare and submit the substantially same or identical piece of coursework, claiming that it is the work of only

the person submitting it, without the prior permission of the person to whom the coursework is being submitted.

Anyone found guilty of collusion under this policy may be subject to Section 5 Penalties within this policy.

9.1.3.5 Unauthorized Use of AU Materials

It is an offence to knowingly procure, sell, distribute, duplicate, transpose or receive any course material such as examinations, tests, quizzes, assignments, or laboratory results from any source without the proper written consent of Athabasca University except where licensing agreements permit otherwise.

Anyone found guilty of unauthorized use of Athabasca University materials under this policy may be subject to Section 5 Penalties within this policy.

9.1.3.6 Misrepresentation of Facts and Fraud

It is an offence to knowingly misrepresent material facts, the awarding of a credential, results of academic submissions, grades, or a reviewer's comments.

Forging or falsifying academic records is a serious offence that can result in expulsion and possible criminal prosecution. Specifically, it is an offence to:

Forged or Falsified Documents

Forging or falsifying academic records is a serious offence that can result in expulsion and possible criminal prosecution. Specifically, it is an offence to:

1. falsify or forge an academic record including, but not limited to, a transcript, a mid-term grade report, and/or a final grade report
2. create or present a fraudulent degree, certificate, or parchment, and/or to claim the receipt of a fraudulent credential presented as legitimate
3. assist another in falsifying or forging an academic record or credential.

Anyone found guilty of misrepresenting facts and fraud under this policy may be subject to Section 5 Penalties within this policy.

9.1.3.7 Aiding Another in Committing an Academic Offence

It is an offence to aid another in committing any academic offence.

Anyone found guilty of aiding another in committing an academic offence under this policy may be subject to Section 5 Penalties within this policy.

9.1.4 Penalties

Where an academic offence is found to have occurred, one or more of the following penalties will be imposed by Athabasca University, in conformance with Section 10.1.5 Disciplinary Procedures within this policy.

1. rejection of an application for admission or enrolment
2. rejection of submitted coursework with or without the option to resubmit
3. reduction of a grade on submitted coursework with or without the option to resubmit
4. reduction of, or assignment of, a failing grade in a course with or without the option to resubmit
5. suspension from Athabasca University for a period of at least six months but not more than two years*
6. expulsion from Athabasca University*
7. revocation of a grade awarded for a completed course with a failing grade assigned for the course*
8. revocation of an awarded credential*

*Penalty must be approved by Vice-President, Academic.

All penalties assigned under this policy will appear on a student's transcript for a period of two years. In circumstances where the two-year period extends beyond a student's graduation date, the penalty will be removed from the student's transcript on the date the student graduates provided that there is not more than one

9.1.4.1 Investigation of Offences

University Officers Responsible for Investigation of Offences:

OFFENCE	UNIVERSITY OFFICER
Falsifying admissions information	Associate Registrar of Admissions and Transfer Credit Services
Plagiarism	Dean (or designates)
Copying	Dean (or designates)
Collusion	Dean (or designates)
Cheating	Dean (or designates)
Unauthorized use of Athabasca University materials	Dean (or designates)
Misrepresentation of Facts and Fraud	Associate Registrar of Operations
Aiding another in committing an academic offence	In accordance with the offence as identified above.

Note: Dean (or designates) refers to the Dean responsible for the course. For the Centre of Distance Education, the Director of the Centre for Distance Education would be the designated University Officer in place of a Dean.

9.1.4.2 Assignment of Penalty

Undergraduate Calendar

University Officers Responsible for Assignment of Penalties:

PENALTY	AUTHORITY TO DETERMINE OR APPROVE PENALTY
Reduction of grade on submitted coursework	Dean (or designates)
Rejection of submitted coursework	Dean (or designates)
Rejection of an application for admission or enrollment	Associate Registrar of Admissions and Transfer Credit Services

9.1.5 Disciplinary Procedures

Where there is an allegation of an academic offence, refer to the following procedures. Decisions are subject to the appeals process outlined in [Section 7 Appeals](#) within this policy. Any member of the University community who has reason to believe that a student is guilty of an academic offence may initiate proceedings against the student. Athabasca University has the right to amend and adjust these disciplinary procedures from time to time.

9.1.5.1 Initiation of Proceedings

Where a member of the Athabasca University community has reason to believe that a student has committed an academic offence, that individual may forward a written complaint to the appropriate University Officer for investigation.

The written complaint will include the following information:

1. a written summary of the allegation and
2. all supporting documentation that led to the belief that an academic offence has been committed including, but not limited to, copies of coursework and course materials, results from the use of plagiarism detection software, copies of Internet searches, invigilator statements, and any other documentation in support of the case.

Preliminary Investigation and Summary Dismissal of Complaint

Within fifteen (15) business days of receiving the written complaint, or such other time as may be permitted in accordance with this procedure, the University Officer may conduct a preliminary Investigation of the complaint, including, if it is in the view of University Officer desirable, discussing the complaint with the Complainant, or consulting with others (e.g. Registrar, academic staff, Athabasca University lawyers, Vice President – Academic, Associate Vice-President Academic, etc.). Where the University Officer is of the opinion the complaint is without merit, or is frivolous, trivial or vexatious, the University Officer may dismiss the complaint summarily. Where the complaint is dismissed summarily, the University Officer must notify the complainant, in writing, specifying the reason(s) for the dismissal.

Review and Determination

Within fifteen (15) business days of receiving the written complaint, or such other time as may be permitted in accordance with this procedure, and provided that the complaint has not been summarily dismissed, the University Officer must discuss the alleged offence with the student and the complainant. Other persons (e.g., Registrar, academic staff, Athabasca University lawyers, Vice-President – Academic, Associate Vice-President – Academic, etc.) may also be consulted as deemed appropriate; however, any previous record of the student alleged to have committed the offence is not to be consulted.

Determination That An Offence Has Not Occurred

Where the University Officer has determined that no offence has been committed and thus declines to proceed with the complaint, the complainant and the student must be provided with written notice of the decision within fifteen (15) business days of receipt of the complaint or such other time as may be permitted in accordance with this procedure. This notification will not form any part of the student's official student record.

Determination That An Offence Has Occurred and Imposition of Penalty

Undergraduate Calendar

Where a student is found to have committed an academic offence, the University Officer will consult with the Office of the Registrar regarding penalties imposed generally for such offences and regarding the student's previous record. The University Officer shall consider the previous record of the student in order to determine the severity of the penalty. Where the penalty of Suspension or Expulsion is under consideration, the University Officer investigating the matter will consult with the appropriate University Officer. No Suspension or Expulsion shall be imposed without the necessary approval. After the required consultation the University Officer may impose one or more of the Section 5 Penalties. The University Officer shall prepare a statement in writing in accordance with section 6.2.5 and 6.2.6.

Written Record

Where a penalty is to be imposed, the University Officer shall prepare a written statement setting out:

1. a brief summary of the conduct alleged to constitute the offence
2. a statement in writing that the alleged offence has been reviewed with the student and the complainant
3. a brief statement giving details of the determination and the reasons therefore
4. any special conditions that must be met by the student
5. for those penalties that require the approval of the Vice-President – Academic, documentation that the approval has been obtained.

Imposition of Penalty

The University Officer shall then impose:

1. the penalty
2. any special conditions deemed appropriate by the University Officer that must be met by the student based upon the findings in the present case and the results of the review the student's record of previous discipline.

Notification to the Student and the Complainant

Within fifteen (15) business days of discussing the incident with the complainant and the student, or such other time as may be permitted in accordance with this procedure, the University Officer shall provide written notification to the complainant and the student of any penalty imposed. Such notification shall include the written statement prepared under Section 6.2.5. A copy of the correspondence shall be forwarded to the Registrar and be kept in the student's official student record. The written notification of the penalty imposed must also include notification of the right of appeal and must outline the procedures for appeal.

Student Appeals Policy

In all cases, the University Officer will keep a file with all documentation associated with the case for a period of two (2) years. In the event of an appeal to the Student Academic Appeals Committee, the University Officer will forward a copy of this file to the Chair of the Student Academic Appeals Committee upon request.

9.1.5.3 Course and/or Program Withdrawal During Disciplinary Proceedings

A student is not eligible to withdraw from a course or program during disciplinary proceedings. If, at the conclusion of the proceedings it has been decided not to proceed with a charge of Academic Misconduct and the student wishes to withdraw from a course or program, the withdrawal may be back dated to the date the proceedings were initiated.

9.1.8 Time Limits for Appeals

It is intended that allegations of Academic Misconduct be investigated and addressed quickly, and where reasonably possible the time limits in this Procedure should be met. However, there may be circumstances where more time is required to conduct a thorough investigation, including but not limited to the absence of or inability to contact a complainant, applicant, student, or a necessary witness. Accordingly, the University Officer conducting the Investigation may request an extension of the time limits from the Chair of the Student Academic Appeals Committee, or designate. If the Chair of the Student Academic Appeals Committee, or designate, is of the opinion that an extension of the time limit is reasonably necessary to permit thorough investigation of the allegations, and does not unfairly interfere with the ability of the student to respond to the allegations, he or she may extend the time limits set out in the Procedure. Such an extension may be granted regardless of whether the request is received before or after the expiration of a time limit.

Review and Investigation

The Investigator will review the complaint and conduct an investigation. This may include interviewing the relevant individuals and obtaining other information relevant to the complaint.

Complaint Declined

The Investigator may decline to proceed with a complaint under the following circumstances:

1. where the Investigator believes that no University rule has been violated
2. where the Investigator believes the complaint to be scandalous, frivolous, or vexatious
3. where the Investigator believes that an unreasonable amount of time has elapsed since the incident
4. where the Investigator believes that the offence should be referred to police or appropriate public authorities.

Complaint Declined Procedure

Where the Investigator has declined to proceed with a complaint, this decision will be delivered to the Registrar who will advise the complainant in writing within (10) calendar days of receipt of the complaint.

Action Procedure

1. The Investigator shall ensure that all documentation is provided to the Registrar.
2. If the Registrar desires more information, the Registrar shall conduct such further investigation as the Registrar deems appropriate, including reviewing the matter with the student, providing it is practical to do so.
3. The Registrar, following such investigation, may dismiss the complaint or impose one or more of the penalties.
4. In determining an appropriate penalty, the Registrar may take

Undergraduate Calendar

- into account the disciplinary record, if any, of the student.
5. The Registrar shall provide written notice to the student of the decision, any penalty imposed, and of the right to appeal within twenty (20) calendar days of receipt of the original complaint.
NOTE: In the event that the Investigator fails to act within the time limits stated herein, the student shall, upon the expiry of such time limits, be entitled to proceed to the next step: direct appeal to the Associate Vice-President, Academic. In the event that the Investigator or the Associate Vice-President, Academic is not available, a designate will carry out the following procedures.

9.2.4.3 Appeal Procedures

1. A student or complainant may appeal the decision of the Investigator not to proceed, or the decision by the Registrar, by submitting such notice of appeal in writing to the Associate Vice-President, Academic no later than ten (10) calendar days after deemed receipt of notification of the Registrar's decision. The Associate Vice-President, Academic may at his/her sole discretion accept an appeal notwithstanding that more than ten (10) calendar days have elapsed since receipt of the Registrar's decision.
2. The notice of appeal shall be in writing, signed personally or through an agent representing the appellant, and state the grounds of appeal. The appeal shall deal with the Registrar's decision, the finding of guilt and/or the penalty imposed. At this time the student may view the file upon request. Any additions to the file during the appeal process will be made available to the student who has requested access to the file.
3. If legal counsel is retained by the appellant, the Associate Vice-President, Academic must be notified of it immediately.
4. The Associate Vice-President, Academic shall consider the appeal and review the matter in a manner in which he/she, in his/her sole discretion deems appropriate, and may either sustain, quash, or vary the decision being appealed.
5. Where the Associate Vice-President, Academic sustains the finding of guilt, he/she may confirm, vary, or suspend the penalty imposed.

6. The Associate Vice-President, Academic shall communicate his/her decision to the appellant, or his/her agent/representative/lawyer, in writing, within ten (10) calendar days of receipt of the appeal or within such longer period as the Associate Vice-President, Academic deems necessary in his/her sole discretion. The penalty becomes effective immediately upon such notification. Any penalty imposed or confirmed shall take effect on the date indicated in the written notification.
7. Decisions of the Associate Vice-President, Academic shall be final and binding, and no right of appeal lies therefrom.

NOTE: Notification mailed by single-registered post to the last known address of the student, is deemed, in the absence of evidence to the contrary, to have been received by the student ten (10) calendar days after posting to an Alberta address and twenty (20) calendar days to an address outside of Alberta.

9.2.6 Exclusion from Class or Exam for Disruptive Behaviour

10.2.6.1 Exclusion from Class by an Instructor

1. When a student disturbs, disrupts, or otherwise interferes with classroom activities, the instructor may immediately exclude the student from the course for a particular class and may also exclude the student from the next subsequent class in that course. In each case, the instructor is required to notify the course professor and the Program Director by the next business day.
2. If the behaviour persists when the student is re-admitted to class, the instructor may again immediately exclude the student from the class and the instructor must initiate proceedings against the student according to the procedures described above. The student's exclusion from class will be in effect until a decision is reached by the Program Director. If a student is reinstated by a decision of the Program Director, such decision shall not invalidate the prior action of the instructor. The University shall not be held legally responsible for any lost class time. The Program Director shall communicate his/her decision in writing to the student within five (5) calendar days from the date of the most recent exclusion.
3. The student may appeal the Program Director's decision as set out below. The student shall not be permitted in the class without the Program Director's written approval until such

4. Within five (5) calendar days of receipt of the appeal, the Program Director shall provide written notice to the student of the decision, any penalty imposed and the deadline to appeal to the Vice-President, Academic of ten (10) calendar days.
5. The student (hereinafter cited as the appellant) must lodge a written appeal with the Vice-President, Academic within ten (10) calendar days after the decision was delivered or deemed to have been delivered to the appellant.
6. The Vice-President, Academic shall consider the appeal and review the matter in a manner which he/she, in his/her sole discretion, deems appropriate, and may either sustain, quash, or vary the decision being appealed. Where a decision against the appellant is sustained, the Vice-President Academic may also confirm, vary, extend, or suspend the exclusion from class initially imposed.
7. The Vice-President, Academic shall communicate his/her decision to the appellant, or his/her agent/ representative/lawyer, in writing within ten (10) calendar days of receipt of the appeal or within such longer period as the Vice-President, Academic deems necessary in his/her sole discretion.
8. Decisions of the Vice-President, Academic shall be final and binding, and no right of appeal lies therefrom.

9.2.6.2 Exclusion from an Exam by an Exam Supervisor

1. When a student disturbs, or otherwise interferes with exam activities, the exam supervisor may immediately exclude the student from the exam room and request that the student return immediately his/her exam test and booklet. The exam supervisor shall advise the student that he/she can request to write another version of the exam at a later date.
2. The exam supervisor is required to notify the Registrar, the course professor, and the Program Director by the next business day.
3. The student who feels that he/she has been unfairly treated can lodge a complaint with the Program Director. The decision of the Program Director and of the Vice-President, Academic, in the case of an appeal, shall not invalidate the

- prior action of the exam supervisor.
4. The Program Director shall communicate his/her decision in writing to the student within ten (10) calendar days of receipt of the complaint.
 5. The University shall not be held legally responsible for any contract period or credit lost.
 6. The student may appeal the Program Director's decision by following the same procedures outlined under Appeal Procedures within this policy.

9.3.4 Appeals Process for Assignment of Grades

A student (appellant) may appeal any grade assigned to essays, examinations and assignments, or exercises that contribute to the final grade. Appeals of both failing and passing grades may be considered.

The appellant must follow the procedures outlined in the appropriate section of this document. If the appeal is misdirected, the University Officer in receipt of the appeal shall redirect the appeal to the appropriate University Officer. Where there is disagreement as to which procedures should be followed or which University Officer should review the appeal, the Chair of the Student Academic Appeals Committee shall make the final decision.

The appeal of a grade and subsequent remarking, if appropriate, shall result in one of three possible outcomes:

1. the grade remains the same
2. the grade is raised
3. the grade is lowered.

NOTE: Reference to a Program Director means the director of the program of study in which the student is enrolled. In the case of an unclassified student, the director of the program in which the course in question resides will be assigned by the Vice-President,

and Right to Appeals Regulations

Academic to administer the appeal. If any question arises as to the appropriate Program Director, the Vice-President, Academic will decide.

9.3.4.1 Appeals on Substantive Grounds

Non-Academic Misconduct Policy

9.3.4.1.1 An appeal for the assignment of grades on substantive grounds can be made when:

1. an appellant believes a grade to coursework was assigned on some basis other than academic achievement
2. the published evaluation standards in the course syllabus differ from the evaluation standards applied to the assigned grade
3. the evaluation standards applied to the assignment of the grade are unreasonable or differ from the evaluation standards described in the student manual for the course.

9.3.4.2 Step One – Request for an Informal Review by Marker

The appellant must request an informal review of the assigned grade with the marker. This request must be made within thirty (30) days of receiving the grade.

Appeals Process of Assignment of Grades

The marker can:

Appeals Process for Transfer Credit Evaluations and Assessments

1. remark the coursework in question and assign an outcome as described above;
2. decline to proceed if sufficient grounds have not been established.

The marker must discuss the matter with the appellant and provide a decision, in writing, to the appellant within ten (10) business days of receiving the informal review request.

be considered. When the Course Coordinator is the individual who has assigned the grade and/or is the individual who completed the Step One review, then the Centre Chair responsible for the course shall assign an alternate Course Coordinator or competent marker to review the Step Two appeal.

The Course Coordinator shall review the case, consulting with staff, faculty, the Appellant concerned, or any other person considered appropriate, providing it is practical to do so.

The Course Coordinator can:

1. remark the coursework in question and assign an outcome
2. arrange to have the coursework remarked by an alternate competent marker
3. decline to proceed if sufficient grounds have not been established.

The Course Coordinator must discuss the matter with the appellant and provide a decision, in writing, to the appellant within ten (10) business days of receiving the Step Two appeal request.

9.3.4.4 Step Three – Appeal to the Dean (or designates)

An Appellant who is not satisfied with the Step Two decision may appeal in writing to the Dean (or designates) responsible for the course within thirty (30) days of receiving the Step Two decision. The appeal must be in writing, specify the reasons for making a further appeal and include all additional information or documentation the Appellant wishes to have considered.

The Dean (or designates) shall review the case, consulting with staff, faculty, the Appellant concerned, or any other person considered appropriate, providing it is practical to do so.

The Dean (or designates) can:

1. arrange for remarking of the coursework in question by an individual who has not been involved in the step one or two decision and assign an outcome
2. decline to proceed if sufficient grounds have not been established.

The Dean (or designates) must discuss the matter with the appellant and provide a decision, in writing, to the appellant within ten (10) business days of receiving the Step Two appeal request.

The decision of the Dean (or designates) is final.

9.3.5.5 Appeals on Procedural Grounds

9.3.5.5.1

An appeal for the assignment of a grade on procedural grounds can be made when an appellant believes a university policy or procedure has not been followed in the assignment of a grade. When it is determined, in accordance with this procedure that university procedure and policy have been followed an appeal using procedural grounds as its basis will be dismissed.

The Appellant must submit their appeal in writing to the Chair of the Student Academic Appeals Committee setting out the grounds for their appeal, including details as to the university policy or procedure they believe was not followed, and how that impacted on the grade assignment within thirty (30) days of receiving the grade.

9.3.5.5.2

The Chair shall review the case, consulting with staff, faculty, the Appellant concerned, or any other person considered appropriate providing it is practical to do so.

The Chair may:

1. present the appeal to the Student Academic Appeals Committee for consideration and review, or
2. decline to proceed if sufficient grounds have not been established.

9.3.5.5.3

In cases where the appeal has been presented to the Student Academic Appeals Committee for consideration and review, the committee may consult with the appellant if desired or delegate the Chair to consult with the appellant in the event the appellant is not available at the time of the committee's review of the appeal. The Chair shall inform the appellant of the committee's decision, in writing, within thirty (30) days of receiving the appeal. The decision of the Student Academic Appeals Committee is final.

9.3.5.5.4

In cases where the appeal has been declined based on insufficient grounds the Chair shall inform the appellant, in writing, within ten (10) business days of receiving the appeal and include specific reasons for the decision to decline. The decision of the Chair is final.

9.3.5 Appeals Process for Transfer Credit Evaluations and Assessments

A student (appellant) may appeal any decision concerning the awarding of transfer credit for previous education. Appeals to change the designation of certain credits, to obtain more credit or to reduce the credit granted may be allowed. Appellants should review and are expected to be familiar with Admissions and Academic Regulations in the current Athabasca University Calendar prior to appealing any decision regarding the award of transfer credits.

The appeal of a decision on transfer credit shall result in one of two possible outcomes:

1. the transfer credit award remains the same, or
2. an award of additional transfer credit.

9.3.5.1 Step One – Appeal to Coordinator of Admissions and Transfer Credit Services

9.3.5.1.1

9.3.6 Appeals on Matters of Institutional Procedure or Policy

An student (appellant) may appeal any decision based upon institutional procedure or policy provided that the policy allows for an appeal. The appellant may ask that the decision be rescinded, or that it be varied.

The appeal on the application of University policy or procedure shall result in one of three possible outcomes:

1. the decision remains the same,
2. the decision will be rescinded, or
3. the decision will be varied.

9.3.6.1 Step One – Appeal to Unit Supervisor/Coordinator

An appellant who is dissatisfied with any decision based upon institutional procedure or policy, provided that the policy allows for an appeal, must contact the unit supervisor/coordinator where the initial decision was made to discuss the decision before an appeal is made. Such contact must be made within thirty (30) days of the notification of the decision.

9.3.7 Appeals of Penalties Arising from the Academic Misconduct Policy

The [Student Academic Misconduct Policy](#) provides rights and procedures for appeal to the Student Academic Appeals Committee.

An appeal from the assignment of a penalty for academic misconduct can be based on the following:

1. denial that the offence occurred, or
2. the appellant believes the assigned penalty is too severe.

The appeal on the assignment of penalties from the [Student Academic Misconduct Policy](#) shall result in one of three possible outcomes:

1. the penalty remains the same,
2. the penalty is altered to one that is either less or more severe in nature, or
3. the penalty is rescinded.

9.3.7.1 Step One – Consult Policy

Appellants who wishes to avail themselves of these rights are expected to be familiar with the policy in question and must follow the procedures for appeal as outlined below.

9.3.7.2 Step Two – Appeal to Student Academic Appeals Committee

An Appellant may appeal a penalty by submitting a letter of appeal to the Chair of the Student Academic Appeals Committee within thirty (30) days of receiving notification of the decision. This letter must specify in detail the reasons for making a further appeal and the remedy the Appellant is seeking.

The Chair shall review the case, consulting with staff, faculty, the Appellant concerned, or any other person considered appropriate, providing it is practical to do so. The Chair shall then present the appeal to the Student Academic Appeals Committee for consideration and review.

The Chair may:

1. present the appeal to the Student Academic Appeals Committee for consideration and review, or
2. decline to proceed if sufficient grounds have not been established.

In cases where the appeal has been presented to the Student Academic Appeals Committee for consideration and review, the committee may consult with the Appellant if desired or delegate the Chair to consult with the Appellant in the event the Appellant is not available at the time of the committee's review of the appeal. The Chair shall inform the Appellant, in writing, of the Committee's decision within thirty (30) days of receiving the appeal. The decision of the Committee is final.

9.3.8.2 All appeals to the Student Academic Appeals Committee should be addressed to the Chair of the committee and contain the following information:

1. The student's (appellant's) name
2. The appellant's student ID number
3. The appellant's return mailing address
4. What is being appealed. If the appeal is in relation to a grade, then the course name and number must be included. If the

9.3.9 Time Limits

Time limits for submitting appeals under the Student Appeals Procedures are mandatory and must be adhered to. Failure by an Appellant to submit an appeal within the time limits set out therein shall result in the Appellant forfeiting the right to appeal. The Chair of the Student Academic Appeals Committee, the Dean (or designates), or the Department Head (or designates) may, in their sole discretion, extend the time limit for the processing of an appeal of an Appellant where they consider an extension appropriate under the circumstances.

9.3.9.1

In all cases the time limit for submission of any appeal shall commence when the Appellant first becomes aware of the decision which they wish to appeal. Where notification of the decision has been sent to the Appellant by the University by mail, the time limit commences when the Appellant receives, or has been deemed to have received, the notification, whichever occurs first. Notification of a decision sent by mail to the last known address of the appellant is deemed, in the absence of evidence to the contrary, to have been received by the Appellant ten (10) business days after mailing if sent to an Alberta address and twenty (20) business days if sent to an address outside Alberta. Registered mail signed for by or on behalf of an Appellant is deemed to have been received on the day it was signed for.

Where notification has been sent to the Appellant by the

and Right to Appeals Regulations

University through electronic means (e-letter, email, etc.), the time limit commences on five (5) business days from the date the electronic communication was generated.

Academic misconduct. Intellectual dishonesty includes such offences as plagiarism, cheating, and falsification of records. Refer to Student Code of Conduct and Right to Appeals Regulations.

Academic Expert. An academic expert (like a tutor) is an academic who guides students through a course and marks assignments and exams. This staff member is like a professor in a traditional university setting. Not all AU courses have an academic expert assigned. Some have tutors.

Academic Probation. A specified period of time during which a student will have limits on the number of courses for which they can register.

Academic Suspension. A period during which a student will not be allowed to register in credit courses, receive letters of permission or transfer credits, or apply to or graduate from a program of study at AU.

Academic year. The academic year at AU runs from September 1 to August 31.

Active student. A student who is able to register in courses and who is in Good Academic Standing.

Admission. As an open university, AU admits students 16 years of age or older. All students must first be admitted to the University before they can enrol in a program or register in courses. Students are admitted after completing a General Application

Form and paying the applicable, one-time, non-refundable General Application Fee. See the [Admissions](#) section for more information.

Advisors. Academic advisors can assist you in areas ranging from clarifying your undergraduate program requirements to helping choose the next course for your program of studies. They also provide information about university regulations and procedures, and assist with the interpretation of your transfer credit evaluation. Contact an [advisor](#).

Appeal. Requesting a review of a decision made by an official of AU. Students may appeal decisions on transfer credit, marks, tests, assignments, final grades, questions of process, disciplinary action, etc. All appeals must be made to the person responsible for overseeing the initial decision. Review the [Student Code of Conduct and Right to Appeal Regulations](#).

Applied Studies (area of study). There are two groups in the Applied Studies area of study: [Business and Administrative Studies](#) and [Applied Studies](#).

Applied Studies includes courses in [Architectural Design Studio \(ADST\)](#), [Applied Studies \(APST\)](#), [Architecture \(ARCH\)](#), [Communication Studies \(CMNS\)](#), [Criminal Justice \(CRJS\)](#), [Education \(EDUC\)](#), [Educational Psychology \(EDPY\)](#), [Health Studies \(HLST\)](#), [Indigenous Studies \(INST\)](#), and [Nursing \(NURS\)](#).

Applied Studies (Business and Administrative) includes courses in the disciplines of [Accounting \(ACCT\)](#), [Administration \(ADMN\)](#), [Communications \(COMM\)](#), [Computers and Management Information Systems \(CMIS\)](#), [e-Commerce \(ECOM\)](#), [Economics \(ECON\)](#), [Entrepreneurship \(ENTP\)](#), [Finance \(FNCE\)](#), [Governance \(GOVN\)](#), [Health Administration \(HADM\)](#), [Human Resources Management \(HRMT\)](#), [Industrial Relations \(IDRL\)](#), [Legal Studies \(LGST\)](#), [Management Science \(MGSC\)](#), [Marketing \(MKTG\)](#), [Organizational Behaviour \(ORGB\)](#), and [Taxation \(TAXX\)](#).

Area of study. AU's division of courses into groups of related subjects. The four areas are:

Humanities

Social Science
Science
Applied Studies

The requirement for Arts in some degree regulations refers to Humanities and Social Science area of study. The requirement for Sciences includes all science courses. The requirement for Applied Studies includes courses in administrative studies, nursing courses and a wide range of professionally-oriented courses. The area designation for each course is shown in each course syllabus. Search for a course by its Area of Study.

Arts (area of study). Courses in the Arts area of study can be found in the Humanities and Social Science areas of study.

Assessment/Evaluation. The assessment and evaluation of previous post-secondary education for possible transfer credit toward an AU program.

Asynchronous Communication. Communication that does not occur simultaneously. Email, for example, is asynchronous. See Communication.

Athabasca University Exam Centre. The University provides exam services at the Athabasca, Calgary, and Edmonton locations.

Audio component. Some courses are supplemented by audio components (CDs and/or online audio), some of which are required listening, others are optional. If supplemented, the course syllabus will note this in the delivery mode section. Overseas students are asked to contact the AU Library before registering in a course that has an audio component.

Audit course. A student may register in a course without intending to obtain credit. This course will appear on the student's transcript but will not have a grade associated with it. Audit students are not allowed to write midterms or finals, but the student can choose whether they would like to submit assignments for grading. They receive the same tutorial support as a Credit course.

AU approved invigilator. An individual or institution authorized by Examination Services Unit in the Office of the Registrar to supervise an AU course examination. For a list of approved invigilators, see the [Exam Invigilation Network](#) on the Office of the Registrar site.

Awards/scholarships. Whether you receive top grades; balance academic with family, career, and community roles; or have financial shortcomings, Athabasca University has a Student Awards Program that can potentially benefit you. Refer to Student Awards on the Office of the Registrar [website](#).

B

Bachelor degree. An [undergraduate academic degree](#) awarded to someone who successfully completed a undergraduate program of study that generally lasted three or four years. Also called baccalaureate.

Block transfer. Students who are granted admission to a post-diploma program, for example, may be granted a block of transfer credit based on a completed credential. In these cases, the student's transcript is reviewed and transfer credit is awarded as a block of credit rather than on a course-by-course basis. See [Block Transfer Credit](#).

Business and Administrative (area of study). A group of courses within the [Applied Studies](#) area: [Accounting \(ACCT\)](#), [Administration \(ADMN\)](#), [Communications \(COMM\)](#), [Computers and Management Information Systems \(CMIS\)](#), [e-Commerce \(ECOM\)](#), [Economics \(ECON\)](#), [Entrepreneurship \(ENTP\)](#), [Finance \(FNCE\)](#), [Governance \(GOVN\)](#), [Health Administration \(HADM\)](#), [Human Resources Management \(HRMT\)](#), [Industrial Relations \(IDRL\)](#), [Legal Studies \(LGST\)](#), [Management Science \(MGSC\)](#), [Marketing \(MKTG\)](#), [Organizational Behavior \(ORGB\)](#), and [Taxation \(TAXX\)](#).

Challenge for credit process. A university process whereby students have the opportunity to demonstrate that they have acquired a command of the general subject matter, knowledge, intellectual and/or skills that would normally be found in a university level course. Refer to [Challenge for Credit](#).

Changing programs. You may [change from one undergraduate program to another](#) by logging in to [myAU](#).

Communication. Communication between students and AU staff is done by a variety of methods. Asynchronous communication describes communication that does not occur simultaneously. Email, for example, is asynchronous. Synchronous communication is live. It describes communication that occurs simultaneously; for example, chatrooms, teleconference, and videoconference.

Computer requirements. AU's standard computing platform is a computer running Microsoft Windows with MS Office. The minimum requirements for students using a Mac or PC are access to a web browser, email, and the software capability to submit assignments as Word documents. See the [AU IT website](#) for current requirements. Some courses support other hardware and software platforms and may have more specific requirements noted in the online syllabus. AU courses that use eTextbooks may have specific technical requirements. See the [eText Initiative](#) website for updated information.

Concentration. A designated study focus within a three-year program, such as the Bachelor of Arts, Anthropology Concentration.

Convocation. The ceremony held in Athabasca, Alberta, on the second Friday and Saturday in June every year where graduates participate in the conferral of degrees. Visit the [Convocation](#) website.

Corequisite. A course that must be taken concurrently with another course.

Counsellors. Counsellors can help students clarify their educational and career goals, decide on a program of study, develop sound study and personal management skills, identify and overcome barriers to learning. Visit the [Counselling website](#).

Courier Services – Examination Request. Because postal and courier times vary, students must request their examination well in advance of the requested write date. If not enough time is allowed, AU cannot guarantee that the student's examination will arrive before the requested write date.

[Examination Request Timelines](#)

[Courier Recovery Fees](#)

Courier Services – Transcripts. Students can request their transcript be sent to themselves or another institution by courier. See the [current fees](#).

Course composite grade. The final grade for a course expressed as an Alpha grade. The course composite grade reflects a student's understanding of the course materials. The course composite grade is often a weighted average of the student's marks for quizzes, assignments, tests, and examinations. See [Undergraduate Grading Policy](#).

Course contract period. The time that students are actively registered in a course. The course begins on the course contract start date and runs until the course contract end date.

Course contract start date. *The date students officially start a course. For individualized study students this is usually the first day of the month of the course contract period. For grouped and paced online study, this is the date of the first scheduled class.*

Course contract end date. *The last day for students to complete an individualized study course is always the last day of the month (or the day the student finishes the course, if earlier). The last day for students to complete a grouped study course is always the date of the last scheduled course meeting.*

Course Coordinator. The University faculty member (professor) responsible for the course.

Course extension. The purchase of additional time and access to AU resources in order to complete a course. See [relevant section](#) of Calendar.

Course load. The number of courses a student is actively registered in at one time. The maximum course load is six courses at a time. See the [relevant section](#) of the Calendar for more detail.

Course overload. Course(s) that have been approved to be taken above the Maximum Undergraduate Course Load regardless of delivery mode (e.g. individualized study, grouped study). See the [relevant section](#) of the Calendar for more detail.

Course syllabus. It is the description of the course that students, institutions, and others can consult to determine course prerequisites, course content, learning outcomes, required activities, and evaluation strategies. It contains information needed in order for a student to be able to register for the course (course overview, outline, number of credits, prerequisites and precluded, delivery mode, area of study, faculty, availability and if it is available for challenge for credit) and includes information needed for students currently registered in the course (evaluation: assignments and exams, course materials needed, challenge for credit information (if applicable) and challenge evaluation). Check the online [course syllabi](#).

Course work. All required activities (assignments, clinical or practicum placements, quizzes, papers, examinations, etc.) that are submitted for marking towards the final grade.

Courses with more than one area of study. Courses listed under one discipline may be listed under two areas of study. For example, a course listed as PSYC under the Social Science area of study may have a notation that it can also be used to fulfill the Science area of study for AU credential students only. This situation is not considered cross-listing.

Credential. Degrees, diplomas, or certificates awarded on successful completion of a program.

Credits. The value assigned to a course. Normally, AU courses are either three-credits or six-credits which corresponds to conventional universities of one semester or two semesters respectively. Some courses in the Bachelor of Nursing degree carry a practicum component with a weight of four or nine credits. The course syllabus for each course will indicate how many credits it is.

Credit course. A course taken with the intention of obtaining credit. See also Audit course.

Cross-listed course. Cross-listed courses appear under two (or more) disciplines and in effect may be listed under two (or more) areas of study. For example, HIST/CLAS/HUMN 309. The online syllabus will indicate whether a course is cross-listed. You can only receive credit for one discipline.

D

Delivery mode. The method by which a course is taught. Different delivery modes at AU are individualized study, grouped study, practicum, and paced online. The delivery mode for each course is noted in the course syllabus.

Individualized study

Grouped study

Practicum

Paced online

DegreeWorks. DegreeWorks is a web-based, academic advising and degree audit solution that retrieves the student's academic record from and organizes it into an educational plan on the web, easily identifying program requirements, which courses have been completed, and which courses students still need in order to complete their credential.

Designated bilingual programs. Programs through which students demonstrate proficiency in more than one language by completing at least 30 credits in each recognized language. Currently AU only has this available for French/English languages.

Digital Reading Room. The Digital Reading Room (DRR) is an electronic version of a library reserve system, or a virtual reading room. The material accessed is either required course readings or it supplements the course, and is of use for further study and a deeper understanding of the subject matter. Refer to the library's [Digital Reference Centre](#). Tips on searching the journal databases and help with researching, writing, and citing (referencing) can be found in the [Library Help Centre](#).

Directed study. A 400-level course that does not have a prescribed curriculum. In consultation with the course professor, you will choose a specific topic and then undertake an in-depth study. Professor approval is required for all directed study courses before registration can occur.

Discipline. The specific subject area for a course. For example: Psychology ([PSYC](#)), English ([ENGL](#)), and Women's and Gender Studies ([WGST](#)); are all disciplines at AU.

E

Early access to courses (individualized study). Some courses offered in the Moodle learning management system allow early access by the student the day after their course registration is processed. Access is not allowed for quizzes, tutor or faculty support, and students are not allowed to submit assignments until the course contract start date.

Electives. A list of courses or disciplines that students choose from in order to fulfill degree requirements.

e-letters. The method by which AU primarily corresponds with students. [e-Letters](#) are available through the myAU portal and are stored for six months.

English Language Proficiency. The minimum level of English written and oral communication skills needed to undertake courses offered by Athabasca University.

Enrol. AU students may enrol in a credential (degree, diploma, or university certificate) program or as a non-program student. The program regulations in effect at the time of enrolment, or re-

enrolment, are the regulations that govern that student's program.

eTextbook (electronic textbook). The digital version of a textbook, which may include other learning resources such as workbooks, problem sets, tutorials, videos, simulations, and interactive software.

Evaluation. A review of a student's post-secondary studies to determine if any credit can be transferred towards the AU program the student has enrolled in.

Exam Invigilation Network. A network of approved exam invigilation centres in Canada. The Exam Invigilation Network list is approved and maintained by the Office of the Registrar and made available to students.

Exam write date. The date a student has scheduled to write an Athabasca University exam with the exam centre or an invigilator.

Examination rebooking fee. A fee is levied when a student rebooks a scheduled examination at AU Edmonton, AU Calgary, or AU Athabasca.

Exemption. There are two kinds of exemptions at AU:

1. AU may award a block transfer of credit to holders of an approved diploma or degree. Within the previous diploma or degree, you may have course equivalents to AU courses required within your current program. These courses would be awarded an exemption. In order to fulfill the program requirements, you will be required to replace these courses with courses of the same (or higher) level in the same area of study or discipline.
2. In program regulations where students are required to have ENGL 255, students can be exempted* from taking this course if they meet the following criteria:
 - have a grade of B- (70 per cent) or better in an AU English course above the preparatory (100) level; or
 - received credit for an English course in which a grade of B- or better was achieved.

** The exemption must be replaced with a 3-credit course in any discipline at the junior/senior (200 to 400) level.*

Extension. Lengthening the time allowed to complete an individualized study course by two months is called an extension. A maximum of three extensions are allowed and a fee is charged for each extension.

Extra to degree. Successfully completed course that is not included in a student's AU program requirements and is not included in the calculation of the program GPA.

F

Faculty member. The person responsible for the normal delivery of the course in question (professor, course coordinator).

Final grade. See Grade.

Financial aid agencies. Financial assistance is available to students from the students' local agencies. Students may be eligible for loans, grants, bursaries, or scholarships.

Full course load. A full course equates to 18 credits over 6 months for non-SFA students or 15 credits over 4 months for SFA funded students (100 per cent). All courses for full course load purposes must have the same start date.

Full-time SFA student. A student who is in receipt of a student loan and/or grant from one of the provincial or territorial government financial assistance agencies in Canada. Additionally, the student must be registered in a minimum of 60 per cent of a full course load, or 9 credits over four months for one semester, or 18 credits over eight months for two semesters.

Full-time student (non-SFA). Full-time students are enrolled in a minimum of 60 per cent of a full course load. At the undergraduate level, a full course load is defined as 3.75 credits per month at AU. The minimum requirement for full-time status is 2 credits per month.

For more information on SFA and non-SFA students, visit the [AU Student Financial Aid](#) section of the Office of the Registrar site.

G

General Application Form. The form completed in order to become an AU student.

Good Academic Standing. The status of a student who has met or exceeded the minimum requirements specified in AU's Undergraduate Academic Standing Policy and who does not have active sanctions for misconduct per the Academic or Non-Academic Misconduct policies.

Grade. The final grade that is achieved in your completed course. Marks are applied to your assignments, essays, and examinations. See Undergraduate Grading Policy.

Grade point. A grade point is a number between 0 and 4.00 that is assigned to a grade (alpha or percentage) and then used to calculate a grade point average (GPA). The grade point value is reflected on the Official Student Record. See also Undergraduate Grading Policy.

Grade point average. The grade point average is a weighted average calculated as follows: $\text{Sum of (grade point} \times \text{credit hours)} / (\text{sum of credit hours})$. Courses graded on a pass/fail basis and those courses accepted on transfer credit are not included in the GPA calculations. See Undergraduate Grading Policy.

Graduate studies. Advanced studies beyond the undergraduate level leading to an award of post-baccalaureate certificate, diploma, master's, or doctoral degree. Generally requires an undergraduate degree for admission. AU provides innovative, Internet-based graduate programs that reach students around the world. View the Graduate Program Calendar.

Graduation. Completion of all requirements of a program of study verified by the Office of the Registrar and approved by General Faculties Council.

Graduation with Distinction or Great Distinction. Graduation with Distinction is presented to students with a final program GPA of 3.60 to 3.84. Graduation with Great Distinction is presented to students with a final program GPA of 3.85 or higher. More [information](#).

Grouped lab. Supervised science labs that are taken at specific locations and times. Supervised labs involve a substantial amount of work. [Science lab information](#).

Grouped study. A delivery mode in which the course takes place in a physical classroom setting. Contact with the instructor is face to face.

[Other delivery modes](#)

[Collaborating Institutions](#)

Grouped study exam. An exam for a course in which all the students at each site write at the same time on the same day.

Grouped study tutor. An individual approved by the Academic Coordinator to teach an Athabasca University grouped study course and invigilate the exams for that course.

H

Helpdesk. AU's Helpdesk attendants will help students solve most problems relating to their computing resources. Students may contact AU's Helpdesk by submitting the [online form](#), or by phone: 1.800.788.9041, extension 6405 (toll free from anywhere in Canada or the United States) or direct at 1.780.675.6405.

Home labs. Home labs are compulsory components of some of AU's science courses. Home labs are learning activities, such as demonstrations, observations, simulations, and experiments, which students do in or near their own homes rather than in a university laboratory.

These labs usually require a lab kit that students order online from the relevant course syllabus. Some home lab activities require some materials that most students have in their homes or materials can be purchased locally without great cost. The kits

may contain materials that are hazardous in some way (especially for young children and pets) and as such, they must be handled and stored appropriately.

Students who are in correctional institutions may have some difficulty taking certain courses with home labs (e.g., some kits contain sharp objects that may not be allowed). Also, be aware that certain home lab kits cannot cross international borders (e.g., some contain seeds that may not be allowed in, others contain electronic equipment that required duty payments). Therefore, before registering, it is recommended that students contact the lab coordinator regarding the availability of home lab kits in each particular situation. Check the [course syllabus](#) for details.

Humanities (area of study). An area of university studies that includes courses in Art History, Classics, Communication Studies, English, French, Global Studies, Heritage Resources Management, History, Humanities, Indigenous Studies, Information Systems, Legal Studies, Music, Philosophy, Religious Studies, Spanish, and Women's and Gender Studies.

I

ID Number. See [student ID number](#).

Inactive student. A student who has let their [active status](#) lapse.

Independent labs. AU has developed a framework that allows students to access the laboratory component of certain science courses without taking the remaining instructional component, provided they meet strict prerequisite requirements and have professor approval before registering in the course. Each lab is worth one credit. Should a student decide to take the remaining instructional portion of the course, the additional credit earned for laboratory modules is recognized.

Independent labs are supervised by AU lab instructors and professors and are only offered at specific locations at specific times. Most labs run between two to eight days. Students have up to two months to complete a lab from the date of registration. No extensions are allowed in independent labs unless specifically authorized by the course professor. Independent labs are not available for challenge. If a student is enrolled at another

institution, the student should receive approval in writing by their home institution to ensure that it will grant credit for the lab. If the student is using this course to update laboratory skills (e.g., you are a teacher or instructor), the student must provide evidence of having previously taken an equivalent science course or have the equivalent theoretical requirements. When the student attends the lab, they are responsible for making their own arrangements and payments for transportation, accommodation, and food.

Science lab information.

Individualized study. AU's main method of course instruction. Students set their own schedule within the time allowed to take the course (course contract period). Contact with the tutor, academic expert or course coordinator is done online or by email and students may interact with classmates in online forums within the course. For information on course start dates and registration deadlines, refer to the registration section. Also, see other delivery modes.

Intellectual honesty. The acknowledgment of scholarly contributions of others by citing references, attributing quotations, etc. Failure to do so is academic misconduct.

International undergraduate student. This is a student who is pursuing their AU undergraduate studies from outside of Canada and the United States, with the exception of Canadians in Canadian embassies or consulates, employees of Canadian governments (federal or provincial) working outside Canada, and Canadian Armed Forces located abroad. All information about international undergraduate students taking courses can be found in the Registration section.

Invigilator (or proctor). This is someone who is approved to supervise students at an examination. See also AU approved invigilator.

J

Junior courses. These courses are usually introductory (200 level) and are equivalent to first-year courses at most universities.

KL

Lab component only. See [independent labs](#).

Laboratory science courses. Courses that contain a substantial amount of work including exercises, techniques, and sample-handling relevant to the course discipline. The lab portion of these courses is usually site-specific and supervised. For current lab information, contact the [Centre for Science](#).

Late Examination Request. A request for an exam that has been received after the exam request deadline but before the student's contract end date. In such cases the late examination request fee is applied. See the [late exam request](#) section of the Calendar.

Learning Resources Fee \$180. This fee covers the cost of mandatory course resources such as texts, eTexts or other learning resources, as well as Athabasca University library services, learning management system support, and learning design and development. [Learning resources fee](#).

Learning Resources Fee \$130. This fee covers the cost of mandatory, Athabasca University-produced learning resources, library services, learning management system support, and learning design and development. [Learning resources fee](#).

Letter of Certification. An official confirmation of information extracted from a student's record that is not available on a transcript. [More information](#).

Letter of Permission. A document permitting an AU credential student to take one or more courses at another post-secondary institution for credit toward the student's AU program. [More information](#).

Levels. Describes preparatory (100), junior (200), or senior (300 or 400) level courses.

Lost exam. A written exam is considered lost when the exam, or part of the exam, through no fault of the student, has not been received by the University within the timelines as noted in the [Lost Exam Procedures](#).

Lost Examination Reimbursement. When a written exam is believed lost by AU, and the student is re-tested, the student may be issued a refund to compensate for additional costs they may incur. The reimbursement amount of the refund will not exceed the Lost Exam Reimbursement amount. See the Lost Exam Policy for more information.

MN

Major. A designated focus of study within a four-year program discipline such as the Bachelor of Arts, Anthropology Major; or the Bachelor of Science, Human Science Major.

Marks. Marks are applied to assignments, essays, and examinations. See also Grade.

Maximum course load. The maximum number of courses a student may be actively registered in at one time. For more information, see Registration section.

Moodle. AU's learning management software; a tool for learning online. Moodle allows students to interact with their tutor and other students, participate in forums for online discussions between instructors and students, and access the library, digital reading rooms, and other research resources.

Multiple Examination Request. This is an exam request for a previously unwritten examination, which has been returned to the University by the AU approved invigilator. See also to Unwritten/Multiple Examinations.

myAU. myAU is AU's student web portal which allows students access to their courses, their student records, and their e-letters. Students may also take care of administrative matters, such as booking examinations, submitting assignments, and applying for extensions.

No area of study indicates that a course cannot be used to fulfill an area of study requirement in a program. The course may, however, fulfill part of the overall degree requirements if it is appropriate to the program.

Non-Academic Misconduct Policy. Non-academic offences attempted or committed by students on University premises or during University-sponsored activities shall be grounds for disciplinary action by the University under the Non-Academic Misconduct Policy.

Non-Business and Administrative (area of study). These courses are any courses outside of the Business and Administrative area of study listing.

Non-program student. A student who has applied to the University, but is not enrolled in a degree, diploma, or certificate program. Non-program students can register in courses. See also Program student.

Not-to-take. Awarded when equivalent knowledge of a particular course has been identified within a student's transfer credit assessment. Courses awarded a not-to-take do not carry credit and will serve as a prerequisite if required.

Nursing practicum course. Nursing practicum courses include both theory and clinical components and are offered within a designated four-month time frame. Theory components are online, while clinical components are at varied locations and times.

O

Official Student Record. A file containing documents and data, regardless of their physical medium (paper, electronic), their format, type or characteristics, created to gather, to store, and to preserve information regarding a student's entire history of learning at a post-secondary institution. The file contains courses, grades, credits, and degrees pertaining to the file's subject.

Online Labs: Online labs (virtual labs) are compulsory components of some of AU's science courses. They are series of interactive, inquiry-based science simulations and exercises. These labs are delivered via the Internet and are required to be completed by students on their own computers. Registered students will be allowed the access to these labs through the course webpage (Moodle course site), or through external links (individually provided for each specific course). Some online lab

activities are interactive simulations of experiments that are typically conducted in a laboratory setting and other online lab activities are realistic simulations of systems in nature (virtual labs).

Open admission: Admission to the University and registration in courses (except where a prerequisite is needed) is not based on prior academic achievement. The only admission requirement is that a student must be 16 years of age or older unless specifically exempt from the age requirement. See [Admissions](#) for more information.

Open Educational Resources (OERs): Any type of educational materials that are in the public domain or introduced with an open license. The nature of these open materials means that anyone can legally and freely copy, use, adapt and re-share them. OERs range from textbooks to curricula, syllabi, lecture notes, assignments, tests, projects, audio, video, and animation.

Options. One or more courses chosen from any discipline to complete degree requirements. Students should be cognizant of the level and area of study requirements if either have not already been met.

P

Paced online. A course that is offered online, but students follow along a schedule of assignments, discussion, and examination as set out by the instructor. See other [delivery modes](#).

Parchment. Document issued by AU that communicates the nature of the credential and date of its conferral. This document is signed and sealed by AU officials.

Part-time student (non-SFA). Those who are registered in less than 60 per cent of a full course load with AU. Part-time status means less than two credits per month. See also [Full-time student](#).

Part-time student financial assistance funded (SFA) student. AU's term for a student who is in receipt of a part-time student loan and/or a part-time grant from one of the Provincial or Territorial Government's Financial Assistance Agencies in Canada.

Part-time status then means less than 60 per cent of a full course load, or less than nine credits over a four-month term or less than 12 credits over a six month term.

Pilot course. A course that is being offered to test, measure and assess new educational technologies, methodologies, resources, and/or course delivery methods. A pilot course is a trial that is offered for a limited period of time and has a finite number of students registered.

Plagiarism. Plagiarism is the use of another individual's words, ideas, images, or results without giving that individual appropriate credit.

PLAR. See [Prior Learning and Assessment Recognition](#) below.

Post diploma. Students who have received a diploma from a recognized college, may be able to transfer credit to a post-diploma program at AU. Recognized diplomas may also be considered for some programs on a course-by-course basis. For a list of approved diplomas, review the [Transfer Credit Database](#).

Practicum. A course that includes both theory and field placement components offered within a designated time frame. Theory components are online, while field placement components are at varied locations and times. See other [delivery modes](#).

Pre-enrolment. For those programs that have an admission requirement, students are placed in a pre-enrolment admission category until they have provided documentation providing the requirements. Refer to the specific [program regulations](#).

Precluded course. An AU course whose curriculum overlaps another course to the extent that students would be duplicating course work if they complete both courses. Precluded courses are usually the result of course revision, course renumbering, or cross-listing.

Students cannot receive credit for both courses.

Preparatory level courses. Courses numbered at the 100 level that prepare students for university level studies.

Pre-registered courses. Courses in which the student has registered for up to five months in advance.

Pre-registration. Registering in a course up to five months in advance. Preregistration is considered a registration and guarantees a particular start date.

Prerequisite. A requirement that must be met before a student takes a course. The requirement is usually another course that would prove the student has the required background to successfully complete the course in question. Prerequisites, if any, are listed in the course syllabus.

Prior Learning and Assessment Recognition (PLAR). PLAR provides opportunities for students to gain credit for non-formal, informal and experiential learning. A mentored process will assist you in preparing a portfolio for assessment. Refer to the Centre for Learning Accreditation.

Professor approval. Approval given by the course coordinator to the student to register in the course.

Program GPA. The grade point average calculated from the grades of the courses completed towards a specific program. The program GPA is used for program graduation requirements, awards, honours list, and Graduation with Distinction and Great Distinction.

Program student. A student who is enrolled in a degree, diploma, or certificate program at the University. See also Non-program student.

Programs, time to complete. The maximum amount of time to complete a program as indicated in the program regulations.

Q, R

Reading course. A course offered at the senior level that involves a specialized field of study and professor approval.

Registration. The process of selecting and registering in courses at AU.

Re-registration. A subsequent registration in the same course, regardless of delivery mode.

Residency. The minimum number of AU credits that must be completed to fulfill a program's requirements. For more information, see [Residency Requirement](#) section of the Calendar.

Required courses. A list of courses in a program's regulations that a student must take in order to complete the degree requirements.

S

Science (area of study). This area of study normally comprises courses based on a knowledge of facts, phenomena, laws, and proximate cause. It includes courses in Astronomy and Astrophysics, Biology, Chemistry, Computer Science, Environmental Science, Geography, Geology, Health Studies, Mathematics, Nutrition, Physics, Psychology, and Science.

Science labs. Some science labs can be conducted from your own home. Others are supervised and taken in a group at a specific time and location. [Science lab information.](#)

Second undergraduate degree. Students who hold a recognized undergraduate degree and who wish to obtain an AU undergraduate degree in a different subject area, will be admitted to the second undergraduate degree regulations. See [Second Undergraduate Degree Policy](#) for more information.

Senior courses. Designated by a course number in the 300s or 400s, these courses assume a background of university learning.

Social Science (area of study). An area of university study that includes courses in Anthropology, Communication Studies, Criminal Justice, Cultural Studies, Economics, Education, Environmental Studies, Geography, Global Studies, Governance, Health Administration, Human Resources Management, Human Services, Industrial Relations, Indigenous Studies, Labour Studies, Legal Studies, Political Economy, Political Science, Psychology, Social Science, Sociology, Sociology/Anthropology, and Women's and Gender Studies.

Stale dated courses: A course or program will not be accepted for credit if older than the stale date noted for the program.

Student. A person enrolled at Athabasca University.

Student awards/scholarships. Refer to [website](#).

Student Code of Conduct and Right to Appeal Regulations. Student offences and penalties are identified within the [Student Code of Conduct and Right to Appeal Regulations](#).

Student, full-time. See [Full-time student](#).

Student ID number. The seven-digit number assigned to each student. Always use your [student ID number](#) when you contact AU.

Student, part-time. See [Part-time student](#).

Supervised labs. Compulsory learning activities in some of AU's science courses that take place in person at specified times and locations. These lab sessions concentrate a great deal of work in a short period of time—usually from two to eight days. The sessions are conducted in teaching laboratories in buildings owned or leased by AU. [Science lab information](#).

Supplemental examination. A secondary midterm or final examination written by a student in an attempt to improve the final course grade.

Syllabus. See [Course syllabus](#).

Synchronous communication. Synchronous communication is live. It describes communication that occurs simultaneously; for example, chatrooms, teleconference, and videoconference. See [Communication](#).

T

Transcript. An official document issued by AU that conveys information related to the [Official Student Record](#).

Transfer credit. Credit granted for the successful completion of post-secondary level courses or programs completed at another recognized organization or institution.

Tutor. A tutor is an academic staff member who guides students through a course and marks assignments and exams. This staff member is like a professor at a traditional university setting. Not all AU courses have a tutor assigned. Some have academic experts.

U,V,W,X,Y,Z

Unclassified (non-program/visiting) students. Students who are not enrolled in an AU degree, diploma, or certificate program. See Admission Classifications.

Undergraduate studies. Post-secondary studies leading to an award of a bachelor degree, diploma, or certificate.

Unwritten Examination. An exam which a student has requested, but did not write. Refer to Unwritten/Multiple Examinations.

Virtual Helpdesk. The Virtual Helpdesk (VHD) provides computer science students technical assistance with their courses. The VHD is staffed by senior students and should not be confused with AU's Computing Services Helpdesk.

Visiting students. Students taking courses at AU for transfer credit to another post-secondary institutions. Unclassified (Non-Program/Visiting) Students.

Wait-listed courses. A course is wait listed if Learning Resources are not currently available for that course. Students are given the option of placing themselves on a waitlist until Learning Resources become available.

Withdrawal. The process of withdrawing from an AU course. Withdrawal timeframes are important to monitor since the timing of a withdrawal may have bearing on what is recorded on the academic transcript.

Zero-credit course. Students in zero-credit courses receive the same academic support, have access to all services provided to AU students, but the courses won't fulfill any requirement towards a credential. Zero-credit courses are assessed the same fee structure as three-credit courses minus the Students' Union Fees and Alumni Fees. Other academic-related fees and regulations also apply to zero-credit courses.
